The Pederson Family

Welcome to our 36th Annual Production Sale. We are excited about the Red Angus breed -now more than ever. Red Angus cattle are topping markets all across the country and as the nation rebuilds its cow numbers it seems Red Angus will be a strong influence for the future. The domestic and international consumer continues to want to eat high quality beef! This demand shows us that we have good times ahead for commercial cattle producers across the country.

For over 50 years our ranch has prided ourselves in breeding females that are feminine, highly maternal, with outstanding feet, legs, and udders, and a nice quiet disposition. They are deep sided, soft made cattle with plenty of length, muscle and bone. For us, these females offer a lot of longevity and the ability to raise market topping steer calves who are efficient, high-gaining cattle in the feedyard and hang high quality grading carcasses in the packing plant. They also produce no fuss, low maintenance, efficient replacement females.

Helen and Ralph

The calves were weaned in October. We will carcass ultrasound the bulls in late February and a supplement sheet will be available on our website (www.pedersonbhr.com) and sale day that will include carcass data, scrotal circumferences, and updated EPDs. As well, we will be adding videos and color photos of the cattle to the website. After the first eight bulls, the cattle are listed in birth order in the catalog. A sale order will be available sale day.

The heifers have come out of the heart of our replacement pen. The bred heifers were ultrasounded by Dr. Pat Bierman, Mandan Veterinary Clinic last fall and their due dates are noted in the footnotes of the sale catalog. All the heifers were pasture bred to three bulls that are all Beckton Nebula P707 sons and we will provide a DNA kit that you can mail back to us and we will submit to

Chad, Lisa and Briceilyn

the RAAA for sire identification. We will be selling the open commercial heifers first, then the bulls, and end the sale with our registered heifers.

We'd like to thank our hired man, Tim Johnson for his help through the past year. Tim is a valuable asset to our ranch team, and we don't know how we could get everything done without him. Our great grandson/grandson/nephew, Logan Pederson once again was here this past summer. Logan was a huge amount of help, and we appreciate his assistance.

Gary and Sue

Our thoughts and prayers are with those who have lost loved ones this past year, are battling serious illness, and our friends, neighbors and customers who endured tremendous losses during the early October Blizzard "Atlas".

If you have any questions, or if there is any way we can assist you, please don't hesitate to contact us. The cattle can be viewed at the ranch anytime. Stop in and have a cup of coffee with us; we'd love to have you. Check our website, www.pedersonbhr.com for videos, color photos, and further information.

We look forward to seeing you on March 5th.

The Pederson Broken Heart Ranch crew

Sale Information

DELIVERY:

It is our policy to assist in delivery to your ranch or to central locations on major highways within 300 miles. Bulls or bred heifers picked up within three or four days will receive a \$50 hauling refund. We will keep the bulls until April 1 at no charge but we will not be responsible for sickness or injury. However, we will keep you informed if anything turns up. We would like to start delivering bulls as soon as weather permits. We're giving a 5% discount on 5 or more bulls to the same ranch and a 10% discount for 10 bulls to the same ranch.

HEALTH:

All cattle are on a complete vaccination program and are BQA Certified. The bred heifers have been ultrasounded by the Mandan Veterinary Clinic. The open heifers have been Bangs vaccinated and will have had two shots of Fusaguard. Oahe Veterinary Clinic, (605) 845-3634, is our primary veterinarian and will also be available on sale day. None of the cattle have had creep feed.

COMMERCIAL HEIFERS:

The commercial heifers have been sorted into three groups and will sell in groups of 10 head with the option to take as many as the buyer would like. There is no delivery on the commercial heifers, but we will assist in coordinating trucking as much as possible.

INSPECTION OF CATTLE:

Cattle will be available for inspection at any time prior to the sale.

BREEDING GUARANTEE:

We guarantee all bulls to be breeders although we recommend you have the bull's semen tested a couple of weeks before turn out time. If after two tests a bull is found to be a non-breeder, we will replace the bull or allow credit toward next year's sale. This guarantee is void if there is evidence of improper management in caring for the animal, or the bull's inability to breed is due to sickness or injury which was incurred after being sold. The bull shall be returned by the purchaser or other arrangements made with us. Scrotal measurements and ultra sound data on the bulls will be available on sale day. All bulls are born and raised on this ranch.

LIABILITIES:

All persons who attend the sale do so at their own risk. The owners assume no liability, legal or otherwise, for any accidents which may occur.

SEMEN INTEREST:

Broken Heart Ranch is retaining a 1/3 semen interest in all bulls and selling full possession, full salvage, plus 2/3 semen revenue. This means any semen sold on any of the bulls, Broken Heart will receive 1/3 the selling price per unit. We also reserve the right to collect semen on any of the bulls, for our own use. This semen will be collected at our expense and the buyer's convenience.

We are also retaining the right to one in-herd flush interest in all females to be collected at the seller's expense and the buyer's convenience. Please contact us if you have any questions.

Watch & bid online for FREE at

DVAuction
Broadcasting Real-Time Auctions

View the Auction Live!
Bid Online... you're ringside
right at your desk!

Buying online is as easy as 1, 2, 3...

1. Create an account at www.dvauction.com under the "register" tab
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction-a DV representative will notify you once you have been approved
3. Tune in for the sale and make your purchases!

High speed internet is required for successful bidding-be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

Proxy Bidding-if you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

Having troubles? During the auction, you can type a message to the operator at any time for assistance. Our full-time support team can also always be reached at (402) 474-5557.

Drifter is doing a marvelous job as a herd bull for us. He not only offers us some different bloodlines, he is also siring calves that are very eye appealing and packed with performance. This is our third set of calves and they aren't disappointing us. You will definitely see Drifter calves in our lineup for several years.

Code Red made quite a statement when he topped the sale at Pieper's sale. He sires stylish cattle that have some performance while maintaining moderate birth weights. We are very pleased with the calves we are getting and will continue using him in our breeding program. Code Red females were highly sought after in last year's sale.

Hector is a half brother to Messmer Packer. He is siring calves that are wide topped, deep bodied and heavy muscled. If you are selling calves off the cow or backgrounding them, they have the eye appeal and pounds that will attract order buyers. Hector cattle are the type and kind that will generate profit for your operation.

Durango was our top-selling bull in our 2007 sale. We have used him on heifers and cows and we are impressed with the thickness and length of body he is putting into his calves. Durango is a long-bodied and a larger framed bull. His dam is an awesome cow with sound feet and legs and has an incredible udder. Semen is available from Genex.

BHR Golden Boy 854B was our high-selling bull in our 2009 sale. He consistently produces cattle that are in the top of their contemporary groups. One of his daughters was a top seller two years ago. He combines some great genetics which include Golden Boy, Logan 734B and the LSF Red Fay cow – the dam of BHR Durango 60 and BHR Big Ben 748. This pedigree is loaded with maternal and carcass traits.

The King calves are impressive. They are structurally correct, heavy-muscled cattle that are deep and soggy. These types of cattle are hard to find and we feel with his growth and carcass merit he is one of a kind. We are very excited to utilize him in our program. The female factor in King's pedigree is the added bonus for the cattlemen who retain heifers. He is stacked with great maternal genetics on the top and bottom of his pedigree.

Hard Drive is a larger framed bull with extra body length. He was purchased for two reasons – one being that his dam was still raising calves at age 14, and the second reason is that he is not only long bodied he has a big hip to him. Oddly enough he sired way more heifers than he did bulls this year so most of his progeny are in the replacement pen.

995 is a sound-footed bull that is smooth shouldered. He is an absolute calving-ease machine. His sons should follow that same calving-ease pattern that we have seen from Colossal.

Banker 162 is truly a meat wagon. He is extremely deep bodied and is our replacement for Bank Statement. The Banker cattle are easy fleshing and very mild mannered. You will definitely see more calves in the future from this herd bull.

This is a really soggy-made, moderate-framed heifer that is clean fronted and stylish. She is one of the top Hector heifers we have raised, if not the top. There are many females for sale across the country but not many with her credentials.

22 is royally bred with several of our top genetics in her pedigree. She is a broody cow that is mild mannered and easy keeping. Her weaning and yearling ratios are 107 and 105, while her dam has an MPPA of 104. She is pasture exposed to one of three Beckton Nebula P707 sons and is ultrasounded for an April 7 calf.

This is a bigger framed heifer that is super stylish and long bodied. Her depth and easy fleshing ability resembles BHR Golden Boy himself. Weaning and yearling ratios are 109 and 111 and she is a maternal sister to the Lot 100 heifer selling as an open heifer.

She is pasture exposed to one of three Beckton Nebula P707 sons and is ultrasounded for an April 2 calf.

She is a moderate-framed, attractive female that is exceptionally deep ribbed and deep flanked. We are having excellent luck with the T daughters turning into some awesome cows. She has a weaning and yearling ratio of 108 and 99.

She is pasture exposed to one of three Beckton Nebula P707 sons and is ultrasound for an April 1 calf.

She is a larger framed heifer that really shows some performance. Her weaning and yearling ratios are 111 and 108 and her dam maintains a 103 MPPA. This is a sweet blend of maternal and performance genetics.

She is pasture exposed to one of three Beckton Nebula P707 sons and is ultrasound for a March 29 calf.

This Code Red heifer is dark red and extremely attractive. Code Red heifers sold very well for us last year. She would make a wonderful asset to any cow herd.

She is pasture exposed to one of three Beckton Nebula P707 sons and is ultrasound for an April 7 calf.

Commercial Red Angus Heifers

We will have our replacement heifers sorted into three groups.

We will offer them in groups of 10 and the high bidder will have the option to take a minimum of 10 or as many of the whole offering as they choose. The purple tags will represent Group 1 and their lot numbers will be 121 to 150. Group 1 is comprised of a top cut from our registered herd. Groups 2 and 3 are a mixture of top cuts of heifers from both our registered and commercial herds.

Group 2 will have green tags and will represent 151 to 180 and the third group will have yellow tags and will be tagged from 181 to 205.

All of these heifers will sell as commercial. A video of these heifers will be available on our website, www.pedersonbhr.com.

Broken Heart Ranch Quarter Horses

BHR Light My Fire was the leading state money earner as the high-point 2-year-old stallion and high point earner overall.

Broken Heart Ranch was named Breeder of the Year.

Thank you to Mike and Debbie Hertz for purchasing him – the second high seller – at the Fulton Performance Horse Sale.

BHR Light My Fire

Thank you to Kari Salverson for purchasing our buckskin gelding at the Dakota Breeders Classic. He was the high-selling yearling.
