# WELCOME

It seems as though it was just a few short days ago when I was writing this letter and it has been a whole year. Wow! Time sure flew. We have had a great year making memories with the children and friends and living the life we chose. Time and time again I am reminded how blessed we are to have our "Red Angus family" around us. We are in the cattle industry but the people we meet and friendships we have made along the way mean more to us than anything. It is so nice to know that we can still be competitive against each other in business and yet in times of need, only a phone call away! We are truly blessed with your friendships and look forward to what the future holds for our industry.

This year the sale will be held at the Dakota Event Center (The DEC) in Aberdeen, South Dakota, as the former hotel we hosted the sale at, closed. The DEC is located just to the south of 6th Ave (HWY 12) and west of Target. There is a physical address in the front of the catalog. There are two hotels attached to The DEC and also Maverick's Steak House. We think you will be more than impressed with the new facilities and hotel choices.

The cattle will be sorted up in the display pens on Dec. 30 and 31. You are more than welcome to stop any time before

and view the cattle – just give us a phone call. If you are flying into Aberdeen and need assistance or transportation to the ranch, please call. We suggest that if you are interested in bidding on cattle that you pick out a couple alternate lots as the cattle will be located 20 miles from the hotel site.

We cannot stress enough that this IS a FAMILY event so please, bring your spouse and children. The hotel has a pool and what kids don't love to dance? We like to travel with our kids and want you to feel comfortable doing the same if you so choose.

We know how crazy and hectic everyone's schedules are this time of year so if you need assistance with purchasing cattle please give us a call, watch the video, bid on DV Auction or call one of the sale consultants or auctioneer to handle your bids.

Hope to see you in a few weeks and have a very Merry Christmas! Remember Jesus is the Reason for the Season!

Lazy J Bar Ranch Crew

*Steph and the rest of the Lazy J Bar Ranch crew – John, Alex, Brooke, Kale and Jacob*

**Watch & bid online for FREE at**

## **DVAuction**

**Broadcasting Real-Time Auctions**

**View the Auction Live!  
Bid Online... you're ringside  
right at your desk!**

**Buying online is as easy as 1, 2, 3...**

1. Create an account at [www.dvauction.com](http://www.dvauction.com) under the "register" tab
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction-a DV representative will notify you once you have been approved
3. Tune in for the sale and make your purchases!

**High speed internet** is required for successful bidding-be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

**Proxy Bidding**-if you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

**Having troubles?** During the auction, you can type a message to the operator at any time for assistance. Our full-time support team can also always be reached at (402) 474-5557.

**DVAuction**  
Broadcasting Real-Time Auctions

DVA Rep. Justin Dikoff (605) 290-0635 - email: [jdikoff@dvauction.com](mailto:jdikoff@dvauction.com)  
Please feel free to contact me with questions about the sale or to view the cattle for you.

Lazy J Bar Ranch New Year's Eve Extravaganza

**CATALOG & PROMOTION** ..... Cow Camp Promotions

## DIRECTIONS TO RANCH FOR VIEWING

**Directions from Aberdeen, S.D.** – Junction of Hwy 12 and Hwy 281, travel 15 miles west, turn north (right) on 368th Ave., travel 3 miles and arrive at ranch on east (right) side of road.

**Directions from Ipswich, S.D.** – Travel 10 miles east on Hwy 12, turn north onto 368th Ave. and travel 3 miles and arrive at ranch on east (right) side of road.

## ORDER OF EVENTS

### Wednesday, December 30

9 a.m. to 5 p.m. .... View cattle at Lazy J Bar Ranch

### Thursday, December 31

9 a.m. to 1 p.m. .... View cattle at Lazy J Bar Ranch  
*Please plan to be to the ranch by noon to look at cattle. We will be moving cattle out of the viewing pens at 1 p.m. so family and sale staff can get to The DEC by sale time.*

3 p.m. Cattle Video Auction, The DEC, Aberdeen, S.D.

6:30 p.m. Social starts at The DEC

7:00 p.m. Dinner at The DEC  
*(Please RSVP to John or Steph by Dec. 26. Dinner is free to all buyers, however everyone is welcome to attend at a cost of \$20/plate.)*

8:30 p.m. Dance with music provided by Peter Franck

## HERD VETERINARIANS

Hosmer Veterinary Clinic, Hosmer, S.D. .... 605-283-2278  
Drs. Cassie Holtz, Holly Roe-Johnson and Tim Kruse

## INSURANCE

All animals will be handled at the buyer's risk. We highly recommend insuring your purchases, especially the bulls that will be on feed until March 1. We take the utmost care for the animals but accidents and sickness do happen. In the event a bull gets sick or hurt he will be immediately treated and you will be notified. After Jan. 1, it is the buyer's responsibility if an animal dies of sickness or animal breaks a leg or has to be put down due to injury. See page 4 for more information on insuring your purchases.

## SALE UPDATES & CORRECTIONS

Please check [www.lazyjbar.com](http://www.lazyjbar.com) for sale updates and corrections. The sale will be broadcast via DV Auction so it is highly unlikely the sale will be cancelled due to weather, however please check our website or call one of the sale phone numbers if you have concerns or questions about the weather. We advise that you come prepared for snow and very cold, windy weather.

## TERMS & CONDITIONS

The sale will be conducted according to the suggested Terms & Conditions of the Red Angus Association of America. The Terms and Conditions are available online at: <http://redangus.org/marketing/sale-planner/sale-terms-conditions>

**Lazy J Bar Ranch reserves the right to:**

- Retain 25% semen interest on all of the bulls offered in this sale.
- Right to flush on any of the open heifers in this sale at our expense and your convenience (for our in herd use only).

# NEW YEAR'S EVE EXTRAVAGANZA

## LOAD OUT AND DELIVERY ARRANGEMENTS

Load out on females will start at 9 a.m. Jan 1. Deliveries will be coordinated at the least possible cost to the buyer. We will charge whatever it costs us to deliver from our place to wherever we meet you. If you are not hauling your own cattle we will collect trucking fees at time of delivery.

## BULL & HEIFER DEVELOPMENT

The bulls and heifers were pasture weaned Sept. 12 on an AccuRation/corn mix and grass. They stayed at the ranch until October 16 when we brought them home and put them on a TMR ration consisting of ground hay, corn silage, cracked corn and a liquid protein/rumensin supplement.

The first three lots in the sale are our choices to start the sale with. Are they the best heifers in the sale? We think they are good – not sure if they are the best – but they are definitely going to grab your attention!

Beginning with Lot 4, the heifers will sell in birth-date order. There may be a heifer that you think is better a little further down the line up. We feel this is the deepest offering of bulls and heifers we have raised to date. We don't chase trends and jump on the next new hot sire every year. We go out, visually inspect the herd sires, then we go and look at numbers and see if we can use that pedigree in our herd.

We feel it is very important to look at feet and leg structure and the way a bull travels prior to buying him. We like to raise growth cattle and we even breed our heifers to what some may say is too big of a bull for heifers. We like to see a 78+ pound calf born as they survive in our cold South Dakota climate much better than the lighter birth weight calves. You will see some big birth weights on some of the calves and we aren't afraid to put that into print in the catalog either.

If you don't know us, you will soon realize that what you see is what you get. We don't sugar coat it for you to make you like the information, and if you don't like some of the cattle, we respect your opinions. We hope you will like our kind of cattle but we realize that we still breed for the majority of our customer base which is the commercial bull buyer who still sells pounds of calf at the sale barn.

John started years ago offering every female on the place to you in his fall sales. Steph grew up raising her own replacements. You can see where this story is going.

We are offering you all our breeding heifers born this year with the exception of the free martins (heifers born as a twin to a bull) and four head. One was an ET calf that our son, Kale, purchased off the recip dam, one was a June-born calf, one was orphaned as a calf, and one that Steph decided wasn't going in the sale. We have no problem showing you these heifers on sale day so you can see that the offering you are getting is deep.

Page 2

## VACCINATION RECORDS

All the calves have been vaccinated starting at birth, again at grass turnout, weaning and post weaning poured/dewormed. Vaccinations include 7-Way clostridial, IBR, BVD, PI3, BRSV, mycoplasma, haemophilus somnus and pastuerellas. If you would like specific details on products, please give one of us a call.

The bull calves will be sold as guaranteed breeders according to the sale terms and conditions of the RAAA. We will keep bulls free of charge until March 1, 2016, at which time they will be semen checked and need to be picked up or delivered. You can arrange to have the bulls fed at \$3.50 per day until April 1, 2016, at which time you need to come pick them up as we need pen space for cow-calf pairs. The heifer calves have been brucellosis vaccinated and will be sold as guaranteed breeders according to the sale terms and conditions of RAAA. Females need to be picked up or delivered by Jan. 3, 2016.

Bred cows and heifers will be pregnancy checked again prior to the sale. They are brucellosis vaccinated and on the same herd health program as the heifer calves.

I don't think that you will be disappointed when you check out our four head and then see the sale offering.

I feel as though we need to explain this to you so you know what is going on and that you know we don't hide facts. Integrity is important to us.

Normally we write footnotes on every single lot. This year we probably won't write as much about every animal. Don't take that to mean that we don't think they are good cattle. We are running short on time and busy with kids' activities, winter chores and well, just life. We feel that you can see what the cattle look like on the video on our website or DVAAuction.com, and from the photos in the catalog. I don't think we need to keep repeating over and over what they look like when you can see for yourself. You have the pedigree info and numbers in front of you in the catalog.

If you do not have internet and would like a DVD of the video sent to you, please give us a call. If you would like to talk about any of the lots and want a personal opinion, give one of us or Dave Kemen a call. You could also call Jason Frey (ringman) as he has helped work these cattle many times. He knows the calves well and their mamas!

Justin Dikoff also got to see them all in person on video day. Seth Leachman and Stuart Gilbert have seen the calves earlier this year too. If you need another opinion prior to sale day give one of them a call.

On sale day you can give any of the ringmen, sale consultants, auctioneer or ourselves a call for more information. Check our website out [www.lazyjbarranch.com](http://www.lazyjbarranch.com) for sale updates. Lot order is catalog order. We are also retaining the right to flush on any of the open heifers in the sale. Flushing will be at our expense and your convenience and only used for our in herd use.

We offer the heifers to you but somehow we need to keep our own genetics in our herd and this may be the possibility for us in the future. See you New Year's Eve!

Lazy J Bar Ranch New Year's Eve Extravaganza

# OPEN HEIFERS

As you all know, we pretty much sell heifers in birth date order but we usually pick a couple of our favorites to put in the beginning. This girl has been Steph's favorite since she hit the ground. Pure cow power in this lot. I would love to describe this heifer to you but I think she just looks good enough you should come to the sale and check her out yourself. Sired by the Vaquero 636 bull that John raised and sold to Jerry Kaup and he used extensively in his herd. Of course, it is no surprise to me to see an old favorite cow in her pedigree. This girl's maternal line traces back to a foundation cow of Steph's that originated at Ed Artz's place. She just also happens to be out of the same cow family as the Lot 3 heifers. The only thing to fault this heifer for is maybe just a tick too much tailhead and since John tagged her she has one ear that droops about an inch more than the other but if you don't think you like her kind, I can honestly say that you will not hurt my feelings if no one wants her. A dam that boasts a 106 MPPA and a heifer with this much growth – I know exactly what I would mate her to for a calf if she was my heifer!

Lot 1

## 1 LAZYJ MISS CARLEE 562-0106

Lot 2

Well if you missed out on Lot 1 then you better get a little faster for Lot 2. She is every bit as good and maybe even better. Here is a deep-bodied, wide-hipped big topped heifer with a lot of capacity – oh what a surprise! She is sired by none other than High Capacity 224! You will like her kind and style. Her dam has been a no-miss dam with a 105.2 MPPA.

# OPEN HEIFER CHOICE LOTS

We are offering you the pick of one – yes, Kyle Gilchrist, only one – of these Lot 3 ET heifers. The EEA 115 dam has been a solid-producing cow here since 2003 and was just sold because she was open this fall at 14 years of age. We decided since we couldn't buy more good "ole mama" cows from Ed Artz that we needed to flush this girl to see what we would get. I know it is crazy – there are a bunch of other cows in the world, but these cows from Ed worked time after time. They were sound, good-footed, good-uddered cows with awesome dispositions that don't need to be tucked in at night to survive a long cold SD winter! The 421 dam is a daughter of 115 and needs to be flushed a little more. She was flushed convention-ally after calving and bred right back at 10 years of age. As Ed would say, she is a good "ole mama" cow. If you want to look at a picture-perfect female at 11 years of age then check out this mama!

These Lot 3 heifers are not the show ring pretty, fluffy type but they will definitely become one hell of a brood cow. The 421 dam is the mother to the Highlight bull that Jordan Rhodes purchased in the first New Year's Eve "Blizzard" Sale. We have used semen on the Highlight bull and have been impressed with his calves as well. I would love to tell you which of

these is my favorites but I honestly can say I don't know which one I like best. The Lot 3E heifer got a touch of foot rot before video day and as a result we didn't video her. We offer them all to you but I would say she is a touch behind all the other heifers. I am not sure if her recip didn't milk as well but she has always lagged a little behind the rest. As always, we tell you like it is and don't hide facts from you. We have no problem keeping this heifer and using her ourselves as we know what her maternal line has done for us.

Don't knock this heifer for her short ears. Her dam decided that she should over-mother her calf after we had the ears dried up and, as a result, licked them and made them freeze off later. Lot 4 is the start of the heifers by birthdate order so we will be excited to see which ones you like best. This heifer is sired by 5L Mountain Sign and out of a direct Rambo 502 x Sodak Chappie dam will make you a future brood cow.

The first thing that comes to mind when I see this heifer is WOW! Her dam was the high seller in the 2014 Presser Red Angus sale and what a purchase she has been. We look for great things to come from this cow. John and Sheldon Laib own this heifer together and have a great partnership started called DA Squared. Call Steph if you want to know how they came up with the DA Squared partnership name! With these two partnered together, it should be no surprise to anyone how good

Did you see the numbers on her? Her dam has an MPPA 102.18 going back to one of our favorite blood-lines, the GrandCanyon 1244G bull.

Performance and his babies

Lot 5

this heifer is. Sheldon's keen eye for livestock and Johnny's great knowledge of picking herd sires sure shows up when you look at this one. She is big topped and long spined like every cowman likes them. This, along with her genetic background, should raise everyone's eye when they look at her. I simply can't say enough about this one. Just come look at her on sale day and I bet you will appreciate her as much as we do.

We decided to use something a little different to AI heifers to than we have in the past. Of course you know we would still pick something with growth and power even for heifers because after all, how else do you breed cattle? Her Norseman King dam has plenty of promise for the future and John is finally getting over Steph pulling rank and keeping a bunch of heifers in our U-Pick-Em lots in the 2013 sale.

An ET out of one of John's flush cows and sired by the Vaquero 636. Look out - Jerry Kaup likes to snatch up every 636 daughter and son he can get. If you need proof of how good that sire is, let's make a trip to Hoven, S.D., and look at a set of registered genetics that run as commercial cows! We also have a maternal sib in the herd.

Lot 10

The only thing I can fault this heifer for is that she didn't want to stick her head into the head gate the day we were clipping and the day we were shooting photos but that's being really picky. I love the way she is made.

I am still not sure about this but sometimes you have to let the good ones go... maybe?!? She is a part-nership cow between us and Jacobson Red Angus. Copperqueen 2657 has produced many sale toppers for us and Gary Jacobson. Her syndicated Mojito bull calf commanded \$77,500 in the 2006 Mile High Classic Sale. I can tell you how many dollars worth of progeny she has raised but

then I would just cry about selling her. She is a no-miss dam. It doesn't matter how you flush her, they are always good! She will sell along with your choice of three of the embryos in our tank out of her. She sells open ready to flush. No guarantee on embryos as we don't have the cow to flush again. Choice of flush sires are: 5L Mountain Sign, 5L Independence, RRA Absolute Power, Performance 2772Z, Power Eye.

If you like deep-bodied, big-topped cattle, then this is the boy for you. We have used semen on him every year and are never disappointed. If you are looking for some possible replacement females, then buy this semen.

Selling two packages of 20 straws. Price bid times 10 or 20, depending on how many the buyer wants.

# BRED HEIFERS

As was noted prior to the open heifers that we aren't going to take the time to write footnotes for every single lot when you can see the video and pedigrees in front of you already. Kemen Farms Red Angus from Madison, Minnesota, has brought a standout group of bred heifers again. They have consigned heifers to our sale in the past. They have purchased great cattle and built their herd around some of the top pedigrees in the industry. Some of Kemen's heifers were Al'd and then we turned our High Voltage bull in with them for clean up, however he didn't breed them for whatever reason. At ultrasound time in early August a bunch of the heifers came up open. We felt they were too good of a group of heifers to just cut their heads off so we pulled our Performance 2772Z bull out of the cows and put him in with the heifers. There are also some heifers that we purchased that are in the sale as well because they are bred to calve after April 15th. You get the chance to purchase heifers bred to a bull that we feel has been doing a stand out job for us and our new Final Answer sire. The expected calving dates and sire information will be listed below each lot.

# BRED COWS

The past few years we have picked out a few of the older cows in the herd that we feel are still too good to just send to the sale barn as culls. They have stood the test of time and raised some good calves for us.

We have also decided to tighten up our calving time so anything bred to calve after April 15th is in the sale offering. Now Steph just has to convince the cow she purchased off The Red Carpet sale to calve prior to April 15th so John isn't upset!!! We aren't going to talk everyone of these lots either.

This year we ran all our herdsires together for clean up so if you are a buyer of one of the later multi-sire groups of cows, you will get a \$25 discount and a bloodcard and DNA form to DNA the calf after it is born for sire accuracy. All the herd sires are DNA typed so you just need to get blood on the calf and send it to the Red Angus Association of America.

# COMMERCIAL BRED COWS

These 2006 model commercial cows have done a great job for us. They have all been recip cows in the past but this year were AI'd because we planned to sell them. They will have breeding dates and sires listed by the lots. We will auction them off with the winning bidder having the option to pick one or take them all. We will continue to auction them until they are all sold.

**97A 609** AI bred to JDRA VAQUERO 636 (#1101093) on 5/22/15. Pasture exposed to LSF RAB PERFORMANCE 2772Z (#1550762), RRA ROLL TIDE 135 355 (#1614354) and LAZYJ YARDMASTER 3219-905 (#1623036) from 5/26 to 8/18. Expected due date: 2/24/16.

**97D 627** AI bred to JDRA VAQUERO 636 (#1101093) on 5/22/15. Pasture exposed to LSF RAB PERFORMANCE 2772Z (#1550762), RRA ROLL TIDE 135 355 (#1614354) and LAZYJ YARDMASTER 3219-905 (#1623036) from 5/26 to 8/18. Expected due date: 3/20/16.

**97B 620** AI bred to JDRA VAQUERO 636 (#1101093) on 5/21/15. Pasture exposed to LSF RAB PERFORMANCE 2772Z (#1550762), RRA ROLL TIDE 135 355 (#1614354) and LAZYJ YARDMASTER 3219-905 (#1623036) from 5/26 to 8/18. Expected due date: 2/27/16.

**97E 649** AI bred to JDRA VAQUERO 636 (#1101093) on 6/5/15. Pasture exposed to LSF RAB PERFORMANCE 2772Z (#1550762), RRA ROLL TIDE 135 355 (#1614354) and LAZYJ YARDMASTER 3219-905 (#1623036) from 5/26 to 8/18. Expected due date: 3/14/16 with twins.

**97C 652** AI bred to JDRA VAQUERO 636 (#1101093) on 5/22/15. Pasture exposed to LSF RAB PERFORMANCE 2772Z (#1550762), RRA ROLL TIDE 135 355 (#1614354) and LAZYJ YARDMASTER 3219-905 (#1623036) from 5/26 to 8/18. Expected due date: 3/1/16.

**97F 644** Pasture exposed to LSF RAB PERFORMANCE 2772Z (#1550762), RRA ROLL TIDE 135 355 (#1614354) and LAZYJ YARDMASTER 3219-905 (#1623036) from 5/26 to 8/18. Expected due date: 3/25/16.

**97G 602** Pasture exposed to LSF RAB PERFORMANCE 2772Z (#1550762), RRA ROLL TIDE 135 355 (#1614354) and LAZYJ YARDMASTER 3219-905 (#1623036) from 5/26 to 8/18. Expected due date: 5/10/16.

# YEARLING BULLS

We will talk some of these bulls in footnotes but probably not as much as in years past. As with the heifers, the bulls are really lotted in no particular order. The majority of what we would consider calving-ease bulls suitable for heifers will be Lots 116 thru 129. We would love to talk these bulls with you, just give us a call. We will retain a semen interest in all bulls selling in the sale for our own in-herd use. If we plan to retain possession on a bull it will be in the footnotes for that lot.

Lot 101

## 101 LAZYJ CORAZON 504-A188

Lazy J Bar will retain half interest in this bull as we would like to breed him to a few cows. We would like to use him in May and get him to you by June 1st or, if you breed earlier, then we would like to be able to use him on clean up. We are very willing to work with you but this calf is so complete that we feel we need to sample him in our herd too!

The baby of the sale. He's just an April 20 calf that gets better every day. Did you check out his numbers? Oh, and by the way, his maternal sister was the sale topper in last year's sale and she was Lot 58 in the sale.

# SIM-ANGUS YEARLING BULLS

These next few lots are bulls that Alex raised and wanted to put in the sale. If you are looking for a good Simmental-cross or LimFlex bull, check these guys out. Alex will also have some private treaty Angus bulls for sale this spring. Look him up if you need a bull.

He is also single and looking for a future girlfriend that would like to date a guy that likes raising cattle, riding horses, hunting and hanging out with family. If you happen to be interested, please text your résumé to him.

This calf lost his mother in May before we started AI'ing, but that didn't seem to slow him down. With a weaning weight of 686 lbs. on Sept. 10, that is saying a lot about his genetics. I'm sure he got good at stealing but that's still impressive. He's got a tremendous amount of growth and power with a maternal pedigree behind him to sire great progeny.

A stout and powerful LimFlex bull that had been a standout since birth. I wasn't sure how these LimFlex cattle would turn out but, I tell you what, they're as good as you could make one. Dark cherry red, mus-cle and power – what more could a commercial cattleman or woman want.
