

KRAVIG RED ANGUS

Annual Production Sale

APRIL 7, 2014

AT THE RANCH • KARVAL, CO

"Cattle Working For You!"

www.kravigredangus.com

Welcome

KRAVIG RED ANGUS

*Aaron, Danielle and Kennadee Kravig
Kennadee was born Jan. 21, 2014*

The Kravig family has been raising Red Angus cattle in Eastern Colorado for over 30 years. Over the years we have found that not only do Red Angus cows make great mothers but they also are the type of cattle that remain on the land.

At Kravig Red Angus we focus on raising low maintenance, easy fleshing cattle that perform well on both native pasture and on the rail.

The heart of our operation revolves around the mother cow. She must possess a sound udder, a good disposition, be moderately framed and have excellent structure with an emphasis on her feet and legs. Our cows must be able to go out on the prairie and work for their living with only minimal supplements. These traits are then passed on from generation to generation creating the ideal cow.

Welcome

Cattlemen and Women,

With record high cattle prices in 2013, and 2014 well on its way to even higher cattle markets everyone in the cattle industry should have a smile on their face. Here at Kravig Red Angus 2013 brought 20+ inches of rain, which allowed us to grow 2.5 ton feed, filled the ponds, and regenerated several of our springs! Although 20 inches of moisture is nearly twice our average annual precipitation total, we still have a long ways to go to be considered out of the drought. Regardless the rains were timely and allowed us to wean an excellent set of calves and the cows came off of summer pasture looking better than they have in a number of years.

The drought did have one positive effect on our ranch, it unintentionally allowed us to cull down to what we consider to be the very heart of our cowherd. By culling deeper than we ever have before we now have an exceptional set of mother cows who are both genetically and phenotypically the type of cow who will earn her living off of the land. Thanks to this rigorous culling I believe that this year we have the most complete and uniform set of bulls and heifers that we have ever offered. Whether you need a heifer bull, a new herd sire or you are looking for some low maintenance well balanced females, I believe you will find exactly what you are looking for in this years sale.

All of the cattle in the sale offering have been culled for disposition, feet, legs, udder structure, and are backed by years of proven performance. These cattle have never been pushed for maximum gains, but have been developed in a manner that is conducive to maintain soundness and longevity in your cowherds.

Just as last year, all bulls and heifers will be video taped and will be able to be viewed on our website (kravigredangus.com) prior to the sale.

I would also like to thank all of our past and returning customers. If you have any questions or would like to view the cattle feel free to call or stop by anytime. I look forward to seeing everyone on April 7!

Thanks for your interest in Kravig Red Angus, I look forward to visiting with you on sale day.

God Bless,

The Kravig Family

Sale Information

KRAVIG RED ANGUS

Annual Production Sale

Monday, April 7, 2014

Viewing at 11 a.m. • Bidding closes at 1 p.m.

At the Ranch • Karval, CO

Directions: 1 mile west, 1 mile South of Karval, CO

Selling:

31 Red Angus Yearling Bulls

9 Open Red Angus Heifers

SALE DAY PHONES:

Phone bids will be taken on the day of the sale.

Sale Day Phone..... (719) 502-6819

TERMS AND CONDITIONS

All cattle start out at the listed base price. If two parties are interested in the same lot you are allowed to bid in the form of a silent auction. The silent auction closes at 1 pm. The highest bidder on the board gets the lot.

CATTLE VIEWING

Viewing starts at 11 a.m. Bidding closes at 1 p.m. The private treaty sale will begin immediately following the close of the silent auction.

FEEDING

All cattle sold during April will be kept free of charge until April 30th. All cattle that are sold after April will have a \$75 feed charge and delivery charge.

DELIVERY

Free delivery to central points within 120 miles. Delivery beyond 120 miles can be arranged for a fee.

BREEDING GUARANTEE

All bulls will pass a breeding soundness exam prior to leaving our ranch.

CATTLE CARE

When the cattle are sold, the buyer may leave the cattle at the ranch until delivery at the buyer's risk. We will take care of the cattle to the best of our ability, but the cattle are the buyer's responsibility.

LUNCH:

A complimentary lunch will be served from 11 a.m. to 1 p.m. on sale day.

CATALOG DESIGN: Cow Camp Promotions

Red Angus Feeder Calf Certification Program

For nearly two decades the FCCP has been delivering results for bull customers using ONLY Red Angus

Genetic, Source & Age

Released in 2012, Allied Access provides an added-value option for Red Angus customers using multiple breeds in a rotation, hybrids and/or composite bulls to capture heterosis in their crossbreeding programs.

Source & Age

RedAngus.org • (940) 387-3502

Red Angus Pro-Cow

Pro-Cow is a tool used by the Red Angus Association of America to identify replacement-quality females. Only females enrolled in the FCCP will be eligible to be labeled as Pro-Cows, therefore ensuring at least 50% Red Angus bloodlines.

How to label females as Pro-Cow:

- Enroll calf crop in the Feeder Calf Certification Program (FCCP).
- Purchase 99-cent Pro-Cow tags or have the Pro-Cow logo imprinted on your FCCP tag.

Radioactive has been a standout since the day he was born. He is the calf I was always excited to see when I checked water. He is deep bodied, and powerfully made with excellent EPD's. This is as complete of a bull you will find from top to bottom and front to back. His dam was purchased from the "You Pick Em" Larson Red Angus Sale and has proven herself as one of our top producing females. If you want a heard sire that will stamp out excellent females, and add style and performance to your calf crop you won't want to let this bull get away.

If you are in need of a low maintenance, calving ease bull don't let Top Gun get by you. He is backed by Beckton Julian P172 on the top side and the great Larson Elizabeth cow line on the bottom.

Lot 21

Lots 22 & 23 are both commercial bulls sired by KRV Nebula 2. These are smaller framed bulls with big hips and great dispositions. Both of these bulls would make excellent heifer bulls.

This is the only 2-year-old bull in the sale. He is a summer-born calf who was strictly developed on grass and cake. If you want a heifer bull that is built like a brick, this bull will suit you just fine.

Open Heifers

If the price of the heifer lots exceed \$1,450/head the buyer will have the choice to leave the heifers at our ranch until June 1 with the opportunity of having them bred via A.I. to the bull of your choice.

Lots 32, 33 & 34 – These three heifers are very balanced, broody and easy-fleshing females. All three of these heifers are out of KDCS James Bond 007 and will make someone a really nice set of moderate-framed, productive cows.
