Greetings,

We would like to start off with a sincere THANK YOU to all of the past and future buyers who have confidence and trust in our program. We greatly appreciate you!

We have had cattle for 16 years. Since 2011 we have been strictly 100% 1A Purebred Red Angus. We have built our herd to around 230 cows to calve out in 2016. With thorough cow culling, sale-topping herd bull selection purchases and extensive AI breeding, we feel confident in our cattle and our program.

We cannot control what we get for what we produce, but we can control our inputs. That is why we strive to produce functional cattle with moderate birth and rapid growth while also paying close attention to milk, fertility, disposition, length of body, depth of rib and, don't forget, a good foot!

We have a tremendous offering from top to bottom and are very excited to put them to work in your program.

Thank You for your time and interest,

Rick Rohrich

SEMEN INTEREST:

We reserve the right to a 50% semen interest on all bulls unless stated otherwise on individual lots.

RIGHT TO FLUSH:

We reserve the right to flush any of the heifers in this sale at our expense and the buyer's convenience (for our in-herd use only).

FEEDING PROGRAM AND AVERAGE DAILY GAIN:

This year the bull calves were exposed to creep feed from July 20 to September 1 and were then started on a Total Mixed Ration consisting of wet corn distillers, ground prairie hay, cracked corn and a mineral package up until we chopped silage. We then switched them to corn silage, dry distillers and the rest stayed the same. They are on a 44 Mega Cal Ration.

The heifers have never had creep feed and are on the same type of ration as the bulls, but just with different amounts of feed stuffs. They are on a 42 Mega Cal Ration.

The bulls ration is developed to target a 3- to 3.25-lb.-per-day of gain. This year's bulls are averaging 3.72 lbs. per day. Start weight was taken on Sept. 9, 2015, and final weight was taken on Dec. 22, 2015, for a total of 104 days. This is a grower ration and they will stay on this ration until delivery.

TERMS AND CONDITIONS:

Cattle will sell according to the terms and conditions suggested by the Red Angus Association of America, redangus.org.

SALE ORDER:

A sale order sheet will be available on sale day.

LUNCH:

A complimentary sale day lunch will be served.

VIEW CATALOG & VIDEOS ONLINE:

cuttingedgeranch.com and www.DVAuction.com

CATTLE VIEWING:

Bulls and heifers will be available for viewing at Napoleon Livestock on Friday & Saturday, Jan. 22 & 23, 2016. Prior to that, you are welcome to visit us at the ranch, 10 miles north of Steele, N.D., on Hwy 3, east side of road, and view the bulls and heifers.

HEALTH:

Both bulls and heifers are on the Select Vac Vaccination Program. They will be poured and receive their foot rot vaccination prior to delivery. The Steele Veterinary Clinic can assist with any further health questions if needed. Contact them at (701) 475-2300.

INSURANCE:

On sale day we will have Joana Friesz, Northland Insurance Agency, to offer livestock insurance. We are willing to pay 2% of the insurance premium whether you take out one year or 6 months. Terms are one year at 6% or 6 months at 4%, or if one bull brings \$10,000 or more, the one-year premium is 5.5%. Also, if you purchase five (5) or more bulls, the premium will be 5.5% for one year.

Heifers can also be insured, but at your own expense. We will not cover any insurance for the heifers. Please contact Joana Friesz with any questions: (701) 400-8744.

FEEDING AND CARE:

Free bull keep until May 1. Bulls are developed on a total mixed ration to ensure soundness and longevity.

DELIVERY:

Free delivery in North Dakota or up to 300 miles. We will assist in anyway possible to get your animal where it needs to be.

We would like for the heifers to be picked up on the day of the sale from Napoleon. If that does not work we will take them home and help make arrangements. We will assist in anyway we can help.

BREEDING GUARANTEE:

All bulls and females are guaranteed breeders and guaranteed healthy on sale day. The bulls will have a semen test and breeding soundness exam performed by the Steele Veterinary Clinic before delivery. Bulls are guaranteed to be breeders during the first breeding season. We fully guarantee the sale bulls to the buyer's satisfaction through Sept. 15th of the first year.

SUPPLEMENT SHEET:

Adjusted yearling weights will be available sale day.

SCROTAL MEASUREMENTS:

Scrotal measurements will be available at www.cuttingedgeranch.com and on supplement sheet sale day.

This guy is out of a first-calf HXC Conquest 4405P daughter that I sold in the 2014 North Dakota Red Select Sale as a bred heifer to Phil Birnie, WRAZ Red Angus. Phil purchased her and in the midst of getting her paper work ready, I offered to Phil to be half owner in this female and that is what we did. I bought back into her and she will stay at here at Cutting Edge Ranch.

1C is flawless If you like calving ease, depth of rib, length of body, large scrotal and a surplus of muscle, look no further! He is backed by many breed-changing animals both on the maternal and paternal sides. His maternal great-grandmother, Scott Else 825, is said to be by many one of the best cows to ever walk Gene Scott's ranch. Genetics run deep in this guy!

We will be selling 100% possession and will be retaining a percentage of semen interest leaving it open for options and ideas if interested. King Country 1C is a breed changer for sure - don't miss out! As a side note, a paternal sister to King Country 1C that we raised and sold in the 2015 North Dakota Red Select Sale sold to Rylee Lodoen of L83 Ranch for \$24,000.

Give me a call to discuss options at 701-391-1911.

Due to outstanding AI conception, we only have a total of seven ORT Ice Cold 6013 calves – two bulls and five heifers, all of which we are offering in our sale with the exception of one that was sold to North Country Red Angus in the North Dakota Red Select Sale.

57C is something special! He is a massive bull with exceptional growth numbers. He entered the world at 98 pounds unassisted and, on 9/9/2015, he weighed 846 pounds adjusting to 919. He is a must-see kind of calf!

After the sale this bull will be headed to Billings, Mont., to get collected for my use.

This guy is a herd changer!! Give me a call to visit about him.

If you are looking for performance, here you go. 65C's grandmother was a tank and milked like a Holstein. We no longer have her but 206Z is filling her hooves. Buy with confidence, he's got the backing!

This calf is No. 2 of the two calves I purchased from Rich Red Angus! Yes, both of Amber's heifers had bulls. This is the second youngest calf in the sale. He is powerful and has an awesome look! He is a big-quartered, long-bodied bull and he will add the pounds!

This is the youngest bull in the sale, but he is a must-see! When turn-out time comes around he will get the job done and be as big as the others. He has lots of muscle and quarter. He will add some pounds!

Yearling Heifers

Where to start on these ladies? Every heifer that we have raised is here for sale with the exception of three that were sold in the North Dakota Red Select Sale and some free martins. It is a complete heifer calf dispersion!! You can buy with confidence; these girls are out of some of the most sought-after AI sires and our herd bulls are proving themselves to be of breed-changing caliber.

When I made the decision to do this I think I cried a little. I have kept back nearly every heifer since 2011 and they flat out are getting it done for us here on the ranch. I would love to see these gals do the same all across the country for you!

I will not be writing individual footnotes for the heifers. We pictured many of the heifers for your evaluation and to show you just how

complete a set they are. They will be videoed and able to view on DV Auction or on cuttingedge ranch.com. You can also contact myself, Rick Rohrich, at 701-391-1911, and I will gladly answer any questions.

On 12-16-2015, the heifers were all Bangs vaccinated, PG checked to be open and breedable, so they are ready to go! There will be a total of 64 1A open registered females. We are also offering 16 open females which will make good cows that are just a little younger. They will be sold as commercial unless you want the papers (additional \$100 per head over sale price). **We are reserving the right to flush any of these heifers at our expense and the buyer's convenience (for our in-herd use only).**

The quality runs deep – buy with confidence!

Commercial Yearling Heifers

We are offering 16 open females which will make good cows that are just a little younger. They will be sold as commercial unless you want the papers (additional \$100 per head over sale price).

They will be sold in three groups.
