HOW TO PARTICIPATE AS AN ABSENTEE BUYER

We have made preparations to bid and buy livestock through Superior Productions' "Call or Click-To-Bid" service for those unable to attend in person on sale day. **Please note that all of the lots in the sale will also be available for viewing online prior to sale day at www.superiorlivestock.com**

HERE'S HOW IT WORKS

Turn in Bids Over the Phone. This is our traditional method of buying livestock and is the suggested process for anyone who does not have consistent, high-speed internet. To get started simply go online to www.superiorlivestock.com and click on the tab titled "Register for a Buyer Number." Select the registration form for Superior Productions and print the registration form. Fill it out and fax it in to Superior Productions at (817) 378-3380 with a signature on it, or scan and email the form to info@superiorauction.com. You can also mail it in to the address provided on the form. Upon receipt of this information Superior will call you with a buyer's number and the bid line phone number that you will use on sale day to place bids over the phone.

Click-To-Bid. This is Superior's online bidding program for cattle buying. **PLEASE NOTE THAT HIGH SPEED INTERNET IS REQUIRED – THIS IS NOT FOR SATELLITE INTERNET OR DIAL-UP INTERNET.** Registration is free, but you must become a member of www.superiorclicktobid.com to sign up. Becoming a member is easy – just go to the homepage of www.superiorclicktobid.com and follow the out-lined steps to get started. Input your information and select a username and password. You will receive an e-mail confirming you are a member. From that point forward you just have to sign in and select the sale you would like to register for and once approved by the ranch you will receive an e-mail confirming which sale you are now registered for.

Viewing the Auction. The sale will be broadcast via satellite on Dish Network channel 232 (RURAL TV). *Please note that there is a short delay if you are watching the auction on television so be sure to call in a couple lots ahead of the lot you are interested in bidding on.* The sale will also be broadcast live on the internet at www.superiorclicktobid.com – just go to the home page and select the auction. Remember you can call in to bid whether you watch on the TV or on the internet, but you must be a member of www.superiorclicktobid.com to "click-to-bid." Your computer must have Flash Media Player installed to view the auction. If you have any questions, please call the Superior Productions office at 800-431-4452.

Bidders who are successful in making purchases via satellite or internet will be contacted by the ranch after the sale to settle payment and make shipping arrangements.

TERMS AND CONDITIONS

1. The terms of the sale are cash unless prior arrangements have been made.
2. Each animal will be sold to the highest bidder. The person in charge will settle any disputes as to bids, and his decision on such matters shall be final.
3. Any announcement from the seller on sale day will take precedence over printed material.
4. Health certificates will be furnished for shipment anywhere in the United States.
5. Each animal becomes buyer's risk as soon as sold; but it shall be the obligation of the seller to see that animals are fed and cared for, free of charge to purchaser, until loaded for shipment or until the expiration of December 20th of the current year.
6. All claims for adjustment for bred females must be made before May 1st of the following year. All claims for adjustment for heifer calves must be made by September 1st of the following year.
7. Everyone attending this sale does so at their own risk. Owners, clerks or other helpers do not assume responsibility, legal or otherwise, for damages of any kind.
8. Delivery costs and scheduling shall be the sole responsibility of the buyer.
9. A certificate of registry and transfer shall be furnished for each registered bred female sold at a final bid price of \$1,200 or higher. A certificate of registry and transfer shall be furnished for each registered heifer calf sold at a final bid price of \$900 or higher. If final bid price is less than either of these amounts the cattle will be considered commercial. Certificates of registry may be purchased for the difference.
10. The above terms and conditions shall constitute a contract between the buyer and seller of each animal sold.

**These cattle do sell in accordance with the Sale Terms and Conditions
 set forth by the Red Angus Association of America.**

Bull Selection – Simplified.

Red Angus stakeholders have enjoyed the capability of selecting bulls based on economically relevant traits (ERTs), such as Heifer Pregnancy or Stayability, that truly impact their operations profitability. While these ERTs allow for efficient selection decisions, the growing number of ERTs and EPDs has resulted in confusion as producers attempt to estimate a sire's overall impact. In response, RAAA has developed the HerdBuilder and GridMaster indices, which answer the question:

“What impact will each potential sire have on my operation’s profitability?”

HERDBUILDER

Producers selecting bulls to develop profitable replacement females and maximize the value of non-replacement marketed progeny should incorporate the HerdBuilder Index into their selection decisions.

The HerdBuilder Index is built using the following scenario:

- Red Angus bulls mated to cows and heifers
- Replacement heifers retained from within the herd
- All remaining progeny sold on a quality-based carcass grid

Given that replacement heifers are retained, significant influence is placed on the obvious maternal ERTs of Stayability, Heifer Pregnancy and Calving Ease. Additionally, with all remaining progeny sold on a quality-based carcass grid, Marbling, Yield Grade and growth EPDs also impact the HerdBuilder Index.

GRIDMASTER

Use the GridMaster Index if your operation’s primary goal is maximizing profitability of feeders in the feedyard and on the rail.

The GridMaster Index is built using the following scenario:

- Red Angus bulls mated to cows
- All progeny sold on a quality-based carcass grid

Marbling, Yield Grade and growth EPDs are the traits of primary importance in the GridMaster Index.

While the process of calculating an index is very complex, the resulting selection tool is very simple to implement.

HerdBuilder and GridMaster are expressed as differences in profitability per exposure.

HerdBuilder Example:

30 cows x 5 years breeding = 150 exposures

Bull A has a HerdBuilder Index of 175: $175 \times 150 = \$26,250$

Bull B has a HerdBuilder Index of 100: $100 \times 150 = \$15,000$

\$11,250 Difference in Profitability

Ranch Tested. Rancher Trusted.

Red Angus

(940) 387-3502 | RedAngus.org

Welcome to the Big Sky Elite Female Sale!

For cattlemen, 2014 is the year we have been waiting for with abundant moisture, excellent production weather and very tight cattle supplies with a strong demand. As most of the country rebuilds its base cow-herd, it is ultimately important for cattlemen to concentrate on a few key and fundamental characteristics. Fertility, disposition, milk and maternal traits, feed efficiency, red-hided heat tolerance and calf carcass qualities are essential building blocks for a top cattle herd.

No breed better fits the criteria than Red Angus. If you watch Superior Auctions, it is very apparent that commercial Red Angus females and Red Angus herd bulls are the hottest thing in the U.S. beef market today! If you haven't tried Red Angus, now is certainly the time to invest in the future of your beef herd and add some Big Sky genetics to your program.

The four operations that compose the Big Sky Elite Female Sale are all-time proven, high-quality producers of Red Angus cattle. The makeup and composition of their herds are second to none in the industry and all have established and successful annual bull sales. If you are looking for some of the best Red Angus genetics to start a program or add to an existing one, the Big Sky Elite offering is definitely worth your time and attention on December 3rd.

In the past, I have personally bought cattle out of this sale for both of our operations in Iowa and Oklahoma and I can tell you the cattle thrived in both environments and produced outstanding calves. These four breeders will also stand behind their animals after the sale, which isn't always the case in the beef business.

I invite you to come to Three Forks, Mont., and check out some of the best Red Angus genetics you can buy anywhere on the North American continent. If you cannot attend, please feel free to give me a call for an unbiased opinion of the cattle. You may leave bids with me or watch and bid live via Superior Auctions during the sale. I will be going through the cattle Monday and Tuesday December 1st and 2nd. If I can be of any assistance, don't hesitate to give me a call.

Best Regards,
Kyle Gilchrist

Get off 1-90 at the Logan Exit, #283. Go north and take a left on the frontage road. Proceed west toward Three Forks, about 1/2 mile. Take a right onto Logan Trident Road, heading north. The road immediately crosses the Gallatin River and the railroad tracks, as shown on the map. Green Mountain Red Angus is 2 miles from the railroad tracks. Watch for the large Green Mountain Red Angus sign.

Bred to: LSF SAGA 1040Y (#1445368)

Due Date: 2/26/15

R64 is phenotypically flawless with loads of volume. She is clean fronted with a perfect udder and stands on very sound feet and legs. MPPA 101.2, average MA ratio 117. Her heifer calf was chosen as the pick of the heifer calves in the 2011 Big Sky Elite Sale. She has a very good daughter in our herd that just weaned an 811# bull calf (111 WR). We are also retaining a daughter from the 2014 heifer crop. This is

Bred to: BIEBER GOLDBAR Y379 (#1441761)

Due Date: 4/10/15

Here is an outstanding female to start off GMRA's 2014 sale offering! There is just so much performance and maternal strength in this young female. She is out of GMRA Lakota 341, who was the high-selling mature female in the 2013 Big Sky Elite sale. She is also a maternal sister to ABS sire GMRA Laramie 5110. GMRA Lakota 222 is just beginning her career and is already following in the footsteps of her dam. She weaned the No. 1 2014 heifer calf in the GMRA herd, with a 116 weaning ratio, and now posts an

MPPA of 106.4. Her dam has an MPPA of 106.9 on 7 calves, her granddam was 102 on 11, and her pedigree ultimately takes her back to the great foundation female, GMRA Lakota 912, who had an MPPA of 104.7 on 10. This is all combined with an unparalleled set of numbers. She has 6 EPDs in the top 16% of the breed or higher. The new indexes are out and the HerdBuilder places her in the top 22% and GridMaster is in the top 33%. Do not let this breed-leading young female go home with someone else!

C-T RED ANGUS

Selling choice of Lot 3A or 3B.

We believe in putting the female first and have made a lot of effort to make maternal cows with growth. This year's pick features a great cow-calf pair that depicts our goals at C-T Red Angus.

Plus, selling all 2005-model cows.

Bred to: C-T GRAND DESIGN 3023 (#1606189)

Due Date: 2/1/15

This Verdi (Red Lightening) cow has clawed her way to the top over nine years. She is a cow I hate to see sell but know that she will leave a mark on the next herd. She has produced eight calves with an average WR of 104. Her Milk EPD is still in the top 16%. The Red Lightening cows have been great producing cows over the years and we are considering going back and using some more of him. C-T Verdi 0524 produced a top herd bull just last year by Conquest selling to Lucht Red Angus and her Conquest heifer by her side will be sure to catch your attention with a beautiful phenotype and a 108 WR. She is confirmed bred to C-T Grand Design 3023, for a February 1 calf. He was our high-selling bull to Bauman Red Angus in North Dakota in 2014, sired by Conquest. MPPA 103.1.

This heifer is a unique opportunity to buy one of our best replacement females, sired by Conquest and out of our great C-T Verdi 0524 cow. This heifer calf has been a standout since birth and is a beautiful representation of what this cow can do. She is in the top 23% of five EPD traits and could easily be a show stopper. It will be a difficult choice between the cow and the heifer!

Due Date: **3/20/15**

R98 is a beautifully made cow with loads of power. MPPA 103.0, AWR 104, AYR 104, IMF 102, REA 108. Her REA EPD is in the top 1% of the breed and Milk is the top 4%. Her dam sold to Wildcat at 10 years of age. R98 has been a donor cow for us, following in her mother's footsteps. We have retained two daughters and two more are in the bred heifer replacement group. R98 is hard to let go of, but having two more daughters calving in 2015 makes it a little easier. If you are looking for a donor cow with loads of power, maternal and carcass, take note of Lot 5.

Due Date: **3/27/15**

Don't let the LGR prefix fool you – these are all GMRA-bred cattle! It is just an in-herd prefix. This is an outstanding, proven Justice daughter with a 105.4 MPPA and average weaning ratio of 110 on her first two calves. She boasts a pedigree of 100+ MPPAs and goes back to the influential BJR Estonia 9S-1210, who was a top-end producer at GMRA. Estonia 172 posts 6 EPDs in the top 29% of the breed or higher, with standouts being CW at 3%, WW at 4% and YW at 2%. Her HerdBuilder index places her in the top 37% and GridMaster in the top 12% of the breed. Her 2013 daughter is the first bred heifer to enter the ring as Lot 43 in this sale and is an example of the outstanding progeny this young female can produce.

Due Date: **2/18/15**

Here is a proven Blokana Cow with donor cow potential. She is a medium-framed cow with super feet and udder. She hasn't missed yet with a WR 102 on eight calves. She has made three daughters in our herd and sold a great herd bull sired by Mulberry to Green Mountain Red Angus. She has a very solid EPD package and personal record with A 110 WR and a 103 YR. She will cross great to Conquest with a chance of making the next great herd sire. MPPA 101.9.

Bred to: **DKK POWER PACK 236 (#1509746)**

Due Date: 4/30/15

Here's a young Ole's Oscar female with numbers to burn. Check out her growth curve. She started out at only 68 lbs. and then moved on to boast 111 weaning and yearling ratios. She sports 8 EPDs in the top 30% of the breed. On her first try, she produced a Dynamite heifer calf who posted a 106 weaning ratio. MPPA: 102.4. Don't let her get away.

Bred to: **FEDDES MONTANA X44 (#1368650)**

Due Date: 2/16/15

R80 has also been in our ET program. Her dam and granddam were flushed until they were 15 years old. Many of our cattle trace back to 4225 and 502-5185 who was our foundation Blockana cow. We have two gorgeous daughters sired by Feddes Montana X44 going into the replacement pen. R80 is easy fleshing with a beautiful udder and phenotype. NOTE: Rambo 502, Hobo 1961 and Glacier Chateau 744 are all in her three-generation pedigree.

Bred to: **BIEBER GOLDBAR Y379 (#1441761)**

Due Date: 5/1/15

Just take a look at the phenotype! She has it all from outstanding muscling with a deep rear quarter and tremendous depth and capacity to correct structure. She posted a personal WR of 119 and a YR of 115. She passes this power to her progeny and posts an MPPA of 105.4 with an average WR of 110 on 2 and an average YR of 111. Last year's bull calf was a twin and was so impressive he was featured as Lot 2 in the spring bull sale. She is out of an equally powerful dam, with an MPPA of 109.4, and an average WR of 111 and an average YR of 109 on 8 calves. Her performance numbers are at the top of the breed with a Milk in the top 11%, and WW, YW and CW in the top 2%.

Bred to: **BIEBER GOLDBAR Y379 (#1441761)**

Due Date: **3/12/15**

Here is a beautiful GMRA EBV 266 daughter that showcases all the strengths of the EBV bloodline. She is deep and broody and carries great muscling. She is a great combination of maternal pedigrees, going back to Hobo 79E on the dam's side. Her dam is also the dam of \$12,500 Accelerated Genetics' sire GMRA Stetson 2240. Venice 169 posts an MPAA of 102.3 and has never weaned a calf under 104. Her dam has an MPPA of 102.7 on 10 and her granddam is 102.7 on 7 calves. In fact you have to go back to a 1983-born female to find an MPPA under 100.0. This all matches an incredibly solid set of EPDs with half of them in the top 41% or higher – Milk in the top 1%. Her HerdBuilder index is in the top 26%.

Bred to: **BIEBER GOLDBAR Y379 (#1441761)** Due Date: **3/5/15**

Here's a chance to take home a highly productive Make It Easy daughter with a pedigree full of maternal standouts. Her dam is a 13-year-old Hvn's Sake daughter that is still in production in the GMRA herd, with an MPPA of 101.7 on 11 calves. Her maternal granddam is a full sister to GMRA EBV 266. Estonia 092 has a personal MPPA of 102, with an average WR of 103 on 3, an average YR of 104 and her only bull calf to date had a REA ratio of 120. The performance follows through on the paperwork. She has 7 EPDs in the top 24% of the breed or higher, and all but one of her EPDs are in the top 50% or higher. She also has breed-leading indexes, with a HerdBuilder in the top 10% and a GridMaster in the top 9%.

Breed to: **GMRA STETSON 2240 (#1525314)** Due Date: 4/4/15

The lead-off bred heifer is an outstanding Trilogy daughter. Dam is Lot 6, who posts an MPPA of 105.4. Estonia 335 has a respectable 79# BW and turned that into a 107 WR going on to post a 103 YR. The maternal power of Trilogy combined with the explosive growth of Justice gives this bred heifer one of the most interesting pedigrees you will find. Her sire, Trilogy, has an impressive HerdBuilder index of 184 that places him in the top 3% of the breed! Seven of her EPDs are in the top 20% of the breed or higher, combining a below average CED and BW with incredible growth and carcass numbers. Personal indexes place her in the top 12% for HerdBuilder and a GridMaster in the top 8%.

Deep, powerful and easy-fleshing would be the best way to describe A63. She is backed by four generations of elite donor cows here at Feddes Red Angus, and sired by Beckton Epic R397. We used a maternal brother in our herd, and have three maternal sisters working in our herd as well. This bred heifer has as much potential as any that we have sold in the history of Feddes Red Angus. GridMaster top 46%, Milk top 8%, HPG top 7%, Marbling top 32% and REA top 8%. Feddes Red Angus will pay to sire identify the calf resulting from this multiple-sire mating.

Breed to: **GMRA STETSON 2240 (#1525314)** Due Date: 4/7/15
 There is a ton of maternal power in this Justice daughter's pedigree. She is out of a dam with a 104 MPPA on 6 calves, and a granddam with a 108.5 MPPA on 8! And this is combined with the power of Justice, who boasts a HerdBuilder index of 143 that is in the top 16% of the breed. Performance numbers are unparalleled, with a WW, YW and CW EPD in the top 3% of the breed. These are the standouts in a set of EPDs with over half of them in the top 30% or higher. She posts a HerdBuilder index in the top 30% and a GridMaster in the top 29%. She has all the building blocks to be one of the great females of the breed.

Breed to: **FEDDES OSCAR X51 (#1368646)** Due Date: 3/28/15
 This is a nice 6-year-old Grand Canyon x Rambo 502-bred Miss Pan cow with a big production record. She is the dam to our 2013 Reno heifer and we have retained two daughters in our herd. Her Milk EPD is in the top 6% and should cross well with this Oles Oscar son. MPPA 105.5.

468 is a daughter of New Trend 220. She is a smaller frame cow, easy on the eyes and has a gorgeous udder. She sold in our 2013 Big Sky Elite Sale, but due to circumstances beyond our control we could not get her into Canada. She has one daughter in the herd and two in our replacements. HerdBuilder top 32%.

Feddes Red Angus will pay to sire indentify the calf.

This Big Sky Elite sale has strong offerings top to bottom! Just look at the power and performance in Lot 99! She turned in outstanding personal performance – a 110 WR and 109 YR. She is out of a dam with a 103.7 MPPA and a granddam with a 105 MPPA. You have to go back 23 years in the maternal pedigree to find an MPPA under 100. Numbers fall right in line with 8 of 14 EPDs in the top 10% of the breed or higher and a HerdBuilder index in the top 22%.

 Not only does this female have a powerful look, she passes on all the capacity, depth and quarter you could want in a performance-minded dam. If you want to see the type of powerful progeny this female can produce, just take a look at Lot 52 in this sale. And look at her numbers! She's one of the more mature females in the GMRA offering and her numbers are still very relevant in today's market. Nine of her 14 EPDs are in the top half of the breed.

Bred to: FEDES CONRAD A208 (#1607810)

Due Date: 1/27/15

Z77 lost her calf in the arctic cold front that hit us in February 2014, so she has no data. Her maternal sister is the Lot 1 cow. Lot 1 and their dam, 351, have been favorites here at Feddes Red Angus for many years. Bred to Feddes Conrad A208 who is one of our top bulls in the 2014 sale going to Bar Open A Ranch in Idaho. We sold a fair bit of semen on him.

Due Date: 5/16/15

This Make It Easy daughter has tons of maternal power in the pedigree. Her paternal granddam is one of the most influential females in the GMRA herd. Her dam has an MPPA of 101.7 on 11 calves and her granddam is a full sister to GMRA EBV 266. Estonia is a calving-ease specialist, with CED, BW, and CEM in the top 6% of the breed or higher. A total of 12 numbers are in the top 50% or higher, and 6 of those are in the top 1/3. She has a HerdBuilder index in the top 15% and a GridMaster in the top 10%. And, she tops everything off with a great phenotype. This is the type of strength running throughout this sale offering!

 A little smaller framed, but super fancy; this young lady has a picture-perfect udder and excellent feet. Her 2014 heifer calf is absolutely fantastic. 241's dam is 15 years old and still going strong.

Commercial Heifers

All bred to Feddes Big Sky R9, due to calve January 20, 2015. Heifers were pregnancy ultrasounded in late July. They were summered in big, dry, rough pastures and handled with horses and on foot. Buyer can take 10 head per lot, or additional lots of 10 head for the same bid.

For more information, contact Steve Wyse, 406-581-0302 or 406-284-3189.
