Cattle Business Weekly

Lunch

Free lunch served on sale day

Cattle Viewing

Bulls will be at the barn for viewing Wednesday evening through sale day, or come any day before to the ranch to see the bulls.

Discount

\$100 off if the buyer hauls his bulls home on either sale day or the following day.

Guarantee

All bulls sell as guaranteed breeders. The yearling bulls have not been semen tested due to their young age. We suggest you have them semen tested before you use them. All claims of non-breeders must be made within six months of purchase. We cannot guarantee against physical injury or illness, but would like you to let us know if you have any problems.

Sale Promotion & Catalog

Tracey Koester, Cow Camp Promotions

This sale will be broadcast live on the internet.

See Page 5 for bidding details.

Greetings from all of us at Brenner Angus,

We would like to invite you to our 2016 bull sale. We would also like to say "Thank You" to all of you who have shown your confidence in our breeding program in the past years. Your support in our program is greatly appreciated.

This year we will be offering 87 yearling bulls. This powerful set of Angus and Red Angus bulls have a strong set of EPDs that will be great for you and your program. Over half of the bulls will be suitable to use on heifers.

We invite you to join us on Friday, February 26, 2016, at 2 p.m. central time at Kist Livestock in Mandan, North Dakota. If you have any questions, don't hesitate to call us or even come to the ranch to take a look at the bulls in their feeding grounds. Hope to see you at the sale!

Best wishes for a happy & healthy new year!

Brenner Angus

Watch & bid online for **FREE** at

DVAuction
Broadcasting Real-Time Auctions

View the Auction Live!
Bid Online... you're ringside
right at your desk!

Buying online is as easy as 1, 2, 3...

1. Create an account at www.dvauction.com under the "register" tab
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction-a DV representative will notify you once you have been approved
3. Tune in for the sale and make your purchases!

High speed internet is required for successful bidding-be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

Proxy Bidding-if you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

Having troubles? During the auction, you can type a message to the operator at any time for assistance. Our full-time support team can also always be reached at (402) 474-5557.

DVAuction
Broadcasting Real-Time Auctions

DVA Rep. Justin Dikoff (605) 290-0635 - email: jdikoff@dvauction.com
Please feel free to contact me with questions about the sale or to view the cattle for you.

Bull Selection – Simplified.

Red Angus stakeholders have enjoyed the capability of selecting bulls based on economically relevant traits (ERTs), such as Heifer Pregnancy or Stayability, that truly impact their operations profitability. While these ERTs allow for efficient selection decisions, the growing number of ERTs and EPDs has resulted in confusion as producers attempt to estimate a sire's overall impact. In response, RAAA has developed the HerdBuilder and GridMaster indices, which answer the question:

“What impact will each potential sire have on my operation's profitability?”

While the process of calculating an index is very complex, the resulting selection tool is very simple to implement.

HerdBuilder and GridMaster are expressed as differences in profitability per exposure.

For more information, visit RedAngus.org.

HERDBUILDER

Producers selecting bulls to develop profitable replacement females and maximize the value of non-replacement marketed progeny should incorporate the HerdBuilder Index into their selection decisions.

The HerdBuilder Index is built using the following scenario:

- Red Angus bulls mated to cows and heifers
- Replacement heifers retained from within the herd
- All remaining progeny sold on a quality-based carcass grid

Given that replacement heifers are retained, significant influence is placed on the obvious maternal ERTs of Stayability, Heifer Pregnancy and Calving Ease. Additionally, with all remaining progeny sold on a quality-based carcass grid, Marbling, Yield Grade and growth EPDs also impact the HerdBuilder Index.

GRIDMASTER

Use the GridMaster Index if your operation's primary goal is maximizing profitability of feeders in the feedyard and on the rail.

The GridMaster Index is built using the following scenario:

- Red Angus bulls mated to cows
- All progeny sold on a quality-based carcass grid

Marbling, Yield Grade and growth EPDs are the traits of primary importance in the GridMaster Index.

Ranch Tested. Rancher Trusted.

calves at 109. Use Ribeye to accomplish the extra pounds that Plateau injects but with a more desirable EPD tabulation.

Co-owned with Ellingson Angus, Hatfield Angus and Accelerated Genetics.

These are the first progeny being offered out of Ellingson Ribeye 3195, the top-selling bull in Ellingson Angus' 2014 sale. The multiple producers who have used him have been excited about the moderate birthweights and extra performance of his calves. His dam has a nursing ratio of four

The Commanche progeny are high-growth cattle with an attractive appearance. The daughters are feminine and have a real brood-cow look. Use sons of Commanche to achieve extra performance without sacrificing maternal excellence.

This will be the first progeny out of Commanche to sell. He was the \$50,000 selection of Brenner Angus, Sprunk Angus and Hatfield Angus in the 2014 Ellingson Angus production sale. His dam is a maternal sister to the \$80,000 Ellingson Scotsman 0010.

*Your breeding program isn't a game ...
Devise a strategy for profitable cattle.*

Whether you need red or black genetics for your program, Brenner Angus can help you strategically breed your cattle for profit. We are raising cattle with strong maternal traits, high fertility, efficient growth, correct phenotype and good dispositions.

These traits combined with breed-leading genetics will move your breeding program in the right direction.

Annual Production Sale
