Welcome!

Quality Genetics Built on a Heritage of Commitment

Dear Friends,

Welcome to our 8th Annual Heart River Ranch/Open A Angus production sale. We certainly welcome your interest in this year's offering of bulls. 2013 can only be described as extreme extreme precipitation for some, extreme drought for others, extreme winter blizzard in extremely early October, then extreme cold fronts and wind chills here of late. In general, extreme seems to be the buzz word. Google extreme and it will bring up everything from extreme bull riding to extreme beer fest, extreme weight loss to extreme chocolates. I don't know about you but extreme is a word I would rather avoid as I mature (i e. get older), in fact, I would rather not encounter anything extreme during calving season or haying season and on the home front to hear the word extreme from our two college girls makes me shutter.

Our hope is that you won't find any extremes in the bulls offered, in fact our goal is to provide sustainable genetics by providing balanced seed stock grown and developed in as natural an environment as possible; no creep, no silage and no guess work. Our cows and bulls run in large pastures on nature's grass and water. Consequently, we have tried to keep what you see on sale day as much as possible what you get down the road to eliminate meltdown of bulls in the breeding pastures, promoting longevity and pregnancy rates. 50K testing also gives you more accuracy in the animals' genetic value, as much as the equivalent to the accuracy you can expect after producing a dozen calves in some cases. We also strive to include as much performance and epd information coupled with carcass ultrasound, fertility testing, and strict selection on the cow side to "take the guess work" out of the bull selection process.

We will have a video of the bulls and carcass ultrasound information available near sale day. Bulls will be on display at the development lot 4 miles south of Belfield, ½ mile west of the intersection of highway 85 and 40th St SW. You are welcome to come out and inspect them at any time.

We invite you to join us on Tuesday evening for a prime rib supper and to get the most recent information on 50K testing by Mr. Larry Gran with Zoetis Animal Health. Mr. Mark Voll will also be available to answer questions you have about animal health products. We look forward to having you as our guest in historic Medora on March 11 and 12, 2014.

Announcements

Errors discovered in the catalog will be corrected by announcements from the auction block at sale time and such corrections will take precedence over the printed matter in the catalog.

Liability

All persons who attend the sale do so at their own risk. Neither the owners, management, sales staff, facility or any person connected with this sale assume any liability, legal or otherwise, for property loss or for any accidents that may occur.

Delivery

Free delivery to central points up to 500 miles. Balance will be at cost. We will make every effort to assist in deliveries of greater distance or by private arrangements and volume purchases. Delivery will be made at our convenience. Delivery will be made at our convenience and efforts will be made to have bulls delivered by April 1.

Feeding and Development of Bulls

All bulls of HRR and Open A were weaned in late October and did not receive creep feed with the exception of a few Open A bulls that were ET calves produced at a recipient herd. Calves received their pre-weaning and weaning vaccinations and were handled in every respect as all natural. Bulls were fed to gain 2.5# per head per day on a 1% grain and by product ration. Bulls were fed free choice mineral, salt and hay. We took yearling weights at approximately 105 days post weaning with no post weaning adjustment period or warm up period. Our intent was to grow out the bulls for maximum longevity and integrity of the bull.

Historic Photos

Most of the historic photos in this catalog were taken by Inez Kessler, Annette's great grandmother between 1905 and 1908 in the Gaylord ND area. Inez was the only person to have a camera in the area and as a result she took pictures of many people and events. The town of Gaylord was located about 13 miles south of Belfield, ND along US Highway 85. The Gaylord Post Office and Store was a stop for travelers going south. This building still stands at the Curt Molm place.

FCCP Tags

Customers purchasing a Red Angus bull will be eligible to receive one bag of Red Angus Feeder Calf Certification Program ear tags per bull purchased at seller's expense. Each customer must complete paperwork to receive the tags. If the customer would like additional tags it will be at the customer's expense.

Storm Date

In case of sale postponement please listen to the Northern Ag Network, KLTC 1460 AM or go to northernag.net or ndstockmen.org or openangus.com for any postponement announcements. Postponement sale date is set for pre-sale activities: March 12, 2014, 10 am and sale March 13, 2014, 1:00 pm.

Sale Terms & Conditions

The terms of the sale are cash. No release will be given until satisfactory settlement has been made. We reserve the right to withhold animals from shipment for whom payments have not been received prior to departure. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final.

All sales are subject to an acceptable semen examination. Semen evaluation certificates will be furnished to the buyer.

Bulls were carcass ultrasounded February 19. Data sheets will be provided at the sale.

Health certificates and brand releases will be furnished for shipment anywhere in the United States.

Each animal carries a readable tattoo or freeze brand.

All bulls have been tested using Pfizer 50K genomic testing.

All bulls will be carcass ultra sounded with results available on sale day.

All bulls sell fully guaranteed to be fertile and reproductively sound according to the terms and conditions of the Red Angus Association of America and the American Angus Association.

Breeder's Guarantee: All bulls are guaranteed to be breeders. All claims for adjustment or refund must be made in writing within six months of the sale date. In the event a bull is claimed to be a non-breeder, the purchaser may return the animal to the ranch of the seller if in good condition and complying with the health requirements of the Seller's state. The Seller will be entitled to six months trial following the return of the animal in which to prove that the animal is a breeder. If at the end of six months, the Seller shall be obligated to replace the animal with another of equal value or to refund the purchase price. The return of the full purchase price shall in any case be deemed full satisfaction and settlement. If the Seller proved the animal to be a breeder, it shall be the obligation of the purchaser to take delivery of the animal at the purchaser's expense.

Implied warranty: Except for those stated in the terms and conditions, there are no warranties or implies, as to merchantability or fitness for a particular purpose with respect to the cattle being sold in this auction. The warranties set forth in the terms and condition are in lieu of all other warranties, either expressed or implied and the remedies provided therein shall be the sole and exclusive remedy of the buyer, or any party claiming through the buyer, for any breach of warranty or guarantee therein provided and all other obligations or liabilities.

Health

Bulls and heifers were treated with Enforce at birth and branding and were calfhood vaccinated with 4-way and 7-way. At weaning, calves were given 5-way, 7-way and One Shot, boosters were also given. Calves and cows were poured with Dectomax in the spring, fall and late winter. All bulls will be vaccinated and wormed prior to delivery. All females are bangs vaccinated and on a fall vaccination program.

Semen Tests:

Bulls will be semen tested after the sale.

Semen Interests:

Heart River Ranch and Open A Angus are each respectively retaining 50 percent revenue-sharing semen interest in every bull selling in this sale. Full possession and full salvage value sells on all bulls. If a buyer chooses to collect and market semen, the seller will share proportionately in the collection costs and the revenues earned. In the event that the seller chooses to collect semen for "in herd" use, it will be done at the seller's expense and at buyer convenience. Semen will be made available to buyer at cost.

Insurance

Ownership risk to purchaser commences when the auctioneer's hammer falls. Insurance will be available sale day. It is recommended that buyers insure their purchases for safe delivery. Purchaser assumes the risk of death or injury to their livestock immediately after the sale.

Volume Discounts

We are pleased to give a volume buyer discount. You will receive 5% off of purchases of 5 to 9 bulls, and 10% off of 10 or more bulls. Please notify the clerk when you check out to receive your discount. This is another way to say "Thank You" for your trust in our program.

IN LOVING MEMORY OF AVERY LYNN OBRIGEWITCH

JANUARY 29, 2014 – FEBRUARY 1, 2014

***We ask ourselves why this has to happen?
This poem perhaps explains it best ...***

Heaven's Very Special Child

*A meeting was held quite far from earth
It's time again for another birth
Said the Angels to the Lord above
This special child will need much love
Her progress may seem very slow
And growth she may not show
And she'll require special care
From the folks she meets down there
So let's be careful where she's sent
We want her life to be content
Please Lord, find family who
Will do a special job for you
They will not realize right away
The leading role they are asked to play
But with this child sent from above
Comes stronger faith and richer love
And soon they'll know the privilege given
Of caring for this from heaven
Their precious child, so meek and mild
Is Heaven's Very Special Child.*

Avery was born premature at 32 weeks, 5 days on January 29, 2014, the daughter of Annette's brother, Mike and wife Diana Obrigewitch. Avery was a beautiful baby girl with a strong will and a very special heart. She was a blessing from God and graced everyone that was around her. Due to an untreatable condition, Avery went home to be with Jesus and into the loving arms of Grandma Cecilia Obrigewitch on February 1, 2014.

God Bless You Avery!

STEADFAST BOAZ T71

We sampled Boaz a couple years ago and came to use him again after we saw his daughter's production capacity. Boaz is an udder improver with the ability of his daughters to wean off a high percent of their body weight. They were also very feminine with adequate depth of rib. Combined with ranking in the top 15% of the breed for CED, BW and Stay and acceptable performance and correct feet and legs, we have been pleased with what he has added to the herd.

Deep cherry red herd bull prospect. HRR Boaz 3115 is an ET calf out of a standout donor cow at HRR and a prolific embryo producer. He has balanced EPDs with great performance backed by four generations of dams in his pedigree with MPPAs over 101. As good a bull as we have offered in our annual production sales. This is a bull that should take the guess work out of the equation.

We tried an old sire that was owned by Berger Angus Ranch in the early 1990s to change things up a bit. The result was this moderate framed bull that is thick with lots of volume and is really complete. The bull's listed EPDs are his parental EPDs but he has been 50K tested and parent verified. We hope to have this bull registered by sale time but we are waiting for AI certificates.

This bull will be selling as a commercial bull because his dam slipped through the cracks and is not yet registered and we didn't have time before the sale to get it done. The bull was originally listed higher in the sale order. He is very complete with lots of volume and carcass scanned well. Open A 76W C Ridge A3204 will be a good buy!

Broke ranch geldings available throughout the year.
