Tri-State Livestock News

### Online Bidding:

Sale will be live online via Superior. See page 3 for details.

### Conference Call:

Conference call through Superior Livestock: 817-378-3334

### Cattle Inspection:

We welcome your visits and would be happy to show the bulls as well as the cowherd. The bulls will be at Feddes Red Angus just 2.7 miles south of Manhattan.

### Sale Order:

Cattle will sell in catalog order.

### Herd Health:

Program include 8-Way, Express 5 PHM at branding and pre-weaning. We also use Ivermectin in the fall and again in January. Dr. Bruce Sorenson (406-388-6275) has done a complete breeding soundness exam on each bull. All the bulls selling in this sale are free of any known genetic defect.

Heifers received Preg-Guard 9 and 8-Way on Jan. 25, 2013

### Bull Ration:

Corn silage, chopped hay, 3 lbs. corn and 5 lbs. oats.

### Heifer Ration:

10% straw, 45% silage, 45% chopped mixed hay

### Transportation:

Bozeman is served by Delta and Continental Airlines at Gallatin Field, 1 mile east of Belgrade or 8 miles northwest of Bozeman. Jet service daily north, south, east and west.

### Accommodations:

Broken Spur, Three Forks ..... 1-888-354-3048  
Fort Three Forks Motel, Three Forks ..... 1-800-477-5690  
Super 8, Belgrade ..... 1-800-800-8000  
Holiday Inn Express, Belgrade ..... 1-800-542-6791

### Catalog:

*Chuck and Carol Feddes*

*Craig and Taryn DeBoer, Traig, Cayl and Trac*

***Welcome friends and fellow cattlemen,***

*2012 has been quite a year, with drought covering a large portion of the country, record calf and cull prices were a real blessing to offset higher feed prices. Many of our customers are receiving a very good premium for replacement quality heifer calves.*

*This is a powerful set of bulls from Lot 1 to Lot 122.*

*We used several of our own sires that sold through past sales. Their progeny performed with the well-proven, breed-leading sires that we continue to use. A large percentage of the bulls are calving ease.*

*These heifers for sale are stacked with generations of balanced trait selections, just like the bulls. Every heifer in the sale should make a really sound, productive female.*

*We put a lot of selection pressure on feet, legs and udder structure. We cull ruthlessly for these traits as well as disposition and mothering ability.*

*Our families (one big family really) have been very blessed to be in the cattle business for many years and, the Lord willing, many more to come. We are blessed to have our family nearby. We enjoy all the basketball games, baseball games, softball games, flag football games, wrestling meets and 4-H activities that our grandkids keep us all involved in. Along with that we also stay busy with church activities.*

*The kids and grandkids keep growing and getting older, but Carol and I just don't seem to get any older (ha ha). Just to let you in on a little secret, Craig just turned 40 and our "dear, young" Taryn is right there behind him.*

*Please feel free to give us a call. We ALWAYS enjoy visiting about cattle and life. We will assist you in any way we can.*

*Blessings from the Feddes and DeBoer Families*

## HOW TO PARTICIPATE AS AN ABSENTEE BUYER

# 1-800-422-2117

We have made preparations to bid and buy your Red Angus Cattle through Superior Productions' "Call or Click-To-Bid" service for those unable to attend in person on sale day. Please note that all of the lots in the sale will also be available for viewing online prior to sale day at [www.superiorlivestock.com](http://www.superiorlivestock.com).

## HERE'S HOW IT WORKS

**Turn in Bids Over the Phone.** This is our traditional method of buying livestock. To get started simply go online to [www.superiorlivestock.com](http://www.superiorlivestock.com) and click on the tab titled "Register for a Buyer Number". Select the registration form for Superior Productions and print the registration form, fill it out and fax it in to Superior Productions at (817) 378-3380 with a signature on it. You can also mail it in to the address provided on the form. Upon receipt of this information Superior will call you with a buyer's number and the bid line phone number that you will use on sale day to place bids over the phone.

**Click-To-Bid.** This is Superior's newest way to buy cattle! Please note that high speed internet is required – this is not for dial-up or satellite internet. Registration is free, but you must become a member of [www.superiorclicktobid.com](http://www.superiorclicktobid.com) to sign up. Becoming a member is easy – just go to the homepage of [www.superiorclicktobid.com](http://www.superiorclicktobid.com) and follow the out-lined steps to get started. Input your information and select a username and password. You will receive an e-mail confirming you are a member. From that point forward you just have to sign in and select the sale you would like to register for and once approved you will receive an e-mail confirming which sale you are now registered for.

**Viewing the Auction.** The sale will be broadcast live on the internet at [www.superiorclicktobid.com](http://www.superiorclicktobid.com) – just go to the home page and select the auction. Remember, you can call in to bid over the phone when watching on the internet if you have registered for that service, but you must be a member of [www.superiorclicktobid.com](http://www.superiorclicktobid.com) to "click-to-bid" and bid online. Your computer must have Flash Media Player installed to view the auction.

Bidders who are successful in making purchases will be contacted by Superior Productions after the sale to settle payment and discover your shipping plans.

## TERMS AND CONDITIONS

1. The terms of the sale are cash unless prior arrangements have been made.
2. Each animal will be sold to the highest bidder. The auctioneer will settle any disputes and his decision on such matters shall be final.
3. Any announcement from the block on sale day will take precedence over printed material.
4. Health certificates will be furnished for shipment anywhere in the United States.
5. Each animal becomes the buyer's risk as soon as sold. Cattle will be cared for, for a reasonable length of time at the ranch, at the buyer's risk.
6. Retained Interest: All bulls will sell half interest and full possession. The buyer receive full possession and full salvage value. The seller has the right to collect semen at the buyer's convenience, and the seller's cost. If the buyer wishes to share in the collection costs and revenues, that is his/her choice.
7. Registered heifers selling for more than \$1,200 will sell with papers. Less than \$1,200 will be sold as commercial.
8. In case an adjustment is required on an animal, it will be made with a replacement animal of equal value to the animal in question, or credit on the purchase of another animal.
9. Everyone attending the sale does so at their own risk. Owners, clerks or other helpers do not assume responsibility, legal or otherwise, for damages of any kind.
10. Free delivery to central points in Montana. \$50 will be deducted from each bull that the buyer takes home from the sale. We will help with arrangements on females. Heifers are delivered at cost. We will attempt to deliver bulls in early April.
11. A certificate of registry and transfer will be furnished for each animal sold as a registered animal after settlement has been made.
12. The above terms and conditions shall constitute a contract between buyer and seller of each animal.

***These cattle do sell in accordance with the Sale Terms and Conditions set forth by the Red Angus Association of America.***

# Profit \$implified...

## Multi-breed EPD base simplifies selection

Since 2010, the Red Angus Association of America (RAAA) and the American Simmental Association (ASA) have combined their growth and carcass datasets to provide commercial producers with the most reliable EPDs in the beef industry. In the summer of 2012, RAAA and ASA adopted a common base for Growth (BW, WW, YW, Milk) and Carcass (MARB, YG, CW, REA, FAT) EPDs so that all animals registered in either RAAA or ASA can be directly compared – regardless of breed makeup.

### What is BASE?

For decades, each breed association has presented EPDs in their own language (the base). Base is no more than a reference point for any trait against which subsequent generations of animals are compared. The establishment of a base ensures that the population future generations are compared to remains stable, which allows the breed’s genetic trend to be accurately identified.

**Raw Genetic Value + Base Adjustment = Published EPD**

### Study Percentile Ranks...

Percentile ranks are an easy reference and therefore a powerful tool to assist you in becoming accustomed to the new multi-breed base. Red Angus EPD percentile ranks are presented along with all active animals’ EPDs, and reference how animals compare within their respective Red Angus subpopulations, i.e. Sire Summary Sires, Active Dams, Non-Parent Bulls, etc. It’s important to realize that although the multi-breed base allows for the direct comparison of Red Angus and Simmental EPDs, the percent ranks for Red Angus animals will continue to simply compare the genetics of Red Angus animals against other Red Angus. Thus, an animal that was in the top 10% for growth under the old Red Angus base will still be in the top 10% for growth in the new Red Angus multi-breed base.

### Example:

In the past, you preferred to purchase bulls that had a -2.0 or lower BW EPD. Since a -2.0 on the old RAAA base represented the top 20% for BW, you now need to use -2.7 as your critical selection threshold as that represents the top 20% for BW on the new multi-breed base.

### Other Examples:

Previous Selection Threshold Old RAAA Base		New Selection Threshold New Multi-Breed Base	
EPD	% Rank	EPD	% Rank
36 WW EPD	40%	58 or higher WW EPD	40%
0.08 MARB EPD	50%	0.38 or higher MARB EPD	50%
0.24 REA EPD	20%	0.30 or higher REA EPD	20%

Feddes Big Sky R9 sold to Genex and a group of breeders in our 2006 sale. He is continuing to make a mark on the breed mostly through his daughters. He shows up a Maternal Grand Sire on many top end bulls and sire of many highly sought after females. Several astute breeders have commented that his feet and leg structure is one of the best in the Red Angus Breed. Genex is selling more semen each year, which is amazing on an 8-year-old bull.

Feddes Oscar X28 was sold through our sale in 2011 to Camp 1A in St. Francis, KS. We sampled him a bit on some heifers and will certainly be using him more. His sons have more depth and muscle shape than the Oscar cattle we have seen. We don't have very many calves, but everyone is a good one. They are consistent. His dam is a Romeo 9136 daughter that is working her way toward the donor pen. Her mother is the dam of the Lot 4 bull in this sale - Feddes Granite Z132, who we plan to sample also.

Fed Flikk Mulberry X648 sold through our sale in 2011. He is the thickest Mulberry son we have seen and he breeds it. His sons in the sale are a bit younger, but have really come on the last month or so. His dam is a powerful cow with lots of body and fleshing ability. We sold the pick of our 2012 heifer calves in the Big Sky Elite cow sale and one of his daughters was picked by Mark Moxley.

5L Red Smoke 1246: Red Smoke was our pick of the 2008 Blazin Red sons at 5L's Bull sale. He is a total outcross tour herd and has done a real nice job on his first set of calves. He throws moderate calves with lots of muscle.

Lot 11, son of LSF Night Calver 9921W

Feddes Montana X44 sold to North Santiam Red Angus in our 2011 sale, and later was sold to VF Red Angus with the North Santiam cows. He has done a very good job there and here at our ranch. He is moderate and thick, and that is how he stamps them. We think his females should make moderate, easy fleshing cows with great maternal traits (not just EPDs).

Feddes Montana X44

Grand Kingdom has always been a crowd favorite, with a beautiful phenotype and a lot of balance. He is around a 5 1/2 - 6 frame bull with a nice dark color and lots of meat and muscle. These first Grand Statement calves have really been impressive, they have good growth, lots of volume and great dispositions. This bull has been a standout since birth with a 74 lb. BW and a 771 lb. WW with a 106 WR. He kept going in the feed lot and ended up with 105 YR at nearly 1275 lbs., also a 106 IMF ratio and a 102 REA Ratio. Dam is a great Norseman daughter out of our herd building 810 Blockana Donor cow. She has a lot of volume and great feet and leg set, all with a real pretty udder. If you're looking for a herd bull to make some great calves look no further. Dams MPPA 102.4

This cherry red stud is very unique. He started out with a 73 BW, weaned at 794 (WR114), YR 109. And REA ratio 113. His EPD package is very balanced as well. CED 27%, BW 15%, WW 32%, YW 23%, Milk 4%, ME 27%, CEM 2%. His sire, Feddes Oscar X28 has done an incredible job on his first calf crop – all from first calf heifers. Z113's dam is a Sakic 2-year-old with great udder structure as well as feet and legs. Her dam is Feddes Lakina 310 – the dam of Big Sky. Z113 will make great females. We plan to sample him at Feddes Red Angus.

Lot 2

Feddes Lakina 310, granddam of Lot 2 and dam of Big Sky

*This Conquest son has made his way to one of the top bulls in the pen, and there was not a lack of competition. He is a dark red bull with a wide stance, lots of muscle, and extra length. He has a moderate 5.5 frame and great feet and leg set. It is hard to find bulls with this much spread in their birth to growth. He has a solid set of EPDs with 5 traits in the top 20%, including BW in the top 15% and YW in the top 16%. He ratioed 106 WR and 109 YR. Dam is a 3-year-old Ole Oscar daughter that has been quickly making her way to the top. She has a nice udder and lots of volume. Dams MPPA 102.4.*

*This Grand Statement son has been a standout since he was very young. He has incredible body mass in a moderate frame. He is very sound on his feet and legs, and has a very quiet disposition. If you have cows that need extra guts and volume, you better take a look. His dam is quickly rising to the top of our donor cow program. She has nearly a perfect udder structure, with small teats as well as great feet and leg structure. She is also the MGS of Feddes Oscar X28. 2S' MPPA is 105.8. Granite Z132 WW is in the top 14%, YW 5%, Milk 9%, TM 3%, HPG 16%, ST 28%, MA 20%, CW 6%, REA 15%. We plan to sample this bull on some of our cows in 2013.*

*Big Horn Z150 is a sure shot calving ease prospect. CED 15%, BW 7%, above average growth, Milk 3%, TM 8%, MA 16%, REA 22% IMF ratio 109, REA ratio 107. He is a maternal brother to Feddes Big Sky R9, who sells more semen every year. Their dam "Feddes Lakina 310" is the grand dam to Lot 2 in this sale, and the dam to the high selling bull at Midland in 2012. We have sold her embryos at auction twice. The first time they brought \$1,000 per embryo. In our 2012 Big Sky Elite Cow sale, 4 embryos sold for \$1,750 per embryo. We tend to hoard her daughters, so the best way to get her genetics is through one of the sons. Full brothers sell as Lot 30, 93, and 106.*

*The X28 bull did a really nice job for us on his first calf crop. We did not use him a lot but every calf was a good one. There are generations of sound, trouble-free, females behind Z105. Big Sky, Norseman King, and Grand Canyon are all female makers. He has a very balanced set of numbers, starting with calving ease. He covers all the bases!*

Here is a ¼ brother to lot 1 and if you take a look, you will see a lot of similarity. 5.5 - 6 frame with extra quarter and muscle, very correct of his feet and legs. He has a great EPD package and disposition. He has great performance with 104 WR and 102 YR, all with a 75 lb. BW. If you didn't buy Lot 1, have a look at this bull, also an IMF ratio of 115.

Flush brother to Lot 8. Big Horn Z154 is a sure-shot calving-ease prospect. CED 15%, BW 7%, above average growth, Milk 3%, TM 8%, MA 16%, REA 22%, IMF ratio 109, REA ratio 107. He is a maternal brother to Feddes Big Sky R9, who sells more semen every year. Their dam "Feddes Lakina 310" is the grand dam to Lot 2 in this sale, and dam to the high selling bull at Midland in 2012. We have sold her embryos at auction twice. The first time they brought \$1,000 per embryo. In our 2012 Big Sky Elite Cow sale, 4 embryos sold for \$1,750 per embryo. We tend to hoard her daughters, so the best way to get her genetics is through one of these sons. Full brothers sell as Lot 8, 93, and 106.

This Montana X44 son shows a lot of balance in his type and on paper. He has a maternal brother working in the Bullis Creek herd where he is doing a great job, and one in Ross Knott's herd as well. His Dam is a maternal sister to 310 (dam of Big Sky and lots 8, 30, 93, 106). We lost 106 (dam) so he has no ratios.

An extra wide body Red Smoke son. This bull will add some lbs. to your WW and also leave you some fantastic females. I have calved my first set of Red Smoke daughters and am really impressed. They have a lot of capacity, nice udders, and good dispositions. Dam has been a great Big Sky daughter and produced an \$8500 Oscar son in in 2010. MPPA of 104.7. IMF ratio of 128.

This well-balanced, calving ease bull should sire some awesome replacements. He lost his hicp dam last summer and that really set him back. A hotter ration would probably have helped him catch up, but we think a more forage-based diet will make these bulls hold up better for you, our customers. Dam's MPPA 108

Flush brother to Lot 8. Big Horn Z141 is a sure shot calving ease prospect. CED 15%, BW 7%, above average growth, Milk 3%, TM 8%, MA 16%, REA 22%, IMF ratio 109, REA ratio 107. He is a maternal brother to Feddes Big Sky R9, who sells more semen every year. Their dam "Feddes Lakina 310" is the grand dam to Lot 2 in this sale, and dam to the high selling bull at Midland in 2012. We have sold her embryos at auction twice. The first time they brought \$1,000 per embryo. In our 2012 Big Sky Elite Cow sale 4 embryos sold for \$1,750 per embryo. We tend to hoard her daughters, so the best way to get her genetics is through one of the sons. Full brothers sell as Lot 8,30, and 93

7%	6%	41%	42%	23%	23%	68%	31%	50%	19%	6%	33%	59%	24%	45%

Who made this sale order?! This is a Conquest ET calf out of a really good young Big Sky daughter. If you are looking for extreme he is probably not the bull for you, BUT if you are looking for calving ease deluxe with above average EPDs in nearly all traits, (7 in the top 25%) look at this bull. We intended to flush his grand-dam but she died prematurely, so we flushed his dam. He has 3 flush mate heifers that look really good in the replacements.

This is a Red Smoke heifer that really looks good in the pen. She has a lot of capacity and eye appeal along with a very balanced set of EPDs. Dam is a 13 yr. old Rambo bred cow that has never missed a calf. If you like stability, this heifer has it bred into her. These Red Smoke daughters are making great cows and this heifer will be no exception.

Another broody Oscar daughter. 63# BW, BW top 3%, CEM 8%.

## 13 COMMERCIAL HEIFERS

These heifers are raised at Feddes Red Angus and Clark Red Angus ranch. We think they will make some very good replacements. The bottom end has been culled off. They will sell in groups of 5, 5 and 3 and the winning bidder has the option to take the entire group.
