

LOWLINES

Discover Lowlines WEEKEND

GREAT FRIENDS | GREAT CATTLE | GREAT FUN!

Friday and Saturday,
June 1 - 2, 2012

Bismarck, ND

Effertz EZ Ranch Discover Lowline Weekend

OFFERING 66 LOTS OF LOWLINE CATTLE

Friends,

Try Lowlines - See Rapid Growth!

What? Lowlines equal rapid growth? That's right. First of all, Lowlines are the most rapidly growing breed registry in the United States...more members, more registrations and even more importantly, more transfers which is the best indication of more sales being made by more breeders! More sales across the country are producing more opportunity for breeders to market their seedstock.

But why, you ask? Because cattlemen across the country are starting to see the growth in their bottom line when they moderate their cow size and take the labor out of calving. They are also seeing tremendous financial benefit from a "no stress" birthing process yielding higher breed back rates and eliminating huge expenses from treating scours and calf pneumonia. By moderating their cow size and doing a better job of rotational grazing, they are able to run more cows per acre and improve their total pounds of weaning weight for a higher price per pound! Now that's real growth.

But why should I use a smaller bull on my cows and expect to grow my profit you ask. You shouldn't. You should use a Lowline bull on your first calf heifers to eliminate calving difficulty and then keep those first cross Lowline heifers as replacements. Over time, about 5 - 6 years using a 15 - 20% replacement rate, you can replace each big, old high maintenance cow culled with 1.5 to 2 Lowline cross heifers and thereby moderate your cow size while simultaneously increasing your cow numbers. If you couple that strategy with moving your calving dates a little later, you will be astounded by the labor reductions, lower feed supplementation and improvement in your bottom line.

We welcome you to our 6th Discover Lowlines Weekend. We hope you find it educational and enjoyable. We sure do enjoy having you here. We hope you see some cattle you like. Please let us know if we can help you in any way.

Thank you for your interest.

Neil and Jan Effertz

EZ Ranch Discover Lowlines Production Sale

Saturday, June 2, 2012 • 1:00 PM

On the ranch, Bismarck, ND

Sale day phone: 701-223-5202 • 701-471-0153

BREEDING PRIVILEGES:

For each female lot purchased, the buyer will be entitled to two straws of semen from an Effertz EZ Ranch herd bull for use on that female. The certificate to register one calf out of the female purchased at the sale will be provided to the buyer at no additional cost. For more details, refer to Page 20.

DIRECTIONS TO THE RANCH:

Effertz EZ Ranch is about 16 miles north of Bismarck, ND on Highway 1804. From Bismarck, take Highway 83 north for 4 miles to the junction of Highway 1804. Stay on Highway 1804 for 12 miles as you go west then north along the Missouri River. The ranch is on the west side of the road between mile markers 95 and 96.

SALE HEADQUARTERS:

Country Inn and Suites
3205 North 14th St. • Bismarck, ND
701-258-4200

We have a block of rooms held until May 23. Request block "6122Effertz."

SPECIAL REPRESENTATIVES:

KRIS PETERSEN, CATTLE BUSINESS WEEKLY
701-339-0305 CELL
DEAN PIKE, AMERICAN LOWLINE REGISTRY
303-810-7605 CELL

If you are unable to attend the sale and would like to discuss the sale cattle, we urge you to call Dean Pike. He is an experienced cattleman and field representative and a valuable resource for Lowline breeders. He will discuss the sale cattle with you and help you with your selections. You are also welcome to call Kris Petersen or Neil.

HERD HEALTH:

Weaned open heifers and cows have all been calfhooed vaccinated for bangs. The open heifers have had our preweaning vaccination program of Virashield 6 plus Somnus and Ultrabac 7. Post calving, the cows have had Bovashield Gold FP5-VL5. All cattle have been poured with a generic ivermectin for insects. All calves have been vaccinated with moraxilla bovis for pinkeye.

ONLINE UPDATES:

Please refer to our website www.loala.com for video of some of the sale cattle. **New photos** will be posted as well.

CAN'T ATTEND THE SALE? WATCH AND BID ONLINE!

LIVE ON THE INTERNET. LIVE AUDIO. VIDEO. BIDDING.
LiveAuctions.TV

Real-time bidding is available via the internet for this sale. Live audio and live video will allow buyers to bid on animals just as if they were present at the sale. Buyer accounts must be created two days prior to the sale. Please visit www.LiveAuctions.tv to create a free account, request a buyer number and familiarize yourself with the bidding procedure. If you have difficulty during the sale, call the sale day phone 701-223-5202 or 701-471-0153.

Web Address <http://www.LiveAuctions.tv>

TRUCKING:

We will assist buyers in coordinating transportation.

INSURANCE:

Livestock insurance will be available at the settlement desk for those buyers wanting to insure their purchases. We ask any buyers who leave their purchases at the ranch more than a day or two to insure them.

6th Annual Discover Lowlines Schedule of Events

FRIDAY, JUNE 1

3:00 P.M. BREEDERS' SEMINAR

Over the last year we have attended seminars and met with leaders in the grass-fed beef industry. Many of these experts have touted the efficiency and fleshing ability of frame score 4 cattle which are exactly what halfblood to three-quarter-blood Lowline genetics produce. We have heard over and over that some of the best females to use in a grass-fed operation are halfblood Lowline cows. Consumer demand for all-natural, source-verified, grass-fed beef is soaring. Our Discover Lowlines Weekend Breeder Seminar will feature experts in several phases of grass fed beef production:

John Dhuyvetter, NDSU Extension Beef Cattle Specialist will discuss cost effective conversion from big, high maintenance cost cows using Lowline genetics.

Charlie Waldroff, Big Dog Fodder Systems, will share his experience in growing and using fodder to grass finish Lowline cattle.

"The Effertz Girls" know that one of the best things about raising Lowlines is eating Lowline beef. Join Kate, Sarah and Abbey for cooking demonstrations and tasting grass-fed Lowline beef. They will also have recipes and will discuss marketing tips for selling your grass-fed Lowline locker beef.

6:00 P.M. LOWLINE BEEF SUPPER & SOCIAL

SATURDAY, JUNE 2

10:00 A.M. PRE-SALE HOSPITALITY

Have a cup of coffee, look at the sale cattle and visit with fellow cattlemen.

11:30 A.M. LOWLINE BEEF LUNCH

1:00 P.M. 6TH ANNUAL DISCOVER LOWLINES SALE

Following the sale be sure to stay for ranch tours and supper. It's time to relax!

LOWLINE Embryos

65 The First Boxcar Embryos

65A 4 Fullblood embryos, sired by Bonanza's Boxcar 3Y FM15218 and out of EZ Lacey 55T FF6148.

These are the first Boxcar embryos ever offered for sale out of the 2009 Houston Champion EZ Lacey 55T. Boxcar was the talk of Denver this year. These calves out of Lacey should be nothing short of fantastic.

65B 4 Halfblood Embryos, sired by Bonanza's Boxcar 3Y FM15218 and out of Miss XL W96E.

To bring some new genetics to the red Lowlines, we strategically mated this year's Reserve National Champion Bull to our outstanding, prolific red Simmental X Red Angus donor Miss XL W96E. Her first calves by Legend are on the ground and are outstanding. These calves by Boxcar will be pretty special! They will all carry the red gene.

Bonanza's Boxcar 3Y, 2012 National Reserve Grand Champion Bull and sire of the Lot 65 embryos.

EZ Lacey 55T, 2009 Houston Grand Champion Female and dam of the Lot 65A embryos.

Miss XL W96E, red Simmental X Red Angus donor and the dam of the Lot 65B embryos.

The ET calves out of W96E by Legend are fantastic!

66 Fullblood Embryos

66A 4 Fullblood Embryos sired by Yarra Ranges Jackaroo C004 FM8279 and out of EZ Lady Luck 51N FF2219.

The sire of this year's National Champion Female, Jackaroo, mated to the 2004 Reserve National Champion Female, Lady Luck 51N, should produce some fireworks that only the 4th of July could top. These calves should exhibit flawless phenotype and have phenomenal breeding potential. Co-owned with Fanning Cattle Co. and Springhill Farms.

66B 3 Fullblood Embryos sired by sexed (heifer calf) EZ Update 16U FM7549 semen and out of EZ Bedazzle 66U FF8637.

Bedazzle 66U is a full sister to the dam of this year's National Champion Bull, Prince Charming. These fullblood heifer calves, produced by the sexed Update semen, will have thickness, muscle and a truly unique outcross pedigree blending Neron and W332 with Findon Royale and the National Champion EZ Fantasia 20J.

66C 3 Fullblood Embryos sired by Findon Royale FM7445 and out of Brambletye W332 FF2180.

Findon Royale is one of the under-utilized fullblood Lowline herdsires and the sire of the dam of this year's National Champion Bull. Match that fact with the consistency of W332 (dam of Fancy Pants) and you get excellent outcross genetics.

Jackaroo, sire of the Lot 66A embryos.

EZ Lady Luck 51N, dam of the Lot 66A embryos.

EZ Update 16U, sire of the Lot 66B embryos.

EZ Cinderella 61U, full sister to EZ Bedazzle, the dam of the Lot 66B embryos.

Brambletye W332, dam of the Lot 66C embryos.

EZ Fancy Pants 12R, daughter of W332.

As always, all AI certificates necessary to register embryos purchased from Effertz EZ Ranch will be provided to the buyer at no cost.

Come for fun—Go home with next year's champion!

Our customers' success is very important to us. Congratulations to these breeders on their success with our EZ Ranch genetics at this year's major shows!

What are they good for?

1. Calving ease on first calf heifers.

Halfblood calves average weights of 60-70 pounds at birth will vary depending on the genetics of the heifers. They will be in the frame score 4 to 5.5 range, again depending on the frame score of the heifers. These vigorous, healthy calves will weigh right at or just slightly below the average of your regular calves especially if you start calving your heifers a few weeks earlier than your main cow herd as is common practice. The extra calves you wean (no death loss at birth) will more than make up for any loss in individual weaning weight. These first-cross calves will sell right with your regular calves at no discount.

2. Halfblood and first-cross Lowline steers will finish at 1,150 to 1,275 lbs. if backgrounded on a high-roughage diet.

They will work extremely well to run as yearlings on grass and then these yearlings will gain very well and very efficiently in the feedlot. They will finish in a much shorter feeding period saving high corn costs and yardage. Because of their heavy-muscle Angus heritage they will yield excellent carcasses with high ribeye-area-per-hundredweight and a high quality grade. The Lowline-cross beef is noticeably fine textured and very tender.

3. Use Lowline cross cows to moderate your cow size.

Run more cows per acre and wean more pounds per acre. Sell that total pounds of weaning weight for a higher price per pound. This is especially true from the second year of production and beyond when you can breed the Lowline cross females to a larger framed but easy-calving bull of another breed to make a smaller cow be all she can be. Thus, she weans a higher percent of her body weight and optimizes her lower annual maintenance costs.

4. Sell Lowline seed stock.

There are an increasing number of Lowline sales across the country to allow you a place to market your registered Lowlines. There is also a great demand for Lowline-cross replacement heifers. They make excellent recipients for some embryo transplant programs.

5. Lowline-cross steers are ideal for the emerging "Grass-Fed Beef" market.

We find that half to 3/4-blood steers are very well suited for this purpose.

6. High-percentage Lowlines are optimum for selling locker beef.

Their smaller carcass size is much more well suited to the modern American family. Their smaller yet fine-textured cuts of flavorful beef will gain you rave reviews from your customers and some great "word of mouth" advertising. We are even breeding some of our higher percentage Lowline cows to lower percentage bulls which gives us terrific weaning weights as a percent of the cow's body weight.

EZ Ranch Breeding Privileges

Each female lot in the sale sells with breeding privileges to our Effertz EZ Ranch herd bull battery. Effertz EZ Ranch will provide two straws of semen and one AI certificate for one calf out of the cow purchased in the sale. The shipping costs for the semen will be the buyer's responsibility. Buyers are welcome to bring their semen tanks to the sale and pick up semen then.

Because of extremely limited supply, semen on Beau Lad, Lexus and Utah will not be available for breeding privileges, and Jackaroo semen is not available for breeding privileges.

Pictured here are many of our herdsires. Complete pedigrees are available on our website www.loala.com or call us for more information.

Semen is available on many of these bulls for \$25/straw. Special pricing applies to Captain Jack and Boxcar. Legend semen is not available for sale. If you need to purchase semen and want to save shipping expenses, call ahead so we are sure we have what you need here in our tank and you can pick it up sale day.

LOWLINE

Terms and Conditions

Terms: Terms of the sale are cash or check payable immediately upon conclusion of the sale and before animals will be moved. Seller will reserve the right to require a certified check as settlement before releasing any cattle.

Insurance of Purchases and Risk: All animals are the seller's risk prior to their sale and become property of the buyer as soon as declared sold by the auctioneer. Arrangements will be made to have insurance available when making settlement. Cattle left at Effertz EZ Ranch after the sale must be insured by the purchaser.

Bidding: All animals sell to the highest bidder. Any disputes or challenges regarding bids will be settled by the auctioneer and his decision will be final.

Health Papers: Our vet will be on hand to write interstate health certificates.

Registration and Transfer: All animals sell with registration papers from the American Lowline Registry and will be transferred after the sale at the seller's expense.

Announcements: Any errors or changes of information contained in the catalog will be announced from the auction block and such announcements shall take precedence over information contained in the catalog.

Breeding Guarantee: Bred females in the sale have been pregnancy examined by a veterinarian and found to be safe in calf. Bred females and females with calves at side are considered to be breeders and no further guarantee applies. The open heifers selling are guaranteed to be breeders. If a female appears to be a non-breeder within 6 months of the sale (or within 6 months of when

she reaches breeding age) she may be returned to the seller at the buyer's expense. The seller will then reserve the right to prove the animal a breeder within a six month period, using any fullblood registered Lowline bull of his choice through AI or natural service. If successful, seller will return animal to buyer, again at buyer's expense. Should the animal fail to prove a breeder, the seller at his option may either return the purchase price to the buyer or replace the animal with another of equal value in full settlement and satisfaction of all claims. In no event shall the seller be responsible for more than the purchase price.

In case the animal in question should develop to be a problem breeder due to negligence or improper management by the buyer or if the female has been subjected to any hormonal or surgical reproduction techniques, the seller's guarantee does not apply. No guarantee is given that bred females will deliver a live calf. No guarantee is given that a female will produce eggs suitable for transplant.

All bulls are semen tested. No guarantee is given that a bull will produce semen that will freeze.

Liabilities: All persons who attend the sale do so at their own risk and Effertz EZ Ranch assumes no liability for any accidents that may occur. Neither does Effertz EZ Ranch assume any liability for loss or injury to livestock due to theft, mysterious disappearance, sickness, improper handling or Act of God.

Contract: The above terms and conditions shall constitute a contract between the buyer and the seller of each animal sold.

Mail bid: Mail or wire bids may be furnished. Bids must be in the hands of the sale staff in ample time prior to the sale and will be handled in strict confidence.
