# Welcome!

A Gathering in the Badlands

Dear Friends,

*Welcome to the fifth "Gathering in the Badlands" sale to be held in Medora on March 8, 2011. This year has brought on lots of memories, first in the spring, then of winters past, and now of late again it has been a challenge just to get chores done some days. Chains became a necessity on the feed pickup and it reminded me it was about that time that my Dad would bring the team in and begin to feed cows off the hay sled. A reminder that nature runs its course and not much in the end is really in our control.*

*We invite everyone to join us on Monday evening, March 7th for prime rib dinner and a short program sponsored by Pfizer. It is always good to be able to have the extra time to visit and find out the latest on beef cattle management. I am sure you will find the information beneficial and the food outstanding. Birdie and Mony and the crew always do an exceptional job preparing an excellent meal.*

*This year's offering will again be a joint consignment between Open A Angus and Heart River Ranch. The bulls were developed to grow naturally, to provide for longevity and optimal fertility and function. Ultrasound information can be mailed out or emailed prior to the sale if you wish and printed copy will be on hand on sale day. If we can assist you with any pre sale selections, please feel free to contact us or one of the sale reps.*

*Every year the bar seems to be raised in terms of the challenge of raising beef as efficiently as we possibly can and low inputs, live calves and productive cows all make it possible to meet that challenge. With the highest input costs ever the current cattle prices are certainly welcome but underlying it all is the assurance that the market will run its course and the ability to be positioned to endure the backside of the market will be critical. We have made rigid selections in both operations for cattle which carry their weight in all aspects of performance.*

*Bulls will be on hand both days for viewing right at the Medora Community Center in downtown Medora and prior to the sale at each respective ranch. Please don't hesitate to let us help you with any questions you may have on the cattle. We always look forward to seeing old friends and meeting new ones at the sale. We appreciate your business and friendship and look forward to the chance to share some time together over some great food on March 7th and 8th. Hope to see you all in historic Medora.*

## Announcements

Errors discovered in the catalog will be corrected by announcements from the auction block at sale time and such corrections will take precedence over the printed matter in the catalog.

## Liability

All persons who attend the sale do so at their own risk. Neither the owners, management, sales staff, facility or any person connected with this sale assume any liability, legal or otherwise, for property loss or for any accidents that may occur.

## Delivery

Free delivery to central points up to 500 miles. Balance will be at cost. We will make every effort to assist in deliveries of greater distance or by private arrangements and volume purchases. Delivery will be made at our convenience.

### Feeding and Development of Bulls

All bulls of HRR and Open A were weaned in late October and received no creep feed with the exception of a few Open A bulls that were ET calves produced at a recipient herd. Calves received their preweaning and weaning vaccinations and were handled in every respect as all natural. Bulls were fed to gain 2.5# per head per day on a 1% grain and by product ration. Bulls were fed free choice mineral, salt and hay. We took yearling weights at approximately 105 days post weaning with no post weaning adjustment period or warm up period. Our intent was to grow out the bulls for maximum longevity and integrity of the bull.

### Historic Photos

All of the historic photos in this catalog were taken by Inez Kessler, Annette's great grandmother, in the early 1900's (1905-1908). Inez was the only person to have a camera in the area and, as a result, she took pictures of many people and events. The town of Gaylord was located about 13 miles south of Belfield, ND, along US Highway 85. The Gaylord Post Office and Store was a stop for traveler's going south. This building still stands at the Curt Molm place.

### FCCP Tags

Customers purchasing a Red Angus bull will be eligible to receive one bag of Red Angus Feeder Calf Certification Program ear tags per bull purchased at seller's expense. Each customer must complete paperwork to receive the tags. If the customer would like additional tags it will be at the customer's expense.

### Storm Date

In case of sale postponement please listen to the Northern Ag Network, KLTC 1460 AM or go to [northernag.net](http://northernag.net) or [ndstockmen.org](http://ndstockmen.org) for any postponement announcements. Postponement sale date is set for pre-sale activities: March 8, 2010 and Sale: March 9, 2010. In the event of having to postpone to another sale date please go to the NDSA website at: [www.ndstockmen.org](http://www.ndstockmen.org).

### Sale Terms & Conditions

The terms of the sale are cash. No release will be given until satisfactory settlement has been made. We reserve the right to withhold animals from shipment for whom payments have not been received prior to departure. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final.

All sales are subject to an acceptable semen examination. Semen evaluation certificates will be furnished to the buyer.

Bulls will be carcass ultra sounded before the sale. Data sheets will be provided at the sale.

Health certificates and brand releases will be furnished for shipment anywhere in the United States.

Each animal carries a readable tattoo or freeze brand.

All bulls sell fully guaranteed to be fertile and reproductively sound according to the terms and conditions of the Red Angus Association of America and the American Angus Association.

**Breeder's Guarantee:** All bulls are guaranteed to be breeders. All claims for adjustment or refund must be made in writing within six months of the sale date. In the event a bull is claimed to be a non-breeder, the purchaser may return the animal to the ranch of the seller if in good condition and complying with the health requirements of the Seller's state. The Seller will be entitled to six months trial following the return of the animal in which to prove that the animal is a breeder. If at the end of six months, the Seller shall be obligated to replace the animal with another of equal value or to refund the purchase price. The return of the full purchase price shall in any case be deemed full satisfaction and settlement. If the Seller proved the animal to be a breeder, it shall be the obligation of the purchaser to take delivery of the animal at the purchaser's expense.

**Implied warranty:** Except for those stated in the terms and conditions, there are no warranties or implies, as to merchantability or fitness for a particular purpose with respect to the cattle being sold in this auction. The warranties set forth in the terms and condition are in lieu of all other warranties, either expressed or implied and the remedies provided therein shall be the sole and exclusive remedy of the buyer, or any party claiming through the buyer, for any breach of warranty or guarantee therein provided and all other obligations or liabilities.

### Health

Bulls and Heifers were calfhood vaccinated with 4 way, and 7 way. At weaning, calves were given 5 way, 7 way and One Shot, boosters were given of 4 way and 7 way. Calves were also poured with Dectomax and given foot rot and pinkeye vaccine. All bulls will be vaccinated and wormed prior to delivery. Cow herd vaccinations include Preg Guard Gold. Heifer's are bangs vaccinated.

### Semen Interests:

Heart River Ranch and Open A Angus are each respectively retaining 50 percent revenue-sharing semen interest in every bull selling in this sale. Full possession and full salvage value sells on all bulls. If a buyer chooses to collect and market semen, the seller will share proportionately in the collection costs and the revenues earned. In the event that the seller chooses to collect semen for "in herd" use, it will be done at the seller's expense and at buyer convenience. Semen will be made available to buyer at cost.

### Insurance

Ownership risk to purchaser commences when the auctioneer's hammer falls. Insurance will be available sale day. It is recommended that buyers insure their purchases for safe delivery. Purchaser assumes the risk of death or injury to their livestock immediately after the sale.

The year 2010 was a hard year for us as we lost our parents, a couple of relatives and some really good friends. We take this opportunity to acknowledge these people and pay tribute to them for all they have done for our family. They have all shaped and formed us in some way or another and we are grateful to them for being part of our lives and being good role models and standing by us through the good and the bad. May they all rest in peace ...

**The Man In The Glass**

When you get what you want in your battle for gain,  
and the world makes you king for a day;  
just go to the mirror and look at yourself,  
and see what the man has to say.

It isn't your father, your mother, your wife,  
whose judgement upon you must pass,  
but the one who's verdict counts most in your life  
is the man looking back in the glass.

You may fool the whole world in  
this circle of life  
and get pats on your back as you  
pass;  
but your only reward will be heart-  
aches and tears,  
if you've cheated the man in the  
glass.

He's the one you must satisfy,  
above all the rest;  
for he's with you right up to the  
end,  
and you've achieved your most  
difficult task  
when the man in the glass is YOUR  
FRIEND.

*Data was a unique bull in that he had exceptional growth at weaning (top 14% of breed) but was able to limit mature frame leading to efficient moderate size productive cows that calve easy (top 7%) and continue to have an impact in our herd. He has positive marbling and rib eye while providing fleshing ability to offspring at a moderate mature size. In an era where balance for the optimum performance is desired, Data progeny have great dispositions. 2 sons sell.*

We selected this bull to use to follow his great sire Red YY Red Knight 640F. 7153 was a standout as a calf and posted top performance ratios across the board at the Milk Creek 2007 sale. His dam has a 105 MPPA and is one deep, moderate, wide-based cow that has proven calving ease with strong performance. We have six sons to offer this year. We alternate natural use with Diamond B Red Angus and he has done an exceptional job in Don Bottrel's herd in MT. 7153 will add depth of body with performance backed with a strong maternal ancestry. 6 sons sell.

*An out cross bull to start the sale out of Norseman King 2291 and a donor cow we purchased from Milk Creek Reds. An ET calf that went gangbusters after weaning. His phenotype is striking and he is structurally correct with a lot of rib and top in him. His dam goes back to the 251 cow, a Rambo 502 daughter and Red Lightning. Should provide efficient growth and fertility. Don't let the weaning weights on these ET calves concern you they endured a round up, road trip and quite a bit of shrink before they hit the scales on weaning day.*

### **BCRR OLIVE 902W** (Reg. #1308590)

Quinn and her NILE Merit heifer donated by Rob and Brenda Brawner, Bullis Creek Red Angus, Wood Lake, NE

**Lots 31, 32, 33, 34**

Two sets of flush brothers out of the powerful SAV Madame Pride 2330 cow. One mating out of the rare DHD Traveler 6807 bull and an interesting mating out of KMK Alliance 6595 187. These bulls combine style, thickness and volume. The dam is a big volumed, easy fleshing donor out of the much sought after SAV Final Answer 0035. This is a rare opportunity to get sought after genetics in a unique genetic package.

*This is a powerful bull that is wide topped, smooth, deep bodied and very structurally correct. This bull has a lot of potential and his dam is a very angular and structurally sound cow with lots of volume. His registration and EPDs are pending due to the American Angus Association updating his dam's parentage DNA. The yearling weight is actual weight taken on February 6, 2011.*
