# Welcome

Welcome,

We would like to invite you to our annual production sale. We are very excited about this sale because of the genetic package, superior quality, great disposition and the overall uniformity and eye appeal of these animals. To top it all off, we have decided to add 13 yearling replacement heifers to the sale! We will be sad to see them go!

The calves were all weaned on September 9, 2013. We started them on a total mixed ration consisting of millet silage, alfalfa hay, grass hay, dried corn distillers for protein, grain corn and a complete mineral package. It is a 46 mega-cal ration which is a grower ration. They are on this ration from weaning until delivery. This balanced ration will ensure in a good-footed, free-moving bull that will maintain a condition without eating you out of house and home. They are also on the Select Vac vaccination program.

The animals that are for sale this year were all born on the ranch with the exception of the ones with the WCR prefix. We purchased cows in April with calves at side from Wildcat Creek Ranch in Newton, Kansas. The TMR prefix are out of cows that we ran on shares.

We have an extensive A.I. program on the ranch and this year we started to do some flushing.

The bulls will be kept free of charge until May 1st or when delivery is arranged. We will be taking the bulls home on sale day so they can receive their soundness exam by the Steele Veterinary Clinic in March.

Rohrich's Cutting Edge Ranch would like to thank you for your time and interest in our program.

Sincerely,

Rick, Amber, Kaden, Kylee and Kolden Rohrich

# Sale Information

## **HEALTH:**

Both bulls and heifers are on the Select Vac Vaccination Program. They will be poured and receive their foot rot vaccination prior to delivery. The Steele Veterinary Clinic can assist with any further health questions if needed. Contact them at (701) 475-2300.

## **INSURANCE:**

All purchases become the buyers' responsibility as soon as they are sold. We recommend insuring your bulls and/or heifers on sale day, especially if we are taking them back to the ranch.

Mortality Insurance will be available through Grassroots Insurance Associates, Kirby Goettsch, (605) 380-3939.

## **FEEDING AND CARE:**

Free bull keep until May 1. Bulls are developed on a total mixed ration to ensure soundness and longevity.

## **DELIVERY:**

Free delivery in North Dakota or up to 300 miles. We will assist in anyway possible to get your animal where it needs to be.

## **BREEDING GUARANTEE:**

All bulls and females are guaranteed breeders and guaranteed healthy on sale day. The bulls will have a semen test and breeding soundness exam performed by the Steele Veterinary Clinic before delivery. Scrotal measurements will be available sale day. Bulls are guaranteed to be breeders during the first breeding season. Breeding season is defined as the 90-day period following the first turnout of the bulls.

## **SEMEN INTEREST:**

We reserve the right to collect 200 straws of semen from any bull at buyer's convenience and our expense.

## **SUPPLEMENT SHEET:**

Scrotal measurements and adjusted yearling weights will be available sale day.

## **Average Daily Gain:**

The Average Daily Gain is acquired over the course of 113 days, Sept. 9, 2013, through Dec. 31, 2013, weaning included.

## **TERMS AND CONDITIONS:**

Cattle will sell according to the terms and conditions suggested by the Red Angus Association of America, available online at [redangus.org/marketing/sale-planner/sale-terms-conditions](http://redangus.org/marketing/sale-planner/sale-terms-conditions).

# Heifers

If you are looking to add some heifers to your program. you have come to the right place.

This set of heifers is hard to part with. They are extremely long bodied, very complete, well balanced females that carry themselves nicely. They stand on a good foot and yet are very feminine looking. I know there will be flush cow prospects in this group. They are all out of great cows and will make excellent mothers.

They are sold guaranteed open and breedable. Anyone who spends \$3000 or more will receive two units of semen from our new herd bull Brylor WRAZ Mak'n Waves 39X or, you can deduct \$100, your choice.

Buy with confidence, you won't be disappointed!

315A is correct in so many ways. She is built for the show ring. She is clean fronted, very feminine and deep red. A nice, complete calf. Take a look!

This heifer has volume and is a very deep-sided, flawless female guaranteed to make an awesome cow. Just look at her 77-lb. BW, 717-lb. WW 717 and 108 WR. What more could a guy ask for?!

## **Set up an account**

Setting up an account is a simple two-minute process.

1. Look for the log-in area on the upper left portion of the screen.
2. Find the blue button labeled "Register to View"
3. Fill in the form with your name, email, state, username and password.
4. Press the proceed button at the bottom of the page.

Any time you come back to CattleUSA just enter your username and password to log-in and watch auctions.

## **Get approved to buy**

Each auction approves its own buyers, no buyers are approved by CattleUSA. This is done for your privacy and security. Your buyers information is kept private and is only released to the auctions you choose. In order to obtain approval to buy at an auction you will need to submit your contact information to each auction you wish to buy from.

1. Log in to CattleUSA.
2. Push the Submit button next the auction you wish to be approved at. The first time you do this, a form will pop-up for you to fill out your contact information. Fill out your information then push the button at the bottom of the form to continue.
3. You have now sent your information to that auction. The auction will now be able to find you in their data base and approve you to buy. If you would like to be approved at other auctions push the submit button next to each auction you wish to be approved at. Your information will be forwarded to those auctions only.

Auctions do not have access to your information until you send it to them.
