Saturday, April 12, 2014**

1:00 p.m. • On the ranch • McLoud, Oklahoma

**Offering 60 Lots
of Lowline Cattle**

30 Fullblood Females • 26 Percentage Females
4 Bulls • Semen and Embryos
Including Two National Champion Females!

*Bred for calving ease and
low-input beef production.*

**KBW Kessler FM15657
2013 National Champion Bull and
Supreme Lowline Exhibit**

Two National Champions wrapped up in one pedigree ... Kessler, the 2013 National Champion and "Super Sonic", his maternal grandsire, the 2008 National Champion. His sire, Spring Creek Ulysses, has had numerous full sibs, heifers and bulls, consistently in the purple circle wherever they've shown. Kessler is stout made and will add performance, natural thickness and fleshing ability to his offspring - perfect for forage based beef production. His service sells.

Insurance:

Livestock insurance will be available at the settlement desk for those buyers wanting to insure their purchases. We ask any buyers who leave their purchases at the ranch for more than a day or two to insure them.

Welcome!

Welcome to the inaugural K Bar W Ranches LLC & Covey Creek Cattle Co. LLC production sale! We're very excited that our programs have matured in such a way that we're able to host this event and present a set of cattle of this quality. I'm not sure if two National Champion females have ever been offered in a Lowline sale and it's hard to ignore how many other banners and achievements are represented here. There are only four bulls in this year's sale, but we believe it may be the best set ever offered in one Lowline sale.

Thank you for your interest in our programs and please don't hesitate to contact us with questions, we'd be glad to hear from you!

We look forward to seeing you April 12.

This bull has proven himself repeatedly over a variety of dams. We've raised about fifty of his calves now, including many females we've kept as replacements. His daughters really milk. Poke has sired purebred and fullblood steers that have graded prime in a short fed program. He transmits a ton of guts to offspring as well as big, sound feet. He was a division winner at the American Royal as a calf, but has absolutely excelled as a sire. We are selling this proven sire in full with the exception of unrestricted use of the semen we have in our possession.

 Sexed semen packages sell as Lot 60.

A maternal half brother to KBW Zombie, Helios has excelled. We are pleased with his fall 2013 calves and Covey Creek will be retaining females sired by him as well. Like so many MCR Findon's Monarchy offspring, Helios is long with a clean front end. Plenty of power here. This bull has been out working in the pasture, not on the show road. His dam is exceptional. So much bull and cow power here. Sells in his entirety.

Every female in our Denver and Houston show string this year was sired by "Mo". This bull has a well established history of adding length and slicking up front ends. "Mo" is a royally bred Findon Royale son. His dam, EZ Tinkerbell, is the daughter of a National Champion, EZ Fantasia 20J. Tinkerbell is also the dam of MCR Blue Flag who produced the National Champion MCR Opinionated. We have a small amount of ET quality (5 million count) sexed heifer calf semen collected from MCR Findon's Monarchy. It's finally time to share. 90+% sorting accuracy! **Lots 60A, 60B and 60C:** Selling three flush packages of sexed heifer calf semen, each package containing three straws and three fullblood certificates.
