## *Friends,*

Welcome to our 31st Annual Production Sale!

2013 was certainly a year of rewards and challenges. The unprecedented cattle market saw many Red Angus commercial heifer calves from reputation herds selling for \$1,200 to \$1,300 off the cow. However, it hasn't been good everywhere, and our hearts and support are extended to those who suffered devastating losses from the Atlas blizzard and the economic hardships it imposed.

Looking forward, there are reasons for continued hope as exciting changes emerge in our industry. A growing export market, breed and market alliances, expanded genetic technology and demand for repopulating our domestic cowherd all signal a positive outlook for Red Angus cattle.

This is the 14th year that we have utilized ultrasound technology to identify superior carcass and reproduction traits that enhance the market reputation of our customer's calves. Cattle with a reputation for quality consistently top the markets.

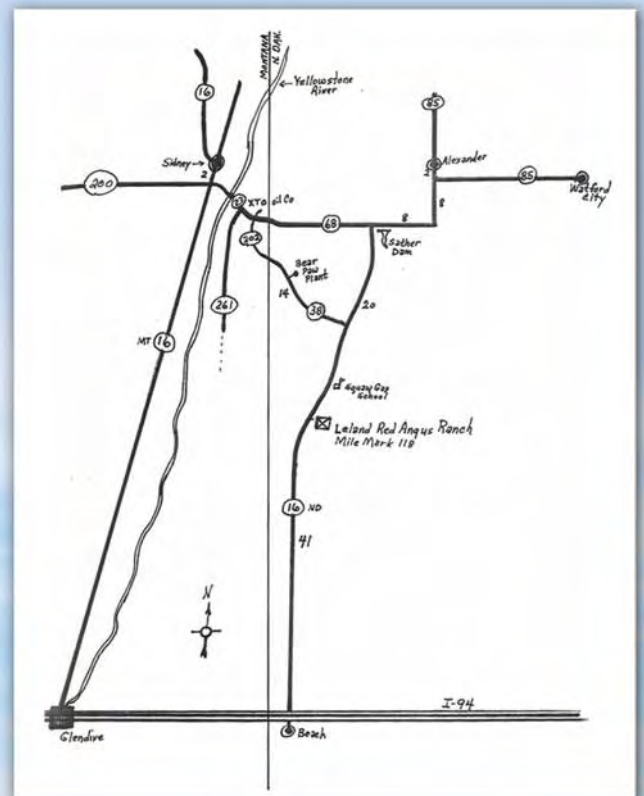

Our bull development program continues to target a 3-lb. ADG using a high-roughage base that allows genetic growth and reproductive longevity.

Our offering this year again includes a strong group of 18-month-old virgin bulls from Koester Red Angus. There will also be a few F1 and F2 Red Angus-Simmental hybrid bulls for producers looking for genetic diversity.

Every year we try to offer some new bloodlines as well as calving-ease genetics for heifers. We evaluate these cattle in large contemporary groups to increase EPD accuracy and to intentionally avoid using some bulls because of negative economic or structural traits in their pedigree.

As always, we're happy to assist in special selection needs and guarantee confidentiality and lowest bid on any sight-unseen (SUS) purchase.

*Best wishes from all of us at  
Leland Red Angus & Koester Red Angus*

**DVAuction** Broadcasting  
Real-time Auctions

**We are pleased to offer the Leland Red Angus Sale broadcast "live" over the Internet through DVAuction Services.**

**First Time Users:**

- Visit the DVAuction web site at [www.dvauction.com](http://www.dvauction.com)
- Click on the "Register" tab.
- Complete "Registration" and "Applying to Bid" at Leland Red Angus.
- Please view the tutorial available on our home page for bidding instructions.
- Proxy bidding is available before sale day and during the auction.
- You will be assigned a buyer number once you purchase.

We will be contacting your bank to verify information.

DVAuction will contact you to let you know that you have been approved to bid and buy at the sale "live" from your computer at home.

**After the sale:**

- Contact Leland Red Angus for delivery or pickup and payment arrangements.

**Note:** You must have high-speed internet access (DSL, T-1 or Broadband) to be able to bid during the sale. Any questions: Contact Tami with DVAuction at (308)-870-3661, [tmcintosh@dvauction.com](mailto:tmcintosh@dvauction.com).

We recommend that you register by March 13, 2014, for on-line bidding. Every attempt will be made to complete your application even if it is on sale day.

# GENERAL INFORMATION

**FRIDAY, MARCH 14, 2014**

Sale will begin at 1:00 PM MT.

**LUNCH**

A free noon lunch will be served on sale day.

**TRANSPORTATION**

Sidney is served by Gulfstream Int'l. Airlines. We will meet planes on request.

**ACCOMMODATIONS**

Sidney: Sunrise Inn, (406)482-3826  
Lone Tree Motor Inn, (406)433-4520  
Park Plaza Motel, (406)433-1520  
Richland Motor Inn, (406)433-6400

Watford City: McKenzie Inn, (701)444-3980 • 1-800-842-3989  
Roosevelt Inn, (701)842-3686 • 1-800-887-9170  
The Watford Hotel, (701)842-2945 • (701)842-6800

Wibaux: Beaver Creek Inn & Suites, (406)796-2666

**TELEPHONE BIDS**

Bids will be handled in strict confidence by any of the publication representatives or the Ranch. **Capabilities to bid by phone on sale day are limited. To do so, please make prior arrangements with a representative or to participate in person, call the ranch at 701-565-2347 to receive a conference line call-in number.** Bidders may also log on to DVAuction.com to bid online. Please see additional information on Page 1.

**HEALTH**

All the bulls will have a general health and fertility examination by sale day and will be cleared for interstate transportation. Scrotal measurements will be available on sale day. All heifers are bangs vaccinated.

**FERTILITY**

Yearling and 18 month old bulls will have a breeding soundness evaluation and semen test. Yearling heifers are guaranteed open and breedable.

**DELIVERY**

Free delivery of bulls to central points up to 700 miles. Balance at cost. Heifers in load lots or by arrangement. We will cooperate in any way to assist in deliveries of greater distance or by private arrangements and volume purchases.

## CARCASS ULTRASOUND

This is the 14<sup>th</sup> year we have used ultrasound technology to evaluate carcass characteristics. Weather permitting, we will have carcass ultrasound information available on all bulls just prior to the sale that can be accessed on our web site.

This information will be available for our customers upon request and more importantly it will be used for more meaningful genetic evaluations in the future as it contributes to carcass EPDs.

## Red Angus Feeder Calf Certification Program Tag Voucher

**Genetic, Age and Source verify your feeder calves free or at minimal cost to increase potential for premiums in the Red Angus Feeder Calf Certification Program (FCCP).**

*Leland and Koester Red Angus Ranches will help you with this easy process.*

1. Call Red Angus Association at 1-940-387-3502 to answer a few questions to enroll.
2. Calves sired by Leland and Koester bulls qualify for the FCCP and Red Angus will invoice the cost of the tags to us at the rate of one bag of 25 tags per bull purchased in 2014.
3. If additional tags are needed, they can be purchased by the bag for 99¢/tag but must be used only in calves that qualify for certification.
4. The FCCP tags are serial numbered at the bottom leaving space on both the front and back for additional ID numbers desired. This is the lowest-cost system in the industry to USDA genetic, age and source verify your cattle.

## INTEREST RETAINED

1/3 semen interest is retained and full possession selling on all bulls. This means purchaser buys the bull for what he bids and gets 100% possession and 100% resale value of the bull when he sells him. It does give Leland Red Angus the option to collect, use and market semen from the bull and does not restrict purchaser from doing the same. This collection, unless agreed otherwise, would be done at the expense of Leland Red Angus and at the purchaser's convenience. Leland Red Angus would assume full liability for the bull's welfare at the purchase value during transportation and collection unless it is a joint venture with the purchaser. In such a case, liability would be proportionately assumed.

## SCROTAL CIRCUMFERENCE MEASUREMENTS and FERTILITY

All bulls will have a breeding soundness evaluation and semen test. Scrotal measurements are taken at 10½ to 11 months of age and adjusted to 365 days of age. Scrotal measurements and frame score will be available sale day.

Y50 sold in our 2012 sale to Randy Meyer in MO. We are using Y50 in our program and recognize him as one of Fire Brand T22's best sons. His progeny are stand-outs that support his data. We will have an even larger number in next year's sale. Notice his top breed rank of 1% WW, YW, TM and CW with very strong carcass and maternal values. His dam has a 107 MPPA. His sons have an average of 91 BW, 764 WW(106) and daughters have 78 BW, 684WW (103). SEMEN AVAILABLE.

We purchased this Norseman King grandson from a high-MPPA dam because of his promising growth, maternal and carcass qualities. He has not disappointed us and always sires some of the thickest, most attractive performance sons in our sale. His daughters in production exhibit great udder structure and maternal character. His dam has a 103.7 MPPA. Notice that he ranks in the top 1% of the breed for WW, YW, and CW and top 3% REA, 10% HPG, 32% MB. Because of his extreme growth, we mate him to moderate females. His bulls av. 88BW, 730WW(102). Heifers av. 80BW, 669WW(102). Co-owned with 5L Red Angus, MT. SEMEN AVAILABLE.

Long considered King Rob's greatest son, Chateau continues to sire progeny right for the times. His attractive daughters make great cows. Notice how he ranks in the top 1/3 of the breed for many traits. Time tested for accuracy with over 4,000 birth records, he can be used on heifers with confidence. He's deceased with very limited semen remaining, and we plan to continue his use as our semen supply allows. His sons in our 2012 sale were very popular with Leland Odyssey Y290 selling for \$30,000 and Koester Chivas 005 selling for \$28,000. Progeny from Odyssey and Chivas will sell in this sale. Chateau's bulls av. 80BW, 729WW(100). Heifers av. 72BW, 663WW(100) with over half out of first-calf heifers. His dam has a 103 MPPA. Co-owned with Glacier Red Angus, MT, and Arrowhead Ranch, OK.

We saw Merlin progeny in several different environments and had to use him. Merlin is a long-spined, deep-ribbed muscular bull that calves very easy. His progeny excel in muscle, volume and fleshing ability. His daughters exhibit great udders. Merlin is deceased with most of his semen depleted so there will be limited opportunity to purchase his progeny. His sons av. 83BW, 727WW(101) and daughters 73BW, 663WW(101). Genex Sire.

We purchased this bull on the strength of his exception birth-to-yearling-weight spread for breeding heifers. He has had exceptional calving ease, ranking in the top 2% of the breed and is our strongest recommendation for breeding heifers. He is linebred to Beckton Lana on his sire side with the popular Nebula P707 as grandsire and Beckton Justice on the bottom with Epic on top and bottom. His sons av. 81BW, 752WW(103) and his daughters av. 75BW, 702WW(104). Co-owned with Beckton Stock Farm, WY.

WS Beef King W107

This powerful purebred Simmental sire was used to develop a few F1 bull to accommodate the outcross demand from some of our long-time commercial customers. Beef King is a son of the Beef Maker sire. The Beef King sons were well received in the past and they have exceptional thickness, muscle, rib shape and balance. They develop into very desirable cattle for the industry. These SimAngus bulls should compliment any Red Angus program. His sons av. 94BW, 770WW(100). Heifers av. 86BW, 697WW (100).

We purchased Right Gun from Leland Red Angus for his power and dimension. He is an easy-fleshing, very powerful-made, moderate bull. His calves show tremendous volume and hip shape, and they will be a popular feature in the sale. Right Gun will see extensive use in our program. His progeny av. 93BW, 644WW(100), 1117YW(100). Owned by Koester Red Angus, ND and Leland Red Angus, MT. SEMEN AVAILABLE.

LCJ Legacy 467W

We purchased Legacy for our calving-ease sire and he did not disappoint us. He calves very easy and the offspring get up and grow. We lost Legacy to an injury and we have very limited semen available. His progeny develop into moderate, easy fleshing, high-volume efficient cattle and are showing great marbling scores. His progeny av. 79BW, 642WW(100), 1065YW(99). Owned by Koester Red Koester, ND and Croissant Red Angus, CO.

**WHAT ABOUT BIRTH WEIGHT and CALVING EASE?**

*University studies in Wyoming and data from Montana and Colorado lend credence to the following conclusions:*

1. The birth weight itself influences calving ease by 65%.
2. The female has 60-70% influence on the birth weight of her calf.
3. The bull has 30-40% influence on the birth weight of his progeny.
4. Pelvic measurement and angle as well as the shape of the calf has 35-40% influence on calving ease.
5. Length of gestation greatly affects birth weight.

A fetus can gain over 1 pound per day in the last days of gestation.

6. Weather and temperature the last 30 days affect the length of gestation.
  7. Size and maturity of the heifer influences calving ease.
- At Leland Red Angus we would also include the following observations:*

Most commercial producers do not take birth weights. Guessing is as inaccurate as driving with a broken speedometer - what's thought to be 55 mph may in fact be 65 or 70 mph, and what's thought to be 70-80 lbs. may actually be 80-90 lbs.

**Birth weights are taken with two people on all of the calves born at Leland Red Angus to maximize accuracy. We believe in accurate measurements and accurate reporting. At no time are weights ever estimated.**

Remember, everything is relevant. Increased growth, frame and performance will increase BW. A longer bodied calf will likely weigh more. If a calf is expected to have genetics for growth, it will display this prior to birth as well as after.

As a rule of thumb, it takes a calf weighing 85 lbs. at birth to finish at 1200-1250 lbs. A cow should easily give birth to a calf weighing 8% of her own body weight. Thus, a 1200 lb. cow should give birth to a 96 lb. calf with ease.

Calves weighing 80-90 lbs. have a better storm survival rate than 60-70 lb. calves because of body mass.

Continued selection for light birth weights will ultimately reduce the mature size and performance of your cattle.

As we research effects of BW at Leland Red Angus, we found that after the cold, prolonged winter of 1996, birth weights increased 6 lbs. over 1995 with no ration difference. In addition, 10% of our bulls were from identical matings, yet the birth weights averaged 15 lbs. heavier than their full brothers in 1995.

\*Serious performance cowmen should look for this bull with an 826 WW(115) off native, dryland pasture with no creep.

\*His 106.5 MPPA dam produced a Right Gun 292X son we retained as a herd bull last year, when she had an 82BW average on 4 head.

\*Two maternal sisters have consistently moderate BW.

\*A top 1% WW, 3% YW, 1% TM, 9% REA and 10% MB make this bull special with his high rank in milk as well.

\*His dam has bred 1st cycle every year and ultrasounds to be among our 1st to calve this year after raising this hulk.

**Confidence – in the program, the cattle and the genetics.**

*Koester Red Angus genetics have been used all over the country with the same results – THEY WORK! A fall bull from Koester Red Angus has the age advantage to hold his flesh better than a yearling, while siring just as many calves over his lifetime. We focus our genetics to produce calves that will weigh up at weaning and give our customers confidence in structurally correct, maternal and efficient replacement females.*

**Confidence you can take to the bank!**

*The second set of fall-born bulls begins on page 43 with Lot 98.*

\*A young bull with a load of positive traits including calving ease, growth, fertility and carcass.  
 \*His 102.8 MPPA 2 year old dam has a perfect udder and her two low BW maternal sisters are also in our herd.  
 \*He has the stylish depth and thickness of his sire and an attractive breed rank.

\*Raised by a 12 year old cow who has been a 1st cycle calver every year, including this year at 13.

\*His dam has a 76 BW average on 11 calves and still scores high on foot and udder structure.

\*This heifer bull is bred on both sides to express thick muscling and easy fleshing.

\*He ranks in top 6% BW and 2% HPG with maternal brothers selling to Rorvig Ranch, ND, Burdell Johnson, ND, Craig Iverson, MT.

Leland Right Direction 8242U, MGS of Lot 128

\*A heifer bull deluxe with strong carcass values.

\*Look at his 60 lb BW with a top 1% breed rank for BW and still near breed average for YW.

# 126

\*His 10 year old dam has a 109.2 MPPA and produced 2 sets of twins.

\*He was weaned early when his mother became injured so he doesn't qualify for ratios.

\*His dam has excellent udder scores to complement her top 1% Milk and 2% TM EPD breed rank.

Leland Heavy Metal 179Z, paternal brother to Lot 142

Leland Fire T22-129Z, paternal brother to Lot 143

\*A moderate frame bull with good growth numbers and great carcass potential.

\*His dam is a moderate frame, heavy milking cow with a 75 BW average on 6 head.

\*A young but powerful bull from a Viking x Destination bred cow with a 105.6 MPPA, 82 BW, 735(108)WW on 3 head.

\*Note his positive breed rank in growth, fertility and REA.

\*Rorvig Livestock, ND purchased a maternal brother last year who had a 78 BW, 749(111)WW, 1318(111)YW.

\*In spite of his age, he is long and thick with great scrotal development.

Brown LSF Celebration 7050, sire of Lot 146

\*A smooth-made, low BW bull with nice depth of rib and strong carcass merit.

\*His pedigree has 3 generations of low BW sires used to breed heifers: Celebration, Cool 9229, Canyon Prairie 1041.

\*Notice his CED, BW and top 5% MB, 17% REA breed rank.

\*3 maternal brothers, high in the sale order, sold for an average over \$6000.

**IN MEMORY – TERRY ROBINSON**

*One of the best things about our business is the great people we've met as customers and those that we work with. One of those special people, Terry Robinson, died suddenly in an accident last spring. He will be truly missed at our sale this year and in the years to come – not only by our family but by our customers. Terry made friends wherever he went, and many of*

*you may have been targets of his good-natured sense of humor! He made people feel that they were important to him; it wasn't just his job, it was just the way he was.*

*Terry became our friend before we held a production sale and the bond grew over the years. He was an advisor for our beginning education in advertising and managing a sale.*

*We saw him mature into a fine ring man. When he began his career, some of you may remember his exuberance when the bidding was rapid. He'd get a bid, jump up on the side of the ring and give a very distinct yell!*

*Terry was a mentor to Tracey in livestock promotion and they worked together for many years at Farm & Ranch Guide. He likewise was instrumental in getting Steve involved in ring service and they traveled together to many sales.*

*As much as Terry's job and the people he worked with and for meant to him, it was nothing compared to the pride and love he expressed for his family; pride and love that only increased with grandchildren.*

*Yes, we will definitely miss TR at our sale this year – his laugh and sense of humor, friendship and loyal support, talents and insights. We know he had a strong faith and, if there are production sales in Heaven, Terry has joined the crew!*

*We miss you, TR! Thanks for your friendship and all the good memories.*

**BICKEL RANCH NAMED  
 2013 RED ANGUS  
 COMMERCIAL PRODUCER  
 OF THE YEAR**

Melvin Leland presented the Commercial Producer of the Year Award to Jack Bickel and his daughter, Robin, at the 2013 Red Angus Convention.

*Congratulations on  
 your well-deserved  
 recognition!*

**ON THE BLOCK:** (L-R) Melvin Leland, Lynn Weishaar and Tana Hovde

Melvin Leland and Tracey Koester

J.J. Hovde

**OFFICE CREW:** (L-R) Hope Huft, Jen Erickson, Carla Leland, Tracey Koester, Luella Leland, Shaye Koester, Tamra Sperry, Tana Hovde and Trista Hovde. (Front row) Silvia Boekelman and Cedar Hovde.

**ON THE BLOCK:** (L-R) Todd Leland, Seth Weishaar and Tana Hovde

Steve Koester

Vince Schettler

Robert Sperry

*Important people*  
**BEHIND the SCENES**

Todd and Carla Leland

**AUCTION CREW:** (L-R) Jeff Thomas, Lynn Weishaar, John Goggins, Kris Petersen, Terry Robinson, Scott Ressler, Clint Berry, Seth Weishaar, Todd Leland, Steve Koester, Jerry Gliko and Melvin Leland

**SALE DAY COOKS:**  
(L-R) Nate, Vickie and LeRoy Strasheim

**OUTBACK CREW:** (Standing, L-R) Corey Erickson, Trista Hovde, JJ Hovde, Mark Voll, Beau Huft, Tom Voll, Ryan Smith, Kacey Koester, Mike Uetz, Ryan Forbes. (Kneeling) Stacy Boekelman, Vince Schettler, Jason McNally and Robert Sperry.

# HEIFERS

These heifers were wintered on a high roughage ration. They are penned in comparable groups but will sell individually. All heifers will sell as registered unless stated otherwise or announced from the block. They are all bangs vaccinated and guaranteed open.

# Pro-Cow

*Capturing the Value in Red Angus Influenced Replacement Females*
