Demolition could be one of the single most influential bulls in the red Lowline business since Bluey himself. Demolition is a red carrier bull sired by Gus and out of an Ardrossan Richmond daughter that is a maternal sister to Alta Wildcard. Demolition has been shown for two years and has made the Champion Drive 5 out of his last 6 shows. Margo Hayes has purchased the Australian semen rights. We have had a lot of interest in Demolition in the states, but we have not released any semen. In the handful of calves we have on the ground, Demolition has thrown the red gene every time. Stop by our stalls in Houston and see his first red daughter to show. He will add quality to every calf and his red gene is only a bonus. Selling 3/4 interest and full possession.

Cross two great ones and you end up here. Eve is a daughter of the top selling female from the Raising the Steaks Production Sale this past May and she is sired by a full flush brother to the \$27,000 MRG Rusty. Eve is confirmed bred for a late May calf to Alta Avenger, one of a very few Ardrossan Richmond sons to ever enter the US. She's clean, long framed and fancy with plenty of muscle and a classic look.

Olive is a very shapely young lady with a big future. Her mother is Alta Wild Card's full sister and she is sired by Colombo Park Zaccaria. Her mother weighs 1000 lbs and is probably our biggest cow. Alta Olive is going to have lots of size and capacity and is out of one of our best cow families. She will fit in well as a show heifer or as a brood cow. This January heifer calf is worth your attention.

Anzac is a future winner and sire of winners. He just has that look...very extended yet stout made and correct. He was a reserve division champion at the National and he is just getting warmed up. This 5/8 Moderator bull will produce some awesome, attractive calves. He is a maternal brother to Yowie, being used in the Mark Gilles herd in Wisconsin.
