Bulls will be at the barn for viewing Thursday evening through sale day, or come any day before to the ranch to see the bulls.

Guarantee

All bulls sell as guaranteed breeders. The yearling bulls have not been semen tested due to their young age. We suggest you have them semen tested before you use them. All claims of non-breeders must be made within six months of purchase. We cannot guarantee against physical injury or illness, but would like you to let us know if you have any problems.

Discount

\$50 off if the buyer hauls his bulls home on either sale day or the following day.

Cow Camp Promotions

Greetings from all of us at Brenner Angus!

I hope everyone is having a great year so far! At the time of this letter, it hasn't seemed like winter yet. We haven't had to move any snow. That seems strange!

We would like to invite you to our annual bull sale on February 25, 2012.

We would like to say "Thank You" to everyone who has purchased from us in the past. We appreciate your confidence in our program.

We are excited about the offering in the sale this year. It is always good to watch the calves as they grow and develop. Then when you add the numbers into the equation things really seem to pop.

I think we have something for everyone. If you want bulls to use on your heifers check out Lots 2, 7, 31, 34, 45, 48, 49, 70, 73. If you want bulls for growth check Lots 1, 2,3,41,45,47,55, 65.

If you want to keep replacements don't pass up these bulls Lots 1, 6, 10, 11, 46, 50, 83.

If you have any questions, we would love to visit with you. Stop by anytime or give us a call.

Hope to see you at the sale!! Come early for lunch and to visit.

Best Wishes,

The Brenners and the Werners

Our Family

Sidney and Melva Brenner

Trampis, Aricka,
Woodrow and Loraina Brenner

*Your breeding program isn't a game ...
Devise a strategy for profitable cattle.*

Whether you need red or black genetics for your program, Brenner Angus can help you strategically breed your cattle for profit. We are raising cattle with strong maternal traits, high fertility, efficient growth, correct phenotype and good dispositions.

These traits combined with breed-leading genetics will move your breeding program in the right direction.
