## 2015 Shorthorn Bull Private Treaty Offering

We invite you to review our private treaty offering of Shorthorn bulls and stop by the ranch for a closer look. Bulls will be for sale on a first-come basis, starting April 1, 2015.

We appreciate the Shorthorn breed for their excellent mothering ability, docile disposition, milking ability and increased fertility rate. To be successful in today's cattle industry, we feel cattle have to perform on minimal inputs while producing at high-efficiency rates. The Shorthorn breed has proven its worth to us by keeping our bottom line in the black. Our cows work for us, not the other way around.

Give us a call or stop by!
