Online Bidding:

Sale will be live online via Superior Livestock and DV Auction. See pages 4 and 5 for details.

Conference Call:

Conference call through Superior Livestock: 817-378-3334

Cattle Inspection:

We welcome your visits and would be happy to show the bulls as well as the cowherd. The bulls will be at Feddes Red Angus just 2.7 miles south of Manhattan.

View the full-color catalog online at www.FeddesRedAngus.com

Sale Order:

Cattle will sell in catalog order.

Herd Health:

Program include 8-Way, Express 5 PHM at branding and pre-weaning. We also use Ivermectin in the fall and again in January. Dr. Bruce Sorenson (406-388-6275) has done a complete breeding soundness exam on each bull. All the bulls selling in this sale are free of any known genetic defect.

Treated with Saber (lice treatment) in February. Heifers received Preg Guard Gold FP10 and Trivib 5L in February and bulls received Vira Shield in March.

Calving-Ease Recommendations:

*** Recommended for heifers and cows
** Recommended for large heifers and cows
* Recommended for cows only

Bull Ration:

Bulls are developed on a high-roughage, low mega-cal ration to show their genetic potential and to develop their reproductive longevity.

Heifer Ration:

10% straw, 45% silage, 45% chopped mixed hay

Transportation:

Bozeman is served by Delta and Continental Airlines at Gallatin Field, 1 mile east of Belgrade or 8 miles northwest of Bozeman. Jet service daily north, south, east and west.

Accommodations:

Broken Spur, Three Forks 1-888-354-3048

Welcome to our 2015 production sale!

What a year it's been in the beef industry. Record prices were set on a regular basis. Red Angus steers were often the top selling groups in sales around the country, by video and at the auction barn. The replacement kind of heifer calves out sold their steer mates in many cases. One of our friends - customers sold 7-weight Red Angus heifer calves for \$2300 per head.

Females from our programs are highly sought after from both registered and commercial producers. We have focused on balanced maternal genetics ever since we started in Red Angus. The next few years while rebuilding cow numbers, it's especially important to pay attention to maternal traits. We don't chase fads or extremes. We breed generation after generation of functional, trouble-free females, with quiet dispositions, fleshing ability, low labor females with exceptional feet, leg and udder structure. We always strive for balance, with calving ease, solid growth and carcass traits. We use strict, no excuses culling criteria to constantly improve our cattle, to bring you a better genetic package.

The bulls are well grown out, but not fat. The average backfat on this group is 0.20. There is a very good selection of calving ease bulls that have excellent growth and carcass traits. We also have a very stout set of bulls to breed your cows, that will add pounds to your calf check in the fall. The daughters of these bulls should make great replacements. We do a complete breeding soundness exam on each bull, as well as carcass ultrasound. This year we did a 50K DNA test on all of the bulls. This is the most advanced technology available to improve accuracy and reliability of EPDs.

Videos of the sale animals will be available at our website in early March.

It's been a busy year again on the Feddes/C-T Ranches!!!! The big event this year at the Feddes Ranch was the marriage of our youngest daughter Becky to Jeremy Townsend, a man that we have grown to love and are proud to call a "son". Along with that union came two more beautiful granddaughters, Kaitlyn (17) and Lauren (15). It's hard work being a grandpa and grandma, trying to follow all the grandkids and their activities keeps us hopping. The DeBoer family just runs from one thing to the next ... church activities, baseball, football, basketball, 4-H, hunting (anything), barrel racing, and in between all those activities, we try and find time to work cattle, irrigate, put up hay, and maybe go camping once in a while! How blessed we are to be part of production livestock agriculture, and the Red Angus family!

We look forward to seeing you at the sale. If you have any questions, or just want to visit feel free to give us a call.

Blessings from the Feddes and DeBoer Families

Delivery Instructions _____

TERMS AND CONDITIONS

1. The terms of the sale are cash unless prior arrangements have been made.
2. Each animal will be sold to the highest bidder. The auctioneer will settle any disputes and his decision on such matters shall be final.
3. Any announcement from the block on sale day will take precedence over printed material.
4. Health certificates will be furnished for shipment anywhere in the United States.
5. Each animal becomes the buyer's risk as soon as sold. Cattle will be cared for, for a reasonable length of time at the ranch, at the buyer's risk.
6. Retained Interest: All bulls will sell half interest and full possession. The buyer receive full possession and full salvage value. The seller has the right to collect semen at the buyer's convenience, and the seller's cost. If the buyer wishes to share in the collection costs and revenues, that is his/her choice.
7. Registered heifers selling for more than \$2,000 will sell with papers. Less than \$2,000 will be sold as commercial.
8. All bulls selling will be covered 50% if they are injured during their first breeding season. 50% of the value of the injured bull will be given as credit in a future Feddes/C-T sale toward a replacement animal. All injured bulls must be diagnosed by a veterinarian. Please notify us as soon as possible should an injury occur prior to the injured bull being sold.
9. Everyone attending the sale does so at their own risk. Owners, clerks or other helpers do not assume responsibility, legal or otherwise, for damages of any kind.
10. Free delivery to central points in Montana. \$100 will be deducted from each bull that the buyer takes home from the sale. We will help with arrangements on females. Heifers are delivered at cost. We will attempt to deliver bulls in early April.
11. A certificate of registry and transfer will be furnished for each animal sold as a registered animal after settlement has been made.
12. The above terms and conditions shall constitute a contract between buyer and seller of each animal.

These cattle do sell in accordance with the Sale Terms and Conditions set forth by the Red Angus Association of America.

HOW TO PARTICIPATE AS AN ABSENTEE BUYER

1-800-422-2117

We have made preparations to bid and buy your Red Angus Cattle through Superior Productions' "Call or Click-To-Bid" service for those unable to attend in person on sale day. Please note that all of the lots in the sale will also be available for viewing online prior to sale day at www.superiorlivestock.com.

HERE'S HOW IT WORKS

Turn in Bids Over the Phone. This is our traditional method of buying livestock. To get started simply go online to www.superiorlivestock.com and click on the tab titled "Register for a Buyer Number". Select the registration form for Superior Productions and print the registration form, fill it out and fax it in to Superior Productions at (817) 378-3380 with a signature on it. You can also mail it in to the address provided on the form. Upon receipt of this information Superior will call you with a buyer's number and the bid line phone number that you will use on sale day to place bids over the phone.

Click-To-Bid. This is Superior's newest way to buy cattle! Please note that high speed internet is required – this is not for dial-up or satellite internet. Registration is free, but you must become a member of www.superiorclicktobid.com to sign up. Becoming a member is easy – just go to the homepage of www.superiorclicktobid.com and follow the out-lined steps to get started. Input your information and select a username and password. You will receive an e-mail confirming you are a member. From that point forward you just have to sign in and select the sale you would like to register for and once approved you will receive an e-mail confirming which sale you are now registered for.

Viewing the Auction. The sale will be broadcast live on the internet at www.superiorclicktobid.com – just go to the home page and select the auction. Remember, you can call in to bid over the phone when watching on the internet if you have registered for that service, but you must be a member of www.superiorclicktobid.com to "click-to-bid" and bid online. Your computer must have Flash Media Player installed to view the auction.

Bidders who are successful in making purchases will be contacted by Superior Productions after the sale to settle payment and discover your shipping plans.

SELECT OUR BULLS WITH EVEN MORE CONFIDENCE

We believe in providing our customers with the most accurate information possible. DNA profiling has advanced to the point that when added to a bull's pedigree and his own, individual data, the reliability of his EPDs increases significantly. Therefore, to better serve our customers, for the first time, all of the bulls in the sale have genomic-enhanced EPDs through DNA 50K testing.

The table below shows the estimated number of progeny the DNA information adds to the reliability of the EPDs. For the growth and carcass traits, the higher reliability is equivalent to almost a complete calf-crop of steer calves. For a maternal trait like Stayability, it's equivalent to getting information on at least three to four heifer calf-crops.

The genomic-enhanced EPDs are made possible through a partnership between the Red Angus Association of America and GeneSeek. Bottom line: we've made the investment so you can buy bulls from Feddes/C-T Red Angus with the highest possible confidence.

Can't make the sale?

We are pleased to bring you real-time Internet bidding and a live broadcast of this sale through DV Auction. To watch or bid online, simply complete the following steps:

- 1) Visit the DVAuction web site at www.dvauction.com
- 2) Click on the "Register" tab
- 3) Enter a user name, password and your contact information.
- 4) Click on "Apply for Bidding."
 - Select the sale from the list of other auctions and click "Apply".
 - Complete the process by filling out the Banking & Lending information requested.
 - Be sure to include a personal contact at your bank, we will contact them in order to get a credit reference.
 - If you would prefer to be approved using your credit card, call (402) 316-5460.
 - Please be sure to apply for bidding at least a day in advance of the sale-every effort will be made to process your application in a timely manner.

DVAuction will contact you once you have been approved to bid. We do not provide buyer numbers until you have purchased a lot in the sale, and that number is only usable for that auction. After the sale contact the sale owner or manager to make arrangements for payment and delivery of your online purchases.

Please Note: High speed Internet access (DSL, T-1, or Broadband) is required to be able to bid successfully during the sale. If you have any questions, please contact DVAuction at (402) 316-5460 or (402) 474-5557 or email support@dvauction.com.

Proxy Bidding: If you can't access a computer during the sale, you can now place a "proxy bid" through DV Auction. Simply follow the instructions listed above, and as the sale date nears there will be a "Proxy Bidding" link under the sale listing on the main page of DV Auction. You can then place the maximum amount that you'd like to bid, and our system will represent your bid just as if you were there.

Bull Selection – Simplified.

Red Angus stakeholders have enjoyed the capability of selecting bulls based on economically relevant traits (ERTs), such as Heifer Pregnancy or Stayability, that truly impact their operations profitability. While these ERTs allow for efficient selection decisions, the growing number of ERTs and EPDs has resulted in confusion as producers attempt to estimate a sire's overall impact. In response, RAAA has developed the HerdBuilder and GridMaster indices, which answer the question:

“What impact will each potential sire have on my operation’s profitability?”

HERDBUILDER

Producers selecting bulls to develop profitable replacement females and maximize the value of non-replacement marketed progeny should incorporate the HerdBuilder Index into their selection decisions.

The HerdBuilder Index is built using the following scenario:

- Red Angus bulls mated to cows and heifers
- Replacement heifers retained from within the herd
- All remaining progeny sold on a quality-based carcass grid

Given that replacement heifers are retained, significant influence is placed on the obvious maternal ERTs of Stayability, Heifer Pregnancy and Calving Ease. Additionally, with all remaining progeny sold on a quality-based carcass grid, Marbling, Yield Grade and growth EPDs also impact the HerdBuilder Index.

GRIDMASTER

Use the GridMaster Index if your operation's primary goal is maximizing profitability of feeders in the feedyard and on the rail.

The GridMaster Index is built using the following scenario:

- Red Angus bulls mated to cows
- All progeny sold on a quality-based carcass grid

Marbling, Yield Grade and growth EPDs are the traits of primary importance in the GridMaster Index.

While the process of calculating an index is very complex, the resulting selection tool is very simple to implement.

HerdBuilder and GridMaster are expressed as differences in profitability per exposure.

HerdBuilder Example:

30 cows x 5 years breeding = 150 exposures

Bull A has a HerdBuilder Index of 175: $175 \times 150 = \$26,250$

Bull B has a HerdBuilder Index of 100: $100 \times 150 = \$15,000$

\$11,250 Difference in Profitability

Ranch Tested. Rancher Trusted.

Y34 sold in our 2012 sale to Sandy Willow Red Angus (Gaikowski family). He has proven to be very easy calving with a little more growth than his sire. We are calving his first set of daughters now. They bred up early, held good flesh, calved on their own, with good mothering ability and udders.

X28 sold in our Feddes/C-T sale in 2011. ABS purchased 1/2 of him after seeing 2 calf crops. He is a sure fire calving ease sire, with excellent growth, maternal & top 15% for marbling. His first crop of bulls was our high selling sire group in 2013. We have an excellent group of sons in this years offering. His dam and granddam are in our elite donor program.

Cascade Z157 is another bull we sampled from our sale 2013 sale, where he was purchased by Cross Diamond Cattle Company & Choat Cattle Company. His dam and the cows behind here are some of my favorites in the herd. 87S has been a prolific donor for us. Cascade earned the following ratios on his progeny: WR 103, YR 109, IMF 112, REA 106.

 FEDDES LAKINA 106

Silver Bow is as balanced a bull as you will find. He boasts 10 traits in the top 11% of the Red Angus breed and none above 39%. We always breed for balance, and Silver Bow hits it out of the park. He is a long bodied bull that is smooth made and dark red. Our visitors had no problem finding him this summer and fall without his paper work in hand. His dam has a full brother at side that weighed 76# at birth. His maternal brother sold in our sale last year to Bar Open A Red Angus, after recording WR 119, YR 113, REA 105 and a 74# birth weight. His dam has a 120 weaning ratio on two calves, granddam 108/4, great granddam (she is a maternal sister to 310 – the dam of Feddes Big Sky R9) is 102 on 9 head. His great granddam raised 2 bulls that went into purebred herds, one to Ross Knott, and the other to Rob Brawler. We plan on using Silver Bow on heifers and cows in our herd.

C-T Red Sky 4056 is a unique bull with a unique pedigree. This Redemption X Big Sky son is a bull to watch for. He combines great calving ease with growth, maternal, and carcass. He has an extremely balanced set of EPDs with 9 traits in the top 16%. His individual performance is very solid with 103 WR and 113 YR all after a 91 BWR. He gives up no carcass with a 14.46 REA (106 ratio) and Marb in the top 10%. He has a quiet disposition and carries himself nicely with a moderate frame and a wide back and stance. These Redemptions have been a very consistent sire group with Red Sky being one of the best I've seen. Don't miss this great bull! Dams MPPA 103.7.

B207 is a very balanced bull as well with 10 traits in the top 22%. Note his ratios: BW 94, WW 111, YW 118, IMF 124, REA 102. He puts it all together with excellent calving ease, growth, maternal traits & top 2% IMF and 5% REA. His dam is a first calver by Night Calver going back to Big Sky. B207 traces back to Feddes Lakina 310 (Big Sky's dam) 3 times in 5 generation. It is really tough to find a bull with top 5% MA and REA EPDs, with this much calving ease growth and maternal. BALANCE is what we strive for.

C-T Big Quest 4019 is one of the most balanced and complete Conquest sons I have seen. He has a set of EPDs to match his phenotype, with Grid master top 3%, CED 8%, BW 3%, MK 1%, REA 9%. His own performance leaves nothing to be desired with a 97 BWR, 107 WR, 109 YR, 101 REA ratio. These Conquest sons need little explanation with sons and daughters coming to the top all over the country. The dam is a Big Sky daughter which are making some of the best cows in the business and 2033 is no exception with a beautiful udder, great feet and legs and a nice neck extension. She will be a great one. Don't miss a chance at this powerful outlier heifer bull. Dams MPPA 102.8.

C-T Royal Duke 4090 is Royal, not only in his pedigree but also his performance. This is one of the best Duke sons I've seen with an incredible length of spine and extra thickness. Posting a 862 WW (120 WR), 1453 YW (124 YR) he is one of the top performers of the whole pen averaging nearly a 4 lb. WDA. He ranks in the top 1% WW, YW. Dam has earned her way to Donor cow with a 106.2 MPPA on 3 calves. She stems from the great maternal Blockana cow family and is sired by the female making Make Mimi 7249 bull. You will see more of this Bull in the future! If you are looking for a big performance bull that will leave you great females look no further! Dams MPPA 106.2.

* Calving ease.

He started out at 68#, and went on to a WR 107, YR 109, IMF 111. He is loaded with cow power, with donor cows on both sire & dam sides of his pedigree. His dam was a first calver when she raised him. She combines Conquest and Big Sky. His sire is now at ABS after earning their attention following 2 calf crops. Herbuilder 16%, GridMaster 1%, top 3% CED, 9% BW, 3% MA. This bull is moderate frame with loads of muscle in a very attractive package.

- Nice Miss Anne (Packer) cow MPPA 102 • *** Calving ease

Red Angus Guide to EPDs

HB HerdBuilder Index – Need bulls for developing a profitable cowherd and maximizing the value of marketed progeny? Select a bull with a high HB value.

GM GridMaster Index – If you market all of your calf crop and want to increase the value of that calf crop, select a bull with a high GM value to maximize your profit.

CED Calving Ease Direct – Breeding Heifers? Select bulls with a high CED to increase the probability that the heifers will calve unassisted.

BW..... Birth Weight – Predicts differences in birth weight. BW is included in the CED EPD, so simplify your decisions by selecting bulls based on CED instead of BW.

WW Weaning Weight and **YW** Yearling Weight – Predicts differences in weight at weaning and yearling. While selection based on these growth measures can increase your payweight, be cautious what the bull's other EPDs are.

Milk Milk – Predicts differences in weaning weight of daughter's progeny due to milk production.

ME Maintenance Energy – Selecting bulls with a lower ME EPD will decrease the amount of feed his daughters will require to maintain body weight.

HPG..... Heifer Pregnancy – Retaining heifers? Select bulls with a high HPG to increase the percentage of exposures that result in a calving observation.

CEM Calving Ease Maternal – Another number to pay attention to if you are retaining heifers. Selecting bulls with a high CEM will increase the probability of those daughters calving unassisted.

STAY.... Stayability – The most important trait if your goal is developing cows that stay productive, thus increasing your profitability. Bulls that have a high Stay EPD are expected to sire daughters that remain productive in the herd until at least 6 years of age.

MARB .. Marbling Score – Select bulls with high MARB EPD to increase the number of progeny that grade Choice or Prime.

YG Yield Grade – Marketing calves on a grid? Placing selection pressure on YG EPD will decrease the number of YG discounts on grid-marketed progeny.

CW..... Carcass Weight – Selecting bulls with a high CW EPD will increase the weight of the hanging carcass, which directly impacts revenue.

REA Rib Eye Area – Need to add muscle? Select bulls with a high REA EPD to increase rib eye area, which favorably increases Yield Grade.

FAT Backfat – Need to reduce waste in carcasses? Select bulls with a low FAT EPD to reduce backfat, which favorably increases Yield Grade.

Ranch Tested. Rancher Trusted.
