# Red Gold Rush 2011

Welcome to the 2011 NILE Red Angus Sale

Within Red Angus circles, the NILE has been one of the most prestigious sales in the world. Past sale management predecessors like Jim Leachman/ The Red Connection, Paul Haugen/The Red Dimension and Seth Leachman are a very big reason for the success and world stature of this event. For me, these are certainly very big shoes to fill. While this year's sale management is a change, the quality of the cattle and Red Angus producers consigning to this auction isn't. The prestigious NILE Red Angus sale has been built on a solid reputation of progressive breeders that raise some of the elite and breed-leading Red Angus genetics anywhere. With the large

numbers of quality Red Angus cattle coming from Montana and the surrounding areas, I can assure you that 2011 will be as much a showcase of the best-of-the-best that the Red Angus has to offer as in any time in the past.

Red Angus buyers from across the country have relied upon the NILE as an opportunity to upgrade their herds and to "peer into the future" for what Red Angus sires and genetics they might want to use. 2011 will not disappoint you. There are cattle and embryos from some old-time, proven genetics as well as the newest cutting-edge superstars that will influence the next generations of Red Angus cattle. I encourage you to study this catalog with vigor and excitement. We have listed the consignors contact phone numbers with each lot and I also encourage you to contact the producers or myself for any questions you may have regarding any of the lots in this catalog.

Please make plans to attend all of the Red Angus activities during the 2011 NILE. If you cannot attend this event, please feel free to call me for an unbiased representation of the cattle. I will be glad to handle your bids from the block or can set you up with a ringman or buyer representative on sale day.

I look forward to seeing you in Billings, Mont., October 19 – 21st.

Best Regards,  
Kyle Gilchrist

*Blockana Y98 is a very balanced heifer, both in phenotype and on paper. Her maternal grand dam is the powerful 4225 cow that Chuck Feddes flushed until she was 15 years old, and her great granddam (502-5185), is the foundation of all the Blockana females carrying the Feddes prefix. Her sire is a bull produced on the ranch and one they have used heavily in their program. His sire – SUNR Grand Cherokee 909N – is one of the*

*well-balanced bulls of the breed with breed-leading WW and YW, and in the top 1% for REA. His maternal granddam has been in the elite Feddes donor program and her first two calves were selected for NILE. This calf is a twin to a heifer, with the dam raising both calves, On August 31, Y98 weighed 590, and her twin weighed 570. Thank you, Chuck and Carol, for your generous donation!*

*29 Years of Generosity...  
Generously donated by Feddes Red Angus*

**Donation Heifer Auction Procedure**

1. The final bid in each round will determine the amount of the bidder's donation. (i.e. Round #1 – Final bid is \$300 to John Doe. John's donation is \$300.)
2. Each \$10 donation represents one chance in the final drawing.
3. One ticket for each \$10 donated will be put into the drawing, held at the end of the sale.

Funds raised from the Donation Heifer Auction go toward supporting the Montana Red Angus Association and advertising placed in regional publications throughout bull sale season promoting Montana breeders.

**SIRE**

*The NILE Sale has always been regarded as one of the elite auctions to acquire Red Angus genetics and the embryo offering in 2011 is a further proof of that. This excellent mating*

*combines Hoss, the bull used extensively in the Pieper program of Nebraska with one of the fantastic Blockana cows from the Feddes program. The Donor Dam posts a 105.6 MPPA with incredible EPDs in the top 3% of the breed for Milk & TM and a top 25% REA! If you've ever dreamed of owning progeny from one of the premier Red Angus cow families in the world, Lot 2 in the 2011 NILE is your chance!*

## NILE Red Angus Futurity

This is the third Annual NILE Red Angus Heifer Futurity. Every animal lotted in the sale is eligible as well as any animal that is out of a NILE graduate.

A panel of three judges will select a Champion and Reserve Champion Female on Wednesday evening, October 19, starting at 6 p.m.

The Grand Champion will be awarded \$1,500 in cash and prizes, and the Reserve Champion will receive \$700 in cash and prizes.

If the Futurity Champion is also named Open Show Champion, the Montana Red Angus Association will add an additional \$300 to the purse.

### Future Years

Every female that sells in the 2011 NILE sale and their progeny are eligible for forthcoming NILE Futurities! We hope to continue expanding our prizes as participation grows.

Since Don & Connie were at the hospital in Denver, they asked Dave & Kay to pick out their consignments. It wasn't hard to find this beauty. Posting a Weaning Ratio of 111; she definitely has some power. Go figure ... her dam also went through the NILE sale; Rosebud Reds purchased her from

Milk Creek in 2007 and she has proven to be a very good investment, posting a 103.4 MPPA in the Rosebud Reds program. 025 has been pasture exposed to VGW Vision 009 (Vic Westfall's high-selling, high-performance, calving ease bull of 2011). Due to calve 3/04/12.

Here is one of Bullis Creek's favorite replacement heifers and has always caught their eye since birth. You know the kind- the one that you always see no matter which direction you look. Her dam is a model cow that is by Bieber Top Money- a maternal brother to Make Mimi by Red Moon. 012 will follow in her dam's footsteps- developing into a long bodied, capacious cow with a good udder and easy fleshing ability. She is by Atlas 867, a Norseman King grandson that was the high selling bull in the 2009 Feddes bull sale. His dam by Canyon is a maternal

sister to the dam of Feds Big Sky. Atlas 867 which sired Bullis Creek's high selling bull this spring at \$7000 and his sons produced their largest rib eye scans with 11 sons that had an average ratio of 104. Expectations at Bullis Creek are for their Atlas daughters to be really good cows with lots of maternal and yet still be very easy fleshing. This gal comes with a pretty good coupon - she was AI bred to this year's NWSS champion bull. AI bred to Red Northline Fat Tony (1299911) on 6/1/2011. PE to Red Flying K Wizard 78X-Can 15636216- 6/28/11 - 7/28/11.

1.8	35	73	17	35					4	-0.03	0.04	49	-0.05	-0.01

This eye catching gal grabs your attention the minute you spot her. If you had only one word to describe her, it would be "presence". She cuts a striking profile- correct, fancy and feminine. She is bred to wear a halter and walk the tanbark but that won't be the end for her. She has the makings and ancestry to be a top brood matron in any herd. Sired by the past National Grand Champion bull - "Majestic Lightning"- she inherited her sire's

look and style. On her dam's side is a long line of consistent cows that get it done every year. Her dam is by SSS Illusive-a Boomer 803B son back to a Zama Pine daughter bred in the Sibbald herd in Alberta. Form and function combine on this heifer so plan on checking her out and making her your next herd addition.

A stand out from birth, Summit was one of the top performing bull calves at Bullis Creek. He was shown at the NILE in 2009 where he was Reserve Bull Calf Champion. His dam sports an MPPA of 107 and is from the Opal cow line- one of Bullis Creek's strongest cow families that originated at Sodak Angus in Reva, South Dakota. She is by Executive, a sire noted for producing highly maternal daughters with lots of substance and style. The next dam is a really good Cherokee Canyon daughter. On the sire side,

Summit is by the incomparable breed stalwart "Mulberry 26P". We have used Summit at Bullis Creek and intend to keep using him via AI. Since Mulberry semen will be off the market as of the 1st of October Summit will take his sire's place in our breeding program. The 1st calves by Summit averaged 76 pounds at birth with all born unassisted. The calves appear like they will have their sires above average performance. Selling ½ semen interest and full possession.

Check out the spread from 78 lb. BW to 704 lb WW. This powerfully, explosive Lancer F-N045 heifer could add some excitement to nearly any program. Her Larson Red Lightning dam is a beautifully uddered, deep ribbed cow that certainly is deserving of placing a daughter into the Presti-

gious NILE Auction. Don't overlook the fact that she is a late April baby – if you have an April slot in your showstring, Lancer Breeze 4281 could easily fit that hole.

As I have mentioned several times already, the NILE offers Red Angus genetics that you rarely get the opportunity to buy. C-T Verdi is another of those rare chances at some of the breed's top genetics offered in a stylish and halter broke format. 1104's dam is an unbelievable Norseman King

X Red Lightning grand daughter that touts a 104.9 MPPA within the C-T herd. Her numbers, stats and performance data speak for themselves. Now come to Billings to see this amazing January heifer by King Ram!

### SIRE

This mating brings together two of the most exciting combinations of Red Angus genetics available in 2011! Grand Statement was the high selling bull in the Feddes / C-T bull offering

this past spring and is now a major influence in the ABS Global line-up. The Donor Dam is a maternal sister to one of the breed's legends – Larson Red Lightning – and sired by one of the extreme, all-time patriarchs of the breed . . . Rambo 502! If this lot doesn't sail your boat, you better pull up anchor and drift off into uncharted waters.

Matings like Marigold S231 and Mission Statement are exactly what has brought the beef industry interest to the Red Angus breed. This super, hard bodied cow offers an impressive 104.8 MPPA, being proven in both the Buffalo Creek and C-T operations. With Buffalo Creek dispersing their herd, these top females will continue to gain in value as they get scattered and lost with time. Mission Statement is a bull that has been relied upon the last several years by nearly every top Red Angus herd in the country for reliability in calving ease, growth and mostly for carcass traits posting a .34 MARB and .97 REA! Packer is another very high profiling bull in the breed today and offers exceptional growth and carcass abilities with style. His list of Red Angus sale toppers the last year abound across the country and in sale ring after sale ring. If want the best-of-the-best, better get geared up to buy these sensational embryos at the 2011 NILE.

Year-after-year and sale-after-sale, the top females in any breed continue to produce top selling calves. This heifer is the result of the NWSS Mile High Classic high selling embryo lot in 2010. Ron & Esther saw the value and grabbed the chance in Denver to invest in the future of their Red Angus program. SSS Pursue is regarded in Canada and across the U.S. as one of the best female making machines this breed has ever seen. Com-

bine that power with a New Trend X Hobo 1961 daughter from the Lakme cow family and I don't think any serious Red Angus breeder could argue the fact that this heifer calf will produce progeny for one of the future Big Threes – NILE, Reno & Denver. If you like the bright lights and want to put your program on an ever increasing playing field, this heifer selling October 21st could be your entire future. Make plans now to own her!

SERVICE SIRE

The Milk Creek program is renowned for balance and the complete package and this outstanding bred heifer hits the target ... bullseye! Sheba 048 ranks in the top 6% of the breed for WW, top 5% for YW, top 6% for TM, top

8% for HPG and top 6% for REA. Sound feet, leg structure, udder design and deep rib capacity are another virtue of the Milk Creek cattle. Bruce purchased her sire at 5L before OS testing was available and later that spring when it became available, he tested out to be a carrier. This heifer is tested OS Free (and will be rare in the future). His first progeny ratioed 106 in their herd at weaning and have good phenotype to go along with their performance. Her dam is a 102 MPPA cow from the Sheba cow family A.I. bred to Lacy King 9240 (#135633) for a 3/7/12 calf.

DAM

Lakina 1019 is another exciting entry from Milk Creek Reds. She is one of the youngest calves in their weaning pen but was challenging many of the older heifers in the pasture for

size and performance. Due to her age, she ratioed individually at 100 but with a 732 lb weaning weight, you know she's got plenty of "gas in the tank"! Her dam is a powerful 106 MPPA Shoco Data daughter that exemplifies the Milk Creek program with an outstanding udder, excellent feet and legs and a huge capacious rib cage. If you need an April show heifer that will make a great cow, here she is!

From the big, open country of Lodge Grass, Mont., comes this super hard-bodied, sound, functional Tradesman bred heifer from Scotty Knaub. Tradesman is the highly maternal, calving ease specialist (top 4% Milk & CEM) and IMF great (.28 MARB) that combines Tradition with the Lakota cow family. KCC Ruth X091 is a maternal grand daughter of past NILE

sensation – Glacier Logan 210 that continues to produce outstanding, highly productive females at the age of 19 (he's also still in the top 2% of the breed for CEM & Stay and top 3% for MARB). A.I. bred (confirmed safe) 4/30/11 to KCC Break Thru W972 (1316073), the Midland bull that sold to Holden Ranch.

This fabulous February heifer showcases one of the highlights in the 2011 NWSS Mile High Classic Auction where her sire sold for \$39,000 to Chatburn Ranch of Oregon. These Stout 107U calves will start popping up across the country once cattlemen get a glance at the likes of KCC

Rose Y124. She comes from one of Scotty's top Goldrobber daughters posting a 102.4 MPPA. Pound for pound, this February heifer can get 'er done! Watch future top Red Angus auction offerings – I'll bet she's in the pedigree as a top-producing dam.

Millie 1554 offers about as much perpetual motion from 68 BW to 721 WW (other than her compadre selling as Lot 26) than any other heifer in the auction. While her sire isn't a highly promoted A.I. stud, she has the goods to make an unbelievable addition to any Red Angus herd. With a

line-bred Millennium dam posting a whopping 107.4 MPPA, she exemplifies the beauty of the NILE and auctions like it. Regardless of previous promotion and "big-dog advertising dollars," top quality rises to the forefront of the offering ... Kanyon Millie exemplifies just that.

When I took on the project of managing this year's NILE auction, I didn't know Arley or Francis Koenig but after receiving their heifer entries, I am not sure I will forget them. Cherokee Lass 1207 offers explosive growth from her 72 lb BW to 738 lb WW and also comes from a top Koenig cow

posting a 103.6 MPPA. When cowboys "roll their goods" to the NILE, they know they must be cocked and loaded – I would say the Koenigs certainly came loaded for bear in this year's Prestigious NILE.

# 29th Annual Prestigious NILE Red Angus Sale

These next heifers come from the "always exciting" Majestic Meadows program of Maryland. Of course they are sired by Mark's past National Grand Champion Bull Majestic Lightning – the bull that is proving to be much more than just a "pretty boy." Majestic Lightning ranks in the top 4% of the breed for WW, top 7% for YW, top 11% TM and top 3% for

CW and more importantly is siring sale toppers across the country. These heifers are a product of the 2009 NILE where their dam was a top selling bred heifer for Ludvigson Stock Farm. These heifers are another example of the great ones that sell at the NILE and return with progeny to this prestigious event!

SRR Dorothy 028-8016 is a moderate framed heifer with plenty of style and capacity. The outcross genetics on both the top and bottom side of the pedigree should certainly make her a top prospect to add new bloodlines to your Red Angus program. Her sire – Basin Future Direction 7303

is proving to sire daughters with above average growth, great muscle pattern and excellent udders. Ultrasound data confirms due date of Feb. 6 to Fritz Grand Oscar 8014, reg. #1255315.

SRR Lakota is another daughter of a past NILE graduate who proved to be very fertile and productive, producing a flush mate at the top at the SR 2011 Bull Sale, while another was added to SRR herd sire battery (calves due spring 2012) and another will be in SRR Buyer's Choice Sale October 20-25. Lakota 162-027 is super thick with a real broody look – just what

you would expect from a King Rob X Logan 210 dam with a 103.2 MPPA! Her sire is the highly regarded Ultimate Direction bull from the Peacocks of Texas, combining Lancer with their famed Selma cow family. A really solid February heifer in this outstanding offering!

**SIRE**

*These embryos come from one of the elite Red Angus females in the breed. SRR Flo Marie 150-185 was the high selling, premier lot in the Strawberry Ridge Female Sale last fall selling to Laubach Red Angus and*

*was also the dam of Strawberry Ridge's 2010 NILE bred heifer. It doesn't stop there though, she is still an integral piece of the Strawberry Ridge's program with many of the elite top young cows still in the herd. Her bulls have always sold well through their annual production sale. Lancer is certainly no stranger to Red Angus circles, with superior carcass characteristics of .16 MARB and .65 REA with very high and proven accuracies.*

Redberry 411 is a very deep and soggy heifer from a moderate-sized Major League daughter carrying a 102.3 MPPA. Her sire is the \$19,650 syndicated 1/2 interest bull from TJS Red Angus that is proving himself to be a phenomenal Red Angus breeding bull. Lots of style, lots of performance

and lots of money generating opportunities are what the Berry Cherry calves are all about. Be sure and check out this fancy February heifer calf from the NILE record-setting operation (\$62,000 heifer calf 2005)!

Wow! How amazing can this embryo offering get? The Donor Dam to Raisland's embryo package is none other than the dam to LCB Hoss A444N, the sensational herd bull used for

years in the Pieper Red Angus program of Nebraska. She was also the donor to some of the highest valued embryos (by Berry Cherry) in the 2010 Bet On Red Sale in Reno to Orchard Cattle Co. of Berthoud, Colorado. Sired by Fine Line Mulberry 26P – one of the most sought after herd bulls in the world the last two years, these embryos will be as good as it gets in the Red Angus world for years to come!

RED Romania is a long bodied, good structured heifer from a 10-year-old dam that has produced a calf every year for the Redlands. A key element in beef profitability is longevity and staying power and this heifer certainly has the cow family to offer that. Rambo 502 was a top Midland gradu-

ate years ago with limited access to his genetics and was only available through Bootjack Ranch, Panhandle Cattle Co. and Redland Red Angus. Here is a chance to get a rare Rambo female carrying a heifer calf to HXC Conquest 4405P bred on May 12, 2011.

RED Martina is out of a cow that has been in the Redland herd for 10 years and not only is still going, but posts an MPPA of 104.7. Her sire – Red Mark 5209 – is a bull produced by the Redlands combining Milk Crk Cub with Sandman. He has been used on both cows and heifers in the

Redland program. He is a deep bodied, thick made bull that passes this on to his offspring. She is bred to RED Copper Top 743 on May 12, 2011. He is a Copper Top Chief 301 son. A chance to get a rare combination in this bull calf she is carrying.

and .50 REA. Her sire continues to dominate the Red Angus data base with EPDs B -0.0 W 47 Y 101 M 17 TM 41 HPG 19 ST 12 MARB .34 REA .97! If you don't own a Mission Statement daughter yet, you had better put SGJ Red Fancy 391 on your "hit list" for October 21st!

# 29th Annual Prestigious NILE Red Angus Sale

Here come the Berry Cherries!! The next three lots are sired by TJS Berry Cherry 8801, the syndicated \$19,650 1/2 interest bull selling at the 2008 RAAA Convention in Cheyenne, Wyoming to Knaub Cattle Co., Lee Ranches, Raisland Red Angus, Fehrman Red Angus, Severance Red Angus and Little Creek Farm. They are proving to be exciting, muscle packed calves with lots of style. Come check for yourself – they are

“heads up” good! Y170 is from a top Shick Fire Fly cow and Y125 comes from a first calf heifer doing an incredible job at sending a daughter to the Prestigious NILE on her first attempt. If you can’t afford to spend \$19,650 on a herd bull, do the next best thing – buy some daughters ready to put right into the heart of your Red Angus program!

1	1.7	48	92	16	39	5	7	5	9	0	0.12	58	-0.02	0.01

Calving-ease, growth, maternal and style ... 914W is the real deal! He is a long, deep-sided bull that has an abundance of muscle and bone. His low birth weight EPD and his extremely stylish front end qualify 914W as one of the few calving-ease bulls that will add muscle mass and value to his calves. His dam has produced

back-to-back champions and both calves rank high in breed averages for weaning and yearling weights. 914W is sired by Red Fine Line Mulberry 26P, one of the hottest sires in the Red Angus breed, and out of the great Brenda cow family. Calving Ease, Growth, Maternal and Style...HE HAS IT ALL! ORlGen will donate FREE Ground Shipping to anywhere in the US.

**GMRA TRILOGY 0226**

#1367533

Donated By: **Green Mountain Red Angus**

CED	BW	WW	YW	MILK	TM	ME	HPG	CEM	STAY	MARB	YG	CW	REA	FAT
5	-2.4	40	76	21	40	5	12	6	14	0.24	-0.04	42	0.31	0.02

Here is the top-selling bull out of Green Mountain's 2011 sale, sired to Accelerated Genetics and Bowden Red Angus for \$16,000. His maternal brother, GMRA Make It Easy 8226, is also at stud with Accelerated Genetics. His dam has an MPPA of 104, his granddam has an MPPA of 103 on 7 and his great granddam has an MPPA

of 109 on 7. Enormous birth-to-growth spread on this bull combines with the maternal power in his pedigree. He turned in a REA ratio of 114 and 10 of his 15 EPDs are in the top 24% of the breed.

**RED FLYING K WIZARD 78X**

CAN #1563621

Donated By: **Bullis Creek Ranch**

CED	BW	WW	YW	MILK	TM	ME	HPG	CEM	STAY	MARB	YG	CW	REA	FAT
1	2.6	34	69	10	27	11	2	12	-0.02	-0.15	46	0.43	-0.02	

This Mission Statement grandson is extremely well balanced, sound and very eye appealing. Long bodied and correct, this bull was one of the highlights on the Flying K bull sale in Swift Current, Sask. Canada. Look for tons of growth and stretch in his offspring as he had a yearling ratio of 122.

64

**C-T VERDICT 1013**

#1365757

Donated By: **Bullis Creek Ranch and C-T Red Angus**

CED	BW	WW	YW	MILK	TM	ME	HPG	CEM	STAY	MARB	YG	CW	REA	FAT
3	0.5	31	62	18	34	1	8	-6	11	0.31	-0.25	38	0.92	0.02

This deep dark red Norseman King son was one of the top performers on the Feddes/ C-T sale this spring. He scanned a 16.8 adj RE with a 122 ratio and had a IMF of 4.57 with a ratio of 128. He is attractive and will catch your eye with his extra length, moderate frame and great feet and legs. His dam by Cherokee Canyon

has been very productive as she also produced the leadoff bull in the 2009 sale.

65

**FEDDES ATLAS 867**

#1235097

Donated By: **Bullis Creek Ranch and Feddes Red Angus**

CED	BW	WW	YW	MILK	TM	ME	HPG	CEM	STAY	MARB	YG	CW	REA	FAT
5	0.9	33	64	23	39	2	12	1	6	0.14	-0.18	40	0.65	0.01

We own this bull with Chuck Feddes. He was the high-selling bull on Chuck's sale in 2009 and out of the same cow family as Big Sky (dams are maternal sisters). The bull had 16.38 REA with a 119 ratio, 3.78 IMF with a 99 ratio. He sired our high-selling bull on our sale this spring at \$7,000, and his females have the look

of making awesome cows.

66

**C-T GRAND STATEMENT 1025**

#1365711

Donated By: **C-T Red Angus, Gill Red Angus, Bryan & Kristen Gill, Larry & Janet Gill, Lucht Red Angus and ABS Global, Inc.**

## TJS BERRY CHERRY 8801

#1231054

Donated By: TJS Red Angus

CED	BW	WW	YW	MILK	TM	ME	HPG	CEM	STAY	MARB	YG	CW	REA	FAT
2	0.4	43	82	18	39	2	7	3	11	0.34	0.22	50	0.16	0.09

TJS Berry Cherry is a Mulberry son out of an outstanding Cherokee Canyon cow. We are into Berry's second calf crop and have not been disappointed. They are moderate calving with performance, great eye appeal, moderate frame, and his carcass scans have been very good. Berry truly meet our expectations. Semen is

located at World West Sire Services.

## Terms and Conditions

1. The sale is accurately defined as a consignment sale.
2. All animals sell with proper registration certificates at the seller's expense.
3. Any errors or changes in information contained in the catalog will be announced from the auction block and such announcements shall take precedence over information in this catalog.
4. All animals are guaranteed to be breeders by the individual consignor and sell fully guaranteed as outlines in the RAAA Code of Ethical and Safe Practices.
5. Terms of the sale are CASH.
6. All persons who attend this sale do so at their own risk. The seller, the sale manager, the NILE and the Montana Red Angus Association assume no liability for accidents that may occur. It is to be clearly understood that the Montana Red Angus Association and its representatives act only as a medium between buyer and seller.
7. The above terms and conditions shall constitute a contract between the buyer and the seller of each animal sold.
