This cool roan-colored gelding is great to gather on. He handles cattle well when roping on him. He is gentle, safe, and very talented. We have been heeling and breakaway roping on him. If your looking for a breakaway, heel horse prospect here he is, and very gentle to boot. This horse has been a real treat to train and use – he always gives you 100% and has yet to have a bad day. We can't say enough about this well-bred, well-built, fine prospect. He is not too big but has that good bone and tendon that every performance horse should.

Playgun Jr stands around 15.1 H and is a shapely, attractive, prime-age gelding. Playgun is gentle and has never offered to hump or buck. He has been used on a large Wyoming ranch in tough desert country. He has been behind both cattle and horses moving them to different pastures. We have ridden Playgun a lot of miles in the Black Hills, he goes over logs, crosses water and keeps a cool head when unexpected wildlife jumps out in front of him. He rides over plastic tarps and handles them being waived off of him. This gelding has drug calves to the fire, pulled logs and ponied green colts. I also waved flags and cracked a bull whip off of him. He side passes over and works gates. This horse is handy, athletic and full of natural cow sense. I have roped the hot heels, burro and lead steer off him in the arena. He will be in the Ranch Horse Competition. Playgun is 100% sound, shod and current on worming and shots. I have video and photos available - give me a call.

Bits is an extremely cute, 15 hand bay gelding, with a lot of personality. He was bred by our long-time friends, the Hutchings, out of Wyoming. His sire HR Hickory Player is an NCHA money earner and has produced many talented cutting horses. Bits is a horse that we have used as a go-to horse, used him at brandings, for all ranching duties, as a turn back horse in the cutting pen, team roped on and for trail rides in the mountains. He is very smooth gaited and sure footed, will cross all water crossings, walk over logs and good with game. Bit will really watch a cow, stays quiet when sorting and can take pressure. He knows his leads and lopes a collected circle, has a lead change and a fancy little turn around. He has a lot of rate in the roping arena, wants to work and do things correctly. We always get a lot of compliments on Oaky – he just has a lot of class and style. Has a solid neck rein, moves off your leg and all his body parts when you ask, will back readily, and goes where pointed. Good color with pretty markings. Gentle & very friendly, loves people. Will take both leads & lope a nice circle. He has a good stop. Nice jog & comfortable lope. Fun to ride & work cows on, he has a lot of natural cowiness! We have started roping on him in the arena, and he is going to be a big time heel, calf or breakaway horse, and it's not going to take a lot of work! Listens to his rider, doesn't hesitate to do what you ask. We have shown him a lot of sights, he will cross water, bridges and logs, and is good with a tarp or slicker. Guaranteed sound.
