Jeremy and JD Dunbar; Julie, Bob, Jim and Tom Morton

Welcome to our 16th annual bull sale! It is hard to believe that we have been producing Red Angus seedstock since 1985! In an industry where statistics show that the average purebred breeder only stays in business for 5 years, we hope you take comfort in the fact that we have a 30-year history in the breed. We believe it takes years of dedication to the breeding of a cow herd to insure that our customers are receiving the genetic stability they rely on.

Compiling data and writing footnotes on the bulls in this year's offering was very rewarding. The following pages are full of high-end EPD packages combined with outstanding performance. One of the most rewarding aspects is to look back through pedigrees and be able to see the generations of performance minded females that have helped to make the Green Mountain herd what it is today. It takes years of breeding to create a cow herd that is consistent across the board. We have always strived to match phenotype with performance and numbers. It is a challenge to combine all 3 of these traits into one cohesive package.

Not only do we keep an eye on the basics of cattle breeding, we continue to utilize current technologies that will improve upon already sound data. We strive to provide our customers with the best information that the science of today can offer. Every bull in this catalog has been DNA tested to receive genomically enhanced EPDs. This places our customers in the position of purchasing a yearling bull with the same accuracies as a more mature bull with calves on the ground and data already reported.

With all of the bull sale catalogs filling your mail box this time of year, we appreciate you taking the time to look through the Green Mountain offering. We hope you enjoy looking at the sale lots offered in the following pages as much as we enjoyed putting this information together. The bulls are catalogued in sale order and will be selling at 1:00 pm MDT, with lunch at noon. If you cannot attend the sale, tune in to RuralTV to watch on Superior. Superior will be handling all conference calls and internet bidding will be available through both Superior and DVAuction. As always, even though there will be a video feed running, the bulls will still be run through the ring on sale day. Videos of all sale lots will be available to view prior to the sale on our website at [www.gmracattle.com](http://www.gmracattle.com). Please don't hesitate to call if we can be of any help or answer any questions about your bull purchases. We look forward to seeing you on March 17th!

Get off 1-90 at the Logan Exit, #283. Go north and take a left on the frontage road. Proceed west toward Three Forks, about 1/2 mile. Take a right onto Logan Trident Road, heading north. The road immediately crosses the Gallatin River and the railroad tracks, as shown on the map. Green Mountain Red Angus is 2 miles from the railroad tracks. Watch for the large Green Mountain Red Angus sign.

**ASSOCIATION REPRESENTATIVES:**

Twig Marston, CEO..... Red Angus Assn. of America  
 Kim Ford, President..... Red Angus Assn. of America  
 Kevin Miller, First Vice President..... Red Angus Assn. of America  
 Bob Morton, Second Vice President..... Red Angus Assn. of America  
 Donna Laubach, MTRAA President ..... Montana Red Angus Assn.  
 Julie Morton, MTRAA Vice President ..... Montana Red Angus Assn.

**LIVESTOCK INSURANCE:**

Jerry Gliko..... 406-860-3181  
 Tyler Holland, PayneWest..... 800-497-1012

**ACCOMMODATIONS:**

Broken Spur, Three Forks..... 1-888-354-3048

## TERMS AND CONDITIONS

1. The terms of the sale are cash unless prior arrangements have been made.
2. Each animal will be sold to the highest bidder. The person in charge will settle any disputes as to bids, and his decision on such matters shall be final.
3. Any announcement from the seller on sale day will take precedence over printed material.
4. Health certificates will be furnished for shipment anywhere in the United States.
5. Each animal becomes buyer's risk as soon as sold; but it shall be the obligation of the seller to see that animals are fed and cared for, free of charge to purchaser, until loaded for shipment or until the expiration of April 1st of the current year.
6. Retained Interest: Green Mountain Red Angus is retaining one-third revenue share interest in all bulls in the sale. We reserve the right to participate in the collection and marketing of semen. Buyers receive two-thirds interest, full possession and full salvage value. If seller wishes to collect semen for in-herd use only it will be at seller's expense and the buyer's convenience. If the buyer wishes to share in the collection costs and keep his share for in-herd use that is their choice.
7. All claims for adjustment or refund must be made in writing within six months of the sale date. In the event an animal is claimed to be a non-breeder, the Seller shall be entitled to six months' trial following the return of the animal in which to prove the animal is a breeder. If at the end of six months the Seller is unable to prove the animal is a breeder, restitution shall be made, in compliance with the terms set forth by the Red Angus Association of America. Any expenses incurred for transporting the animal shall be the buyer's responsibility.
8. Everyone attending this sale does so at their own risk. Owners, clerks or other helpers do not assume responsibility, legal or otherwise, for damages of any kind.
9. A certificate of registry and transfer will be furnished for each animal sold as a registered animal, after settlement has been made.
10. The above terms and conditions shall constitute a contract between the buyer and seller of each animal sold.

**These cattle do sell in accordance with the Sale Terms and Conditions set forth by the Red Angus Association of America.**

# **DVAuction**

**Broadcasting Real-Time Auctions**

Watch and Bid Online at [DVAuction.com](http://DVAuction.com)

Can't make the sale?

We are pleased to bring you real-time Internet bidding and a live broadcast of this sale through DVAuction. To watch or bid online, simply complete the following steps:

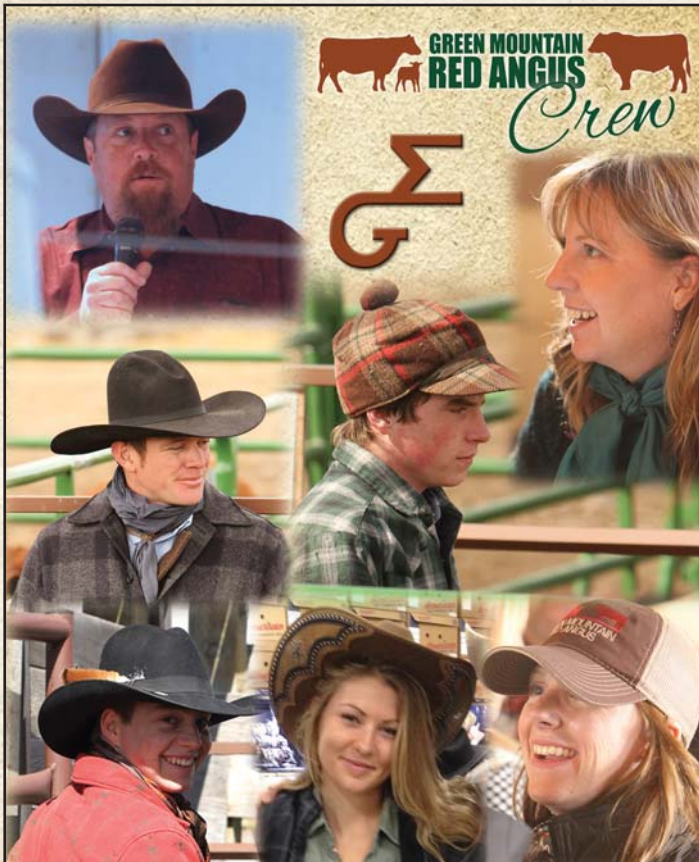

- Visit the DVAuction web site at [www.dvauction.com](http://www.dvauction.com)
- Click on the "Creat New Account" tab
- Enter a user name, password and your contact information.
- Complete the Banking Information. (If you are only interested in viewing you can skip this section)
- Select your Time Zone, Accept the Terms and Conditions and click "Create Account"
- Complete the process by answering a few questions, selecting your subscription choices
- Click on "Apply for Bidding" in the upper left corner of your screen to select the sales you wish to bid on
- Be sure to include a personal contact at your bank, we will contact them in order to get a credit reference.
- If you would prefer to be approved using your credit card, call (402) 316-5460.
- Please be sure to apply for bidding at least a day in advance of the sale-every effort will be made to process your application in a timely manner.

DVAuction will contact you once you have been approved to bid. We do not provide buyer numbers until you have purchased a lot in the sale, and that number is only usable for that auction. After the sale contact the sale owner or manager to make arrangements for payment and delivery of your online purchases.

**Please Note:** High speed Internet access (DSL, T-1, or Broadband) is required to be able to bid successfully during the sale. If you have any questions, please contact DVAuction at (402) 316-5460 or email [support@dvauction.com](mailto:support@dvauction.com).

**Proxy Bidding:** If you can't access a computer during the sale, you can now place a "proxy bid" through DVAuction. Simply follow the instructions listed above, and as the sale date nears there will be a "Proxy Bidding" link under the sale listing on the main page of DVAuction. You can then place the maximum amount that you'd like to bid, and our system will represent your bid just as if you were there.

## HOW TO PARTICIPATE ON THE PHONE OR ONLINE

We have made preparations to bid and buy livestock through Superior Productions' "Call or Click-To-Bid" service for those unable to attend in person on sale day. **Please note that all of the lots in the sale will also be available for viewing online prior to sale day at [www.superiorlivestock.com](http://www.superiorlivestock.com).**

### HERE'S HOW IT WORKS

**Turn in Bids Over the Phone.** This is our traditional method of buying livestock and is the suggested process for anyone who does not have consistent, high-speed internet. To get started simply go online to [www.superiorlivestock.com](http://www.superiorlivestock.com) and click on the tab titled "Register for a Buyer Number." Select the registration form for Superior Productions and print the registration form, fill it out and fax it in to Superior Productions at (817) 378-3380 with a signature on it, or scan and email the form to [info@superiorauction.com](mailto:info@superiorauction.com).

You can also mail it in to the address provided on the form. Upon receipt of this information Superior will call you with a buyer's number and the bid line phone number that you will use on sale day to place bids over the phone.

**Click-To-Bid.** This is Superior's online bidding program for cattle buying! **PLEASE NOTE THAT HIGH SPEED INTERNET IS REQUIRED – THIS IS NOT FOR DIAL-UP OR SATELLITE INTERNET.** Registration is free, but you must become a member of [www.superiorclicktobid.com](http://www.superiorclicktobid.com) to sign up. Becoming a member is easy – just go to the homepage of [www.superiorclicktobid.com](http://www.superiorclicktobid.com) and follow the outlined steps to get started. Input your information and select a username and password. You will receive an e-mail confirming you are a member. From that point forward you just have to sign in and select the sale you would like to register for and once approved by the ranch you will receive an e-mail confirming which sale you are now registered for.

**Viewing the Auction.** The sale will be broadcast via satellite on Dish Network channel 232 (RURAL-TV). *Please note that there is a short delay if you are watching the auction on television so be sure to call in a couple lots ahead of the lot you are interested in bidding on.* The sale will also be broadcast live on the internet at [www.superiorclicktobid.com](http://www.superiorclicktobid.com) – just go to the home page and select the auction. Remember you can call in to bid whether you watch on the TV or on the internet, but you must be a member of [www.superiorclicktobid.com](http://www.superiorclicktobid.com) to "click-to-bid." Your computer must have Flash Media Player installed to view the auction. If you have questions, please call the Superior Productions office at 800-431-4452.

**Bidders who are successful in making purchases via satellite or internet will be contacted by the ranch after the sale to settle payment and make shipping arrangements.**

# Bull Selection – Simplified.

Red Angus stakeholders have enjoyed the capability of selecting bulls based on economically relevant traits (ERTs), such as Heifer Pregnancy or Stayability, that truly impact their operations profitability. While these ERTs allow for efficient selection decisions, the growing number of ERTs and EPDs has resulted in confusion as producers attempt to estimate a sire's overall impact. In response, RAAA has developed the HerdBuilder and GridMaster indices, which answer the question:

**“What impact will each potential sire have on my operation’s profitability?”**

## HERDBUILDER

Producers selecting bulls to develop profitable replacement females and maximize the value of non-replacement marketed progeny should incorporate the HerdBuilder Index into their selection decisions.

The HerdBuilder Index is built using the following scenario:

- Red Angus bulls mated to cows and heifers
- Replacement heifers retained from within the herd
- All remaining progeny sold on a quality-based carcass grid

Given that replacement heifers are retained, significant influence is placed on the obvious maternal ERTs of Stayability, Heifer Pregnancy and Calving Ease. Additionally, with all remaining progeny sold on a quality-based carcass grid, Marbling, Yield Grade and growth EPDs also impact the HerdBuilder Index.

## GRIDMASTER

Use the GridMaster Index if your operation's primary goal is maximizing profitability of feeders in the feedyard and on the rail.

The GridMaster Index is built using the following scenario:

- Red Angus bulls mated to cows
- All progeny sold on a quality-based carcass grid

Marbling, Yield Grade and growth EPDs are the traits of primary importance in the GridMaster Index.

**While the process of calculating an index is very complex, the resulting selection tool is very simple to implement.**

HerdBuilder and GridMaster are expressed as differences in profitability per exposure.

### HerdBuilder Example:

30 cows x 5 years breeding = 150 exposures

Bull A has a HerdBuilder Index of 175:  $175 \times 150 = \$26,250$

Bull B has a HerdBuilder Index of 100:  $100 \times 150 = \$15,000$

**\$11,250 Difference in Profitability**

Ranch Tested. Rancher Trusted.

Trilogy was Accelerated Genetics' pick from our 2011 sale. He is a maternal brother to GMRA Make It Easy 8226, who was also purchased by Accelerated Genetics in 2009. We have been using this moderate framed, muscular sire heavily with great results. His calves are powerhouses from early on, showing excellent

muscling and broad tops, and have carried that on through weaning and yearling. Look for the Trilogy calves to be all around standouts, backed by breed leading numbers. The Trilogy females are becoming highly sought after in the Red Angus breed. His daughters in production at GMRA are doing a great job and carry a deep, broody phenotype with solid udders.

**Fritz Justice 8013**

GMRA the Justice calves always perform well on test and scan well for carcass. Justice daughters are milking well and have nice udders and are raising top end calves.

Justice calves come easy and continue on to have explosive growth. He offers that rare combination of super calving ease and breed leading growth numbers, backed up by the personal performance of his progeny. His overall performance ratios are 102 for WW and 104 for YW on all calves reported to RAAA. Here at

GMRA Peacemaker 1216

through test. The bulls in the feedlot scan well for carcass. They are deep with good muscling. Peacemaker has turned out to be a bona fide heifer bull with superior growth backing up curve bender EPDs.

Epic has provided a total genetic outcross for the GMRA herd. Bulls on test are gaining well and turn in good carcass scans with above average REA. The Epic calves are phenotypically correct with a nice straight top, excellent volume, and good thickness and muscling. Look for his calves to add power and eye appeal to your herd.

Roosevelt is a total outcross to our genetics and comes with tons of power and eye appeal. The Roosevelt calves have been standouts ever since they hit the ground. They have the conformation and muscle pattern that we like. They are broad topped, thick and deep, with a good rear quarter and a very solid structure. The calves' early growth is extremely rapid and going on to summer pasture they already show a maturity beyond their age. They are one of the most phenotypically powerful sire groups we have seen.

Stetson is a very solid bull that was purchased by Accelerated Genetics in our 2013 sale. He caught their eye with outstanding personal performance backed up by one of the most consistent sets of EPDs in the offering. He comes from an outstanding Hobo 79E dam with one of the highest MPPAs in the Green Mountain herd. Stetson is a maternal brother to GMRA Mountain 9287, who is the sire of several lots in the sale.

Make It Easy boasts a pedigree stacked with sires that excel in producing superior females and he is a maternal brother to GMRA Trilogy 0226. That is a great combination with the data the Make It Easy calves are turning in. His overall performance ratios are 101 for WW and 102 for YW on all calves reported to RAHA. His daughters in production are doing just what we expected, based on his highly maternal pedigree.

Goldbar is a new herd sire that we purchased from Bieber Red Angus in their 2013 fall sale. He offers a complete outcross to our genetics. His calves come easy and grow out with tons of length and thickness.

# Feeder Calf Certification Program

1. Make the call.
2. Provide special documentation.
3. Purchase tags.
4. Tag calves.
5. Fill out Enrollment Agreement.
6. Receive Certificate of Compliance (COC).

Mountain was one of our top bulls in our 2010 sale. He is a son of the fantastic female producer, GMRA EBV 266. We are expecting Mountain to step into his sire's footsteps and produce his own outstanding replacements. Mountain is out of an impressive female himself - his dam is a high MPPA cow that is also the dam of GMRA Stetson 2240. Look for the Mountain calves to have great depth and muscling with tons of eye appeal.

Absolute is impressive from one end to the other. Do you need performance? This bull has it! A moderate birth weight is followed with outstanding growth. He is tied for the 5th highest 205-day ratio in the offering and is tied for the 2nd highest yearling ratio. Do you need powerful EPDs that back up that performance? This bull has it! He has 9 numbers in the top 30% of the breed with 8 of those in the top 22% or higher. Standouts are CW in the top 3%, which is tied for the 6th highest in the offering, YW in the top 2%, which is tied for the 5th highest, and a CEM in the top 1% which is the 2nd highest. Do you need correct structure? This bull has it! Do you need an incredible maternally influenced pedigree? This bull has it! He is out of a first calf heifer with a 104.4 MPPA that is backed by a pedigree stacked with generations of performance. Going back 5 generations the lowest MPPA is 101.3 and they range from there up to 108.5. Do not pass up this incredibly powerful Justice son.

If you want a bona fide heifer bull that boasts proven calving ease leading into high-end performance, look no further. This Justice son is out of a dam with an MPPA of 103.2. She posts an average birth weight of 68 on 6 calves while weaning them off at an average ratio of 104 and having an average yearling ratio of 103. Garrett has the potential to be a true curve bender. 75% of his EPDs are in the top 30% or higher, with 5 of these in the single digits. What is really impressive is a CED in the top 8% and a BW in the top 9%, while his WW and YW are in the top 18% and 17%, respectively. He also posts the #1 ME EPD in the offering. His performance is at the top of the offering with the #5 WDA at the end of the third quarter test period. Carcass scans are impressive as well. While this bull is a true heifer bull he still shows a powerful look with very good feet and legs. Garrett is the whole package.

Lot 3

She's done it again! GMRA Lakota 625 has produced another impressive top end bull. This bull is a maternal sibling to GMRA Make It easy 8226, purchased by Accelerated Genetics in our 2009 sale and GMRA Trilogy 0226, purchased by Accelerated Genetics in our 2011 sale. Trilogy is producing some of the most sought after females in the breed and is the new standard for curve bending sires. This half-brother has 13 of his 16 EPDs in the top 37% of the breed and an impressive 8 of those are in the top 8%. That is a set of numbers that are just too rare to pass up! He boasts the #1 HBI in the offering, is tied for the #2 HPG and has the #2 Stay EPD. Even more important than the paperwork is the phenotype. This bull has a nice straight top, a deep rear quarter and correct structure. Legend will bring power to any herd.

Trigger is out of the #1 MPPA mature cow in the GMRA herd. She has an impressive 109.3 on 12 calves, with an average weaning ratio of 110 on 12 and an average yearling ratio of 105 on 11. Many of her bull calves have gone on to be herd sires in registered herds and this bull will be no exception. He has a nice moderate birth weight that he took to the #2 205 adjusted weight, and is tied for the #2 weaning ratio. As of the third quarter weights he is the #1 ADG bull and sits at #2 for WDA. This power is backed up by 11 EPDs in the top 1/3rd of the breed or higher. Standouts are the #5 HBI in the offering, which is in the top 3%, a GMI in the top 6%, Milk in the top 3%, and the #3 Stay of all sale lots in the top 2%. And just look at the phenotype! Smooth with lots of rib and depth behind the shoulder and a nice deep rear quarter.

Lot 5

This may just be the most interesting bull in the offering. Out West came into this world at just 69# but with an eye towards performance. He posts the #4 205 adjusted weight and is tied for the #5 weaning ratio in the offering. His IMF adjusted scan is #4 in the offering and he is tied for the #3 IMF ratio. This follows a pattern stamped by his dam. She has an MPPA of 104 on 3. She posts an average birth weight of 70, average weaning weight of 106, average yearling weight of 102, and an average IMF ratio of 129. Out West is backed up by proven consistent calving ease, combined with high performance and marbling. He also posts 9 EPDs in the top 27% of the breed or higher. His GMI is in the top 2% and is tied for #2 in the offering, backing up that IMF score. Don't pass up this incredibly smooth, well-made calving ease specialist that will give you calves that perform and grade on the rail.

Lot 6

Maverick has turned in top performance ratios from weaning clear through his carcass scans. He has the #3 adjusted yearling weight and is tied for the #2 yearling ratio. As of third quarter test weights he is the #2 ADG bull and sits at #1 for WDA. His actual REA carcass scan and ratio is tied for #4 in the offering. The cow family behind this bull is impressive. His maternal grandam has an MPPA of 108.5 and is the #3 mature cow in the herd. She has an average weaning ratio of 110 on 8, an average yearling ratio of 102 on 7, and an average IMF of 105 and REA of 104 on 3. His dam is an impressive Vacation daughter that follows in her dam's footsteps with an MPPA of 104 on 6. Average weaning and yearling ratios are well over 100 and her IMF averages 112 and REA is 109 on 3. What this bull brings to the table is generations of consistent performance backed up by 11 EPDs in the top 24% and 8 of those in the top 9% or higher. This is a bull complemented with a phenotype that catches your eye every time you walk in the pen.

Do not overlook this bull simply because he doesn't have the super high growth ratios. When you look at the complete package from birth weight to performance to pedigree you see he is one not to miss! He posted the 2nd lowest actual birth weight in the offering, but was tied for 4th in the 2nd quarter test gains. Out of 16 EPDs he has 11 in the top 21% or higher and proves that he is a calving ease specialist with a CED in the top 1% of the breed, a BW in the top 3% and a CEM in the top 4%, and has the #1 CED EPD, and the #2 BW and YG EPDs in the offering. He is out of one of the most prolific cow families in the herd. His dam has an MPPA of 103.5 on 11 calves, his maternal grandam has an impressive 108.5 on 12, and his maternal great grandam has a 103.5. All of this is wrapped up in an extremely smooth, eye-catching package that shows correct structure with great depth, capacity and muscling.

This bull is all about performance. He turns in the #1 205 adjusted weight in the offering and the #1 weaning ratio. His adjusted yearling weight places him at #4 with the #1 yearling ratio. This is backed up by EPDs that fall right in line. He has an impressive 7 EPDs in the top 8% of the breed or higher. His WW, YW, and CW are all in the top 1% of the breed and he has the #1 WW EPD in the offering and the #3 YW and CW. This bull brings more than just numbers and performance to the table – he is out of a highly maternal cow family that has always produced top end progeny. His young dam posts a 110.4 MPPA and is currently the #1 MPPA cow in the herd. She is backed up by generations of MPPA's well over 100. If you need to add pounds at weaning while retaining your own replacements look no further than Fort Knox!

Here is a super solid Trilogy son that is at the top of his class when it comes to performance. Not bad for a twin! He is out of a dam with an MPPA of 103.3, an average weaning ratio of 104 and an average yearling ratio of 103. As of the third quarter test weights he posts the #5 ADG. Look for a powerful phenotype with tons of depth and capacity, with a smooth broad top. The EPD package on this bull is impressive, with 11 numbers in the top 25% of the breed or higher. He posts the #1 YG EPD in the offering. His REA is in the top 1% of the breed, ranking him with the #2 REA EPD in the offering and he turned in the 3rd highest actual REA scan.

Here is a high-performance Stetson son that just doesn't do anything wrong. He turned a moderate birth weight into high-end performance. He is tied for the 5th highest 205 ratio and has the 6th highest yearling ratio. He comes with an incredible set of numbers – 2/3rd of his EPDs are in the top 37% or higher and 9 of those are in the top 28%. His YW EPD is tied for the 5th highest in the offering and his CW is tied for 6th. There is another strong maternal pedigree behind this bull. He is out of a first calf heifer with a 104.4 MPPA who is out of a dam with a 107.7, and posts the 5th highest MPPA in the Green Mountain herd.

This bull is the end of an era. He is out of a Proof Positive dam that gave us high-end consistent performance until she became stilled at the age of 13. She has an impressive 108.6 MPPA and turned in an average weaning ratio of 110 and an average yearling ratio of 107 on 11 calves. Her 7 bull calves had an average REA ratio of 104. This Stetson son followed right in his sibling's footsteps with impressive growth and REA. As of the third quarter test weights he posts the #4 WDA. He has 10 EPDs in the top 27% or higher, with single digit growth and maternal numbers.

There is a lot of performance in this Trilogy son. He started with a nice moderate birth weight and took that to the #5 yearling adjusted weight in the offering. He features an incredibly solid set of EPDs with 10 of the 16 in the top 14% of the breed. There are not many bulls out there that feature that kind of power in their EPD line-up! He has the #6 HBI and is tied for the #5 HPG of all sale lots. Good length with a smooth top round out this impressive package.

This is a super smooth Peacemaker son. He is an outstanding heifer bull prospect with 9 EPDs in the top 28% of the breed or higher. Top end carcass gives him a GMI that is in the top 2% of the breed and is the 2nd highest in the sale offering. He turned in a 110 IMF ratio and the 6th highest adjusted IMF scan. He comes from a long line of performance minded females. His young dam has an MPPA of 103.2 and going back to the maternal great grandam you find an MPPA of 108.2.

Don't miss this one! Here is one of our favorite Roosevelt sons. A beautiful heifer bull phenotype is combined with breed leading calving ease numbers. His CED is tied for #5 in the offering and is in the top 5% and CEM is tied for #3 and is in the top 2%. Combine this with the #3 ME in the offering and a Milk in the 30's and you've got a ton of maternal influence. This is backed up by a dam with a 102 MPPA and a grandam at 101.7. You won't be disappointed in the females.

Here we are, half way through the sale order, and we have a super impressive Stetson son with an incredibly powerful cow family. This bull has a dam with a 105.4 MPPA on 10 calves with an average weaning and yearling ratio of 106. Her dam has an MPPA of 106.8 on 11 calves. 4223 comes from a long line of performance minded females - you have to go back to 1973 to find an MPPA under 100. The list of MPPA's reads: 105.4, 106.8, 103.2, 105.2, 105.6, 103.3, 102.2. That is just fun to look at! 6 of his EPDs are in the top 14% of the breed or higher and he is tied for the 3rd highest CED in the offering and the #1 CEM. Help yourself to a great heifer bull.

There is a great cow family backing up this Make It Easy son. His dam has a 106.7 MPPA on 8 calves and is the product of many generations of high end females. A complete set of numbers places 8 EPDs in the top 1/3rd of the breed or higher with 5 of those in single digits. He turned in the #3 adjusted REA of all sale lots and posts the #4 REA ratio. He also has the #2 Milk EPD in the offering.

Here is a carcass specialist. He turned in impressive scans with the #1 actual and adjusted REA scan in the offering. This backs up the #4 REA EPD of all sale lots. His dam has produced top end carcass calves with an average IMF ratio of 128 and an average REA ratio of 113. She has an MPPA of 106.2 on 3. Lots of power backed up by 11 EPDs in the top 32% of the breed or higher. If you want to sell calves that are impressive on the rail, here is your bull.

This bull just goes to show that there is strength all the way through the sale offering. Here is an absolute heifer bull that will still deliver pounds at weaning. He's got great depth and capacity and a deep rear quarter. 7 of his EPDs are in the top 10% of the breed or higher. He has the 3rd lowest actual birth weight in the sale with the #1 BW and the #2 CED EPD. He also posts the #4 IMF, and the # Milk and GMI. And he's backed up by a dam with an MPPA of 103.1 on 3 calves.

Please don't overlook this bull because of the lower weaning ratio – that just doesn't tell the whole story. We kept him on test because we knew he had more to offer, and he proved us correct. After the first test weight he was sitting at #1 for ADG. As of mid-test he was tied for the #2 ADG. He has a nice solid set of numbers with 13 in the top 45% of the breed or higher and the #3 Marbling EPD in the sale.

Solid numbers with 12 EPDs in the top half of the breed or higher. Standouts are a Milk in the top 1% that sits at #3 in the offering. His Marbling is in the top 10% and proves out with the highest IMF ratio with the highest actual and adjusted IMF scan. Not too bad for 4th from the end!

This last bull in the sale has a lot to offer. He's out of the great Ophelia cow family that is made up of top end performance minded females with herd leading MPPAs. His EPD package is impressive with 12 numbers in the top 41% of the breed or higher, and half of those are in single digits. He posts the #2 GMI and the #4 WW and YW EPD in the offering.

# Choice<sup>+</sup>

**Tyson Fresh Meats' Red Angus grid focuses on the strengths of Red Angus cattle verified through the FCCP "Yellow Tag" program.**

**"The Choice+ Grid has really worked for our cattle. 168 head of our Red Angus FCCP-tagged steers have averaged \$60.33/head in premiums."**

*Clay Anderson  
Anderson Land & Cattle Co. - Oberlin, KS*
