“What will it take to break this drought?” was asked in late April. Everyone shook their heads, accepting the conditions that were foretelling of dry pastures and feeding cattle into late June. Then towards the end of May the answer to the question came, “Twelve inches of rain in one month.”

Here at Cedarflo Angus Ranch, we were watching the short grass struggle until the rains came. Our cows were turned out to an abundance of natural feed sources. The animals did well, thanks in large part to Mother Nature.

We want to thank each and every one of you for showing an interest in our cattle. It is our pleasure to do business with you and we hope your experience is mutual. Our aim is to provide you with a quality driven, versatile product that complements your herd and generates a nice profit for you. It is important to us that you feel completely satisfied and that your operation flourishes. Without you and your success, we have no success. Our motto back in the careworn 80s was, “We’re family farmers depending on family farmers.” That motto rings true today.

NUTS AND BOLTS!

As a proven tradition, the calves have been raised on mother’s milk and grass with no creep feed. We have historically chosen the path of no creep feed so we can obtain the natural genetic expression for each animal. After weaning, we feed a high-roughage ration that allows them to achieve their potential without compromising integrity. The feed consists of a combination of grass, barley and alfalfa hay, with peas, oats, barley and corn silage to make it all seem more complicated than it is. All animals have been through a vaccination schedule and observed closely to ensure soundness of structure.

Carcass data and maternal traits are heavily considered in choosing animals that emphasize a moderate frame with calving ease. To attain this general philosophy, we have selected sires that not only meet those criteria, but also accentuate our current bloodlines. Our cow-culling program is based upon fertility, structural soundness, docility and performance. Taken together, we have confidence in our product and back it up with our breeding guarantee.

We encourage you to stop out at the ranch to take a look at our offering. The sale animals will be available for early viewing until February 24, after which time they will be at Lemmon Livestock up until sale time. Yearling information and carcass data will be posted on our website, www.cedarfloangus.com, and will be available sale day as well.

If you're not able to make it sale day or if we have the customary winter storm on February 26, you can watch and bid online at www.lemmonlivestock.com. Follow the instructions for CattleUSA.com, their online bidding service. As in the past, bids can also be taken over the phone. Please contact us in advance if you have questions about bidding online or on the phone. We value your business and want to make the process as straightforward as possible.

Again, thank you for considering Cedarflo Angus for your sire and/or seedstock needs. We look forward to seeing you sale day.

Dave and Carol Fordahl • 701-567-4222

Jeremy and Jennifer Fordahl • 701-567-6440

Cedarflo Angus Ranch

Annual Production Sale

Wed., February 26, 2014

Registered Angus Since 1948 • Performance Tested Since 1968

All sale animals are free of any known genetic defects.

We are not responsible for accidents or injury. All persons attending the sale do so at their own risk, legal or otherwise.

Auctioneer:

Scott Weishaar, Sentinel Butte, ND (701) 872-5299

Lemmon Livestock Inc.:

Paul Huffman (605) 374-3877 • (800) 822-8853

Ring Service:

Ross Glass (701) 878-4001

Rowdy Benson, Tri-State Livestock News (605) 430-2942

Sale Day Phone:

Lemmon Livestock Inc. (605) 374-3877 • (800) 822-8853

Complimentary Lunch Before the Sale

Please bring this catalog with you sale day.

Thank you and see you at the sale!

PRE-SALE INSPECTION:

At ranch until Feb. 24. Directions: 13 miles north of Highway 8 and 12 Junction to 14th Ave. NE; or 13 miles south of Highway 8 and 21 Junction to 14th Ave. NE, then 3 miles west and 1/2 mile south. Bulls will be at Lemmon Livestock from Feb. 24 on.

HEALTH:

All animals have gone through a comprehensive health program. Health papers will be furnished for cattle as needed.

FEMALES:

All females sell as purebred, unregistered animals. Registration papers are available at an additional cost.

ULTRASOUND AND YEARLING DATA:

Available sale day or on our website as soon as the information is available.

DELIVERY:

Free delivery of bulls up to 250 miles or deduct \$50 if you haul sale day. We will assist in making arrangements for longer distances and for female purchases.

TERMS AND CONDITIONS:

Terms of the sale are cash. All animals sell under the terms and conditions as adopted by the American Angus Association. Statements made sale day take precedence over printed information.

CEDARFLO GUARANTEE:

Each bull sold is guaranteed to pass a breeding test administered by a licensed vet. We adhere to our vet's recommendation that if an animal should fail a breeding exam, we do ask that it be retested. The retest is done to prevent external factors, such as weather, from influencing the sample taken. If the animal fails the subsequent test, we offer you two options. Sell the animal under your name and we will provide you with another bull, if available. Or sell the animal under your name and we refund you the difference between pound price and sale price this year. We do not guarantee against injury. Unfortunately there are too many factors out of our control that may influence the health of an animal. If you have any questions regarding this policy, please don't hesitate to contact us. Thank you.

Excitement is living up to his name. His outcross pedigree and outstanding EPDs are just a few of the reasons cattlemen have taken notice. Early progeny reports support his EPD profile and are elevating his carcass data. With a shorter gestation we are using him on heifers, but the ability to pack on the pounds is where he excels. It's time to get in on the ground floor – he will not disappoint.

Mandate is the epitome of performance without sacrificing calving ease. Mandate is rock solid from calving to weaning. His EPDs are backed by accuracies over 90%, thus proving what we have seen first hand these last few years. If you're looking for solid structure and progeny that will grow, Mandate fills the bill.

Bismarck displays excellent muscle and performance you would expect from the Grid Maker line. Easy fleshing is what he is known for thus driving him to the top of the breed for registrations. Proving to have an early gestation, we have used him on heifers. Progeny express his muscle, shape and style.

HA Program is known for a moderate frame, easy growth and high docility. He has been a rancher's favorite consistently stamping out progeny at the head of the class. You always know what your going to get and that consistency allows for peace of mind. High-end carcass data round out the reasons to consider Program.

Regis is a Final Answer son that improves upon his sire with his maternal strengths. His progeny are moderate framed and extremely easy to handle. We only had two bull calves out of him this year – the majority were heifers of which we kept most of them. If you're looking to keep replacement heifers or just need to breed some, your first look should be Regis 904.

0119 GDAR TIMELESS 0119

Timeless has a pedigree that goes back to some of the best genetics the Angus breed has ever produced and proves that they are still relevant and competitive today. He is a unique combination of the performance from his sire's side coupled nicely with lower birth weights. With a touch more frame he really shows off heavy, deep-muscled structure. His progeny are pleasingly consistent.

GDAR Timeless 0119

Connection has built a reputation for his progeny's fertility rates, calving ease and extreme docility. This animal was chosen for those qualities coupled with outstanding carcass data that included a ribeye of 13.7. His progeny have proven to be extremely easy to handle and perform very efficiently on the cow.

All females sell as purebred, unregistered animals. Registration papers will be available at an additional cost by contacting us after the sale.

The American Angus Association's policy of not providing EPDs for unregistered animals prevents us from supplying EPD information for them. Further information will be provided, including EPDs, if the buyer(s) choose to purchase registrations.

1305 6th St. NE
Hettinger, ND 58639

Production Sale

**WEDNESDAY,
FEBRUARY 26, 2014**

12 noon (MST)

Lemmon Livestock, Lemmon, SD
(605) 374-3877 • 1-800-822-8853
