Catalog designed by Cow Camp Promotions

Printed by United Printing • 701-223-0505

We have video taped the bulls and they will be available for inspection on our web site, [www.hallredangus.com](http://www.hallredangus.com) prior to the sale.

As always, the bulls carry a first breeding season guarantee. If you have any problems let us know and we will do our best to make it right.

The bulls will be taken to the sale facility on Wednesday. We will not be putting the bulls through the ring as they sell. They will be displayed on video screens.

The bulls will sell in catalog order. Except for the first few bulls, we pretty much lot tagged them in random as they came through the chute, so there are top bulls throughout the offering.

We think the condition of the bulls is about right. They've had enough feed to express their differences but they are not fat. On a ration designed for a 3 LB/day gain, the whole group had an average gain of 3.3 lb./head/day.

As most of you know, we run our cows in the Sandhills in a cake and range situation. We expect them to come through the winter with no supplemental feed, other than cake, until calving time. This year Brad and Paula's place was one of the stops on the Sandhills Cattle Association tour in January. Several on the tour said they couldn't believe you could winter cows that way and have them in such good condition. I think some of them still don't believe us!

I have never been much on writing footnotes. I have always believed in giving our customers all the good honest information we can and let them make their own decisions. We will help in any way we can if you have any questions.

I will say, I believe there are several genuine herd bull prospects here, and at least a couple we would like to collect after the sale to use in our own program.

The calves are tagged, tattooed and weighed at birth, and every calf is weighed the old fashioned way – with a scale.

If you have any questions about the bulls or anything else about our program, don't hesitate to give us a call. Hope to see you in North Platte on March 14th.

– *Lamaine*

## Profit \$implified...

### Multi-breed EPD base simplifies selection

Since 2010, the Red Angus Association of America (RAAA) and the American Simmental Association (ASA) have combined their growth and carcass datasets to provide commercial producers with the most reliable EPDs in the beef industry. In the summer of 2012, RAAA and ASA adopted a common base for Growth (BW, WW, YW, Milk) and Carcass (MARB, YG, CW, REA, FAT) EPDs so that all animals registered in either RAAA or ASA can be directly compared – regardless of breed makeup.

#### What is BASE?

For decades, each breed association has presented EPDs in their own language (the base). Base is no more than a reference point for any trait against which subsequent generations of animals are compared. The establishment of a base ensures that the population future generations are compared to remains stable, which allows the breed's genetic trend to be accurately identified.

**Raw Genetic Value + Base Adjustment = Published EPD**

#### Study Percentile Ranks...

Percentile ranks are an easy reference and therefore a powerful tool to assist you in becoming accustomed to the new multi-breed base. Red Angus EPD percentile ranks are presented along with all active animals' EPDs, and reference how animals compare within their respective Red Angus subpopulations, i.e. Sire Summary Sires, Active Dams, Non-Parent Bulls, etc. It's important to realize that although the multi-breed base allows for the direct comparison of Red Angus and Simmental EPDs, the percent ranks for Red Angus animals will continue to simply compare the genetics of Red Angus animals against other Red Angus. Thus, an animal that was in the top 10% for growth under the old Red Angus base will still be in the top 10% for growth in the new Red Angus multi-breed base.

#### Example:

In the past, you preferred to purchase bulls that had a -2.0 or lower BW EPD.

Since a -2.0 on the old RAAA base represented the top 20% for BW, you now need to use -2.7 as your critical selection threshold as that represents the top 20% for BW on the new multi-breed base.

## Can't make the sale?

We are pleased to bring you real-time Internet bidding and a live broadcast of this sale through DV Auction. To watch or bid online, simply complete the following steps:

- 1) Visit the DVAuction web site at [www.dvauction.com](http://www.dvauction.com)
- 2) Click on the "Register" tab
- 3) Enter a user name, password and your contact information.
- 4) Click on "Apply for Bidding."
  - Select the sale from the list of other auctions and click "Apply".
  - Complete the process by filling out the Banking & Lending information requested.
  - Be sure to include a personal contact at your bank, we will contact them in order to get a credit reference.
  - If you would prefer to be approved using your credit card, call (402) 316-5460.
  - Please be sure to apply for bidding at least a day in advance of the sale-every effort will be made to process your application in a timely manner.

DVAuction will contact you once you have been approved to bid. We do not provide buyer numbers until you have purchased a lot in the sale, and that number is only usable for that auction. After the sale contact the sale owner or manager to make arrangements for payment and delivery of your online purchases.

Please Note: High speed Internet access (DSL, T-1, or Broadband) is required to be able to bid successfully during the sale. If you have any questions, please contact DVAuction at (402) 316-5460 or (402) 474-5557 or email support@dvauction.com.

Proxy Bidding: If you can't access a computer during the sale, you can now place a "proxy bid" through DV Auction. Simply follow the instructions listed above, and as the sale date nears there will be a "Proxy Bidding" link under the sale listing on the main page of DV Auction. You can then place the maximum amount that you'd like to bid, and our system will represent your bid just as if you were there.

## Terms & Conditions

The terms of the sale are cash and settlement must be made immediately after the completion of the auction.

The auctioneer will settle any disputes on bids and his decision will be final.

Phone bids will be accepted and will be handled in strict confidence.

Each animal becomes buyer's risk after being sold by the auctioneer.

All bulls are guaranteed to be breeders by the seller and sell fully guaranteed as outlined in the RAAA Code of Ethical Sale Practices.

A certificate of registry for each animal will be transferred to the buyer at the seller's expense.

Everyone attending this sale does so at their own risk. The owners, sale barn, auctioneer, sale manager, clerks and other helpers do not assume responsibility, legal or otherwise, for damages of any kind.
