Majestic Meadows' Pursuit of Perfection Continues ... Your Cool Bull Source!

Majestic Lightning 717 is the sire of 2013 NWSS Grand Champion Female and Senior Get of Sire. His progeny are continuing to dominate Louisville and Denver. His recent 50K test again proves him to be a moderate-birthweight sire. Proudly owned with VonForell Ranch.

3 Aces Sideways has exceeded all expectations! His calves come easy but still have bone, stellar show ring progeny and a good black foot. His first daughters in production have gorgeous udders. A must use sire for first-calf heifers and an udder fixer. Proudly owned with 3 Aces Cattle Co., TC Reds and VonForell Ranch.

This bull is awesome and posted a weaning weight of 959 lbs. Not only is he the thickest Red Angus bull we have seen, but he may also be one of the prettiest. This is still an English breed of cattle and we can't compromise fertility and shoulders for thickness. However, cattle can always use more natural muscle. He has huge testicles, a giant hip, an awesome dark foot, and no Canadian influence in his pedigree.

Whitestone Patriot A050 is a rare find. He has thickness, power and grace. He is one of the heaviest muscled Pioneer sons to surface to date. Smooth made, long bodied, extra wide down his top, very good disposition. It is a pleasure to watch him walk. Proudly owned with Whitestone Farms.

Gamble's Safe Bet 4500 – Our safe bet for calving ease, guts, rocket fronts and good dispositions. Progeny continue to impress. We used him heavily as a junior yearling and we expect he will be highly sought after as more progeny surface. Proudly owned with Gamble's Angus and Safe Bet Associates.

We saw Intimidator in Malson's string in Denver and obviously liked what we saw – great muscle shape, super smooth and sound. Nice outcross opportunity to most SAV and Northern Improvement lineage. Proudly owned with Malson's Angus and Intimidator Associates. Contact Malson's Angus and Herefords for semen inquiries on this bull.

Welcome,

We welcome everyone to be with us at our Open House on Saturday, September 28, 4 p.m. We will have plenty of crab balls and grilled ribeye steaks and, as always, top-shelf beverages. Come early and stay late. Don't hesitate to call as we can make airport arrangements and hotel accommodations.

The heifer calves in this offering represent the best of our natural calves, ET calves and our very first IVF progeny. DNA 50K or 80K will be available by sale time on all Red Angus females. We have embraced this scientific technology as Galileo embraced the telescope. By using scientific data such as DNA and ultrasound, and objective data such as EPDs and the show ring, we believe we are bringing you the finest cattle available anywhere at any price. Study our pedigrees, our footnotes and our videos and please do not hesitate to contact us if you have any questions regarding the heifers.

You will never hear me admit that we have bred a better bull than Lightning – or anyone else for that matter. However in Majestic Lion Heart A25 we believe we have Lightning's greatest son. He's black footed, no shoulders, huge topped, big hipped, long as a freight train and moves like a cat. He will not be selling in this offering but we ask you to take time to observe his video which can be found at his website, www.MajesticLionHeart.com. He truly is "Perfection Realized." He will be on display at the Open House.

We have selected four individuals in which we will be retaining an interest for various reasons. Other than that, they sell in their entirety. If you would like to be please try to get online before the sale as sometimes there are glitches. If you are having difficulty getting online, please do not hesitate to contact the sale manager. If you are impatient like me, we are happy to assist in any way with the bid process.

Welcome to "Pursuit of Perfection, Vol. 2!"

Perfection Realized!

Majestic Lion Heart A25, #1599973

Perfection Realized ... For centuries the native Norske cattle roamed Scandinavia. The Vikings brought their best to Scotland and the Scotts brought their best to the America.

In our Pursuit of Perfection we believe we have realized perfection in a bull calf fitting for the title saved until now. Majestic Lion Heart A25 rises from the tradition that steel sharpens steel, men lived by the sword and perished by the sword, and the knights who donned them had the Hearts of Lions.

Make plans now to see him September 28 at our open house. Or view him online at www.majesticlionheart.com or scan the large QR code at the bottom left to go to his website.

Without a doubt the most highly anticipated calf to be born at Majestic Meadows in 2013, and she has done nothing to disappoint. She has the look and scale to follow in her mother's footsteps as our most highly coveted female. Unfortunately, we have fallen in love with her and will only be offering 1/2 embryo interest. My son, Stewart, now 11, has had to watch a lot of good ones walk out the barn door. We intend to show her at the NAJRAE in the Bred and Owned division only. And we respectfully reserve the right on behalf of the new owners to show her in the open show at Louisville, Denver and a third leg of the Triple Crown, wherever it may be. Dark footed, capacious and a sparkle in her eye, Peekie is gonna have a lot of great ones.

Lakota has been a standout since birth much like her sister, the Lot 3 female in last year's sale. She exhibits slightly more belly but the same dark foot, long stride, big, level hip and gorgeous front end. Her dam – this being her second calf – has a virtually fault-free udder with excellent fore and rear attachments, level, square teat placement and ideal teat size. No doubt after a stellar show career, this one will make you a cowherd. She's been many visitors' favorite and can basically be described as perfect! Selling 1/2 interest and full possession.

No offense to anyone, but we have never not purchased a donor cow or flush we didn't want. We wanted Mahogany 56N and we got just what we expected. Her first progeny have been very exciting. Sired by, "the bull the cat tore up" who's heifer calves averaged around \$7,500 last fall here and at Nolind's. Cowy, deep, beautiful front end (picture doesn't do her front end justice) almost black foot with lots of heel. This heifer may be the next great champion and after that she will make a phenomenal cow. Great disposition and maybe the largest ribeye in the sale. This heifer has maybe come the furthest since picture day and she didn't have far to go. Selling 1/2 interest and full possession.

Inevitably every year I get a phone call and someone asks me, "Which one is the best heifer?" I usually respond, "For what?" This is never a short conversation with me, but this one can do it all – brood cow, show heifer, probably eat alright. All kidding aside, extremely deep-ribbed heifer, deep flanked, beautiful front end. Her mother is a belly dragger that is a direct daughter of Meadow-West Peek-A-Boo and a granddaughter of Feddes Blockana 807. It doesn't get much better than that in my book. We never use a bull we haven't seen. When we saw Cowboy Cut in Denver, we decided we would use him. Selling 1/2 interest and full possession.

If her sister wasn't here, she'd have gotten the last footnote. We love this female and you will too. We breed 'em with our heart. At the end of the day you've got to pick with your heart. Her is an opportunity to grab your favorite partner, not that we aren't, and own a Cowboy Cut x Peek A Boo outright. One of those did pretty well last year for Addie Van Vliet and Pam Hanson. I expect A121 to be the dam of many future Lot 1 females!

Going back to that conversation on "best heifer," this one always comes to mind. An old-school mating here, sired by BJR Make My Day 981 and out Lightning's maternal sister. A113 is the maternal sister to Blockana Z121, Butterberry, the 2009 National Spring Heifer Calf Champion and Majestic Blockana 728, the 2009 National Grand Champion Female. I don't know that another cow has had two natural calves be division winners in the same national show, don't know that one hasn't either but ... just saying. Again this heifer is a little green and a little lighter colored, but I wouldn't count her out next fall. Crazy-good marbling EPD too, but don't hold it against her - she still has great shape. And if you ever wanted to own a Blockana, trust me, this is a good one to own.

No picture yet, this one is camera shy. One of my favorite heifers in the sale, but she got hurt on picture day. This calf is the reason we bought Mahogany (pictured at left), to breed her to Lightning. This heifer will be a tremendous cow and, assuming she gets better, she could take a lot of heat in the show ring. As much as I want to keep her, I would not want to be accused of sand bagging if she heals and wins a huge show. Black foot. Well, come see for yourself. She will only sell if completely sound by sale day, as she hurt her shoulder.

BJR Windsong 2269 has now passed away and I'm not sure when we will sell our last one, but this one by "the bull the cat tore up" needs to be studied. She had only been here for two days and weaned for about a week on picture day. More than one person thinks she's the show heifer in the sale. Long as a freight train, rocket fronted, deep, dark, cherry red, with nearly a black foot. I have no doubt she'll be big enough. I think she is probably our best Windsong to sell to date.

Our Competition are Making Maximum Genetic Progress:

Chickens today grow faster, yield more meat on one-third the feed. I borrowed this from Lee Leachman to illustrate the genetic progress we strive to make in our Pursuit of Perfection.

All of these Majestic Meadows heifers are eligible for the NAJRAE futurity fund. Last year, one exhibitor received \$1,000, another \$500 and every exhibitor received \$100.

A big, stout January heifer sired by Dameron First Class and out of a 004 x Kem 119. With a surprisingly awesome disposition, this deep bodied, beautiful black heifer will start our blacks off. This heifer would cost a lot of money in a lot of places, and we hope she does here too. She is a product of our IVF work and we think she will have a stellar show career. First Class heifers have dominated over the last couple of years and this one we expect to do the same. Check out her video as the picture is just SO-SO.

Another January that will be able to get bred up before it gets hot this summer. Great disposition – the kind you trust with a good kid! Sired by Gamble's Safe Bet and out of great young cow. Her dam is a Brilliance x Net Worth x BCC Anita, the dam of Bushwacker. Stoutness throughout. Great hair, super sound, beautiful front end. Did I mention she's quiet?

A January heifer with another great disposition. I think this one can and will be very competitive. We have approached the re-tooling of our blacks the same as we approached the development of our reds. We try to target certain females, buy certain bulls and create something a little different. This heifer does just that. Extremely good legged, great hair and cool fronted. She is a great value here in our blacks and even better quality.
