Cedarflo Angus Ranch

Annual Production Sale
Wed., February 27, 2013

Registered Angus Since 1948 • Performance Tested Since 1968

All sale animals are free of any known genetic defects.

PRE-SALE INSPECTION: At ranch until Feb. 25. Directions: 13 miles north of Highway 8 and 12 Junction to 14th Ave. NE; or 13 miles south of Highway 8 and 21 Junction to 14th Ave. NE, then 3 miles west and 1/2 mile south. Bulls will be at Lemmon Livestock from Feb. 25 on.

HEALTH: All animals have gone through a comprehensive health program. Health papers will be furnished for cattle as needed.

FEMALES: All females sell as purebred, unregistered animals. Registration papers are available at an additional cost.

ULTRASOUND AND YEARLING DATA: Available sale day or on our website as soon as the information is available.

DELIVERY: Free delivery of bulls up to 250 miles or deduct \$50 if you haul sale day. We will assist in making arrangements for longer distances and for female purchases.

TERMS AND CONDITIONS: Terms of the sale are cash. All animals sell under the terms and conditions as adopted by the American Angus Association. Statements made sale day take precedence over printed information.

We are not responsible for accidents or injury. All persons attending the sale do so at their own risk, legal or otherwise.

***Complimentary Lunch Before the Sale
Please bring this catalog with you sale day.***

Thank you and see you at the sale!

Welcome to the Cedarflo Angus annual production sale. Another year in the books and hopefully everyone is still around to find out what is to come out of the next. We would like to see moisture on the docket as most can attest to a lack of feed stocks. But each day presents new challenges and none of us would be in this business if we weren't up for it.

We would like to start by giving you a little insight into our operation. Our genetics put an emphasis on moderate framed animals with calving ease, without sacrificing the efficiency needed for performance. To attain this general philosophy, we have selected sires that not only meet those criteria but also accentuate our current bloodlines. Carcass data and maternal traits are also given a great deal of consideration. Those ideals, coupled with a cow-culling program that is based upon fertility, structural soundness, docility and performance, allow us to put forth a product you can have confidence in. As always, that confidence is backed by our breeding guarantee.

Calves are raised on mother's milk and grass, not creep fed. We understand the need for creep feed, however we feel our approach allows us to make accurate choices based upon genetics and efficiency. After cuts are made, the calves are fed a high roughage, growing ration. We tried something new this year by feeding a couple lbs/hd of field peas. The animals seem to have done well with them. Producers have been feeding peas out in Montana for several years with excellent results.

Due to the sale date, yearling information as well as carcass data will be available sale day. If you prefer to have this information ahead of time it will be posted on our website, www.cedarfloangus.com, when it becomes available to us. As always, we encourage you to stop by and take a look at the animals for yourself. The sale animals will be available for early viewing at the farm until Monday February 25th after which they will be at Lemmon Livestock up until sale time. If you have any questions we would love to hear from you; our contact information is listed below.

We understand how busy everyone can be these days. If you're not able to make it down on sale day you can watch and bid online by visiting www.lemmonlivestock.com. Follow the instructions for CattleUSA.com, their online bidding service. Bids will also be taken over the phone if you're not comfortable with the online site. Please let us know ahead of time if you have any questions about the online or over the phone bidding process and we will try to answer them to the best of our ability.

Thank you for your interest in Cedarflo Angus. Hope to see you sale day.

Mandate is the epitome of performance without sacrificing calving ease. Currently at the top of the angus breed for CED, weaning and yearling weights. Presenting a total package he also ranks at the top for ribeye, marbling and beef value. His daughters, while having great eye appeal, are also outstanding mothers with superb udders.

Regis is a Final Answer son that improves upon his sire with his maternal strengths. In the top 5% of the breed for CED (Calving Ease Direct), milk and docility. Due to his calving ease profile we used him on our heifers without a single problem. Our current crop of replacement heifers out of him show excellent structure in a moderate frame.

Timeless has a pedigree that goes back to some of the best genetics the angus breed has ever produced and proves that they are still relevant and competitive today. He is a unique combination of the performance from his sires side coupled nicely with lower birth weights. With a touch more frame he really shows off heavy, deep muscled structure. His progeny are pleasingly consistent.

Connection has built a reputation for his progeny's fertility rates, calving ease and extreme docility. This animal was chosen for those qualities coupled with outstanding carcass data that included a ribeye of 13.7. His progeny have proven to be extremely easy to handle and perform very efficiently on the cow.

All females sell as purebred, unregistered animals. Registration papers will be available at an additional cost by contacting us after the sale.

The American Angus Association's policy of not providing EPDs for unregistered animals prevents us from supplying EPD information for them. Further information will be provided, including EPDs, if the buyer(s) choose to purchase registrations.

1305 6th St. NE
Hettinger, ND 58639
