Cedarflo Angus Ranch

Annual Production Sale
Wednesday,
February 23, 2011

Registered Angus Since 1948 • Performance Tested Since 1968

All sale animals are free of any known genetic defects.

PRE-SALE INSPECTION: At ranch until Feb. 21. Directions: 13 miles north of Highway 8 and 12 Junction to 14th Ave. NE; or 13 miles south of Highway 8 and 21 Junction to 14th Ave. NE, then 3 miles west and 1/2 mile south. Bulls will be at Lemmon Livestock from Feb. 21 on.

HEALTH: All animals have gone through a comprehensive health program. Health papers will be furnished for cattle as needed.

FEMALES: All females sell as purebred, unregistered animals. Registration papers are available at an additional cost.

ULTRASOUND AND YEARLING DATA: Available sale day or on our website as soon as the information is available.

DELIVERY: Free delivery of bulls up to 250 miles or deduct \$50 if you haul sale day. We will assist in making arrangements for longer distances and for female purchases.

TERMS AND CONDITIONS: Terms of the sale are cash. All animals sell under the terms and conditions as adopted by the American Angus Association. Statements made sale day take precedence over printed information.

We are not responsible for accidents or injury. All persons attending the sale do so at their own risk, legal or otherwise.

Auctioneer:

Complimentary Lunch Before the Sale

Please bring this catalog with you sale day.

Thank you and see you at the sale!

Welcome

Hello friends and neighbors!

We hope the year has treated you well. Here at Cedarflo Angus, it's been another busy year. Once again, we can thank Mother Nature for that. However, we can be thankful for the moisture. Hopefully this winter leads into another productive spring and summer.

Cedarflo Angus started with a couple registered Angus cows in 1948. In 1949, a herd bull was purchased from the Valley City Winter Show. We still have the pens in the barn where each animal was kept. They are used for other purposes today, but the idea remains the same.

Our grandfather and great grandfather put their faith in this breed which we continue with to this day. The Angus breed is known for moderate frame, calving ease, carcass traits and docility. We strive to display the best of these traits with the genetics chosen. The animals found in the rest of the catalog are the product of over 60 years of one great idea. We hope you agree.

All animals in the sale have been raised on mother's milk and grass. Our 205-day weights are a true representation of each animal's genetic capability. Once off the cow, the calves are fed a high-roughage ration supplemented with just enough grain for them to exhibit their individuality without developing health problems associated with too much gain. We use a feed and mineral supplement to promote animal health and condition them for the upcoming season.

As always, the animals have undergone a comprehensive vaccination schedule. The yearling weights, ultrasound information and actual scrotal measurements are gathered too late to be included in the catalog. This information will be available sale day. Also, all animals are free from all known genetic defects either by DNA testing or by having no ancestral lineage to carriers. If you have questions about any of these comments, please contact us. We look forward to hearing from you.

If you have questions about any particular animal or group, they will be available for viewing at the ranch until Feb. 21 at which time they will be taken to Lemmon Livestock. We enjoy hearing from our customers and welcome any questions or feedback. You can contact Dave at 701-567-4222, Jeremy at 701-567-6440 or email us at cedarflo@ndsUPERnet.com. Information will be available on our website www.cedarfloangus.com, as it becomes available. Thank you from all of us at Cedarflo.

Dave and Carol Fordahl

All females sell as purebred, unregistered animals. Registration papers will be available at an additional cost by contacting us after the sale.

Due to the American Angus Association's new policy of no EPDs for unregistered animals, we cannot provide the EPD information as in the past. EPDs will be available to the purchaser once the animals have been registered.
