GAC SP Dam 5H

A truly clubby Lowline. Update is siring that type and the dam is Double Vision X KaBa X Cunia. He calved unassisted out of a first-calf heifer. He is selling young but will be ready to breed by June. He has super phenotype, soundness and disposition. Buy him and sleep easy next March and still have marketable show calves. Semen sales are a great possibility!

This is one of the most exciting June bull calves you'll see with a world of possibilities in several different arenas. He's a "knock your eyes out" show prospect as a bull calf or steer. He's a great calving-ease heifer sire prospect or use him to downsize and add the "club calf" potential to your big cows. He will work all ways!!
