

DAMAR FARMS *Seventh Annual*

Bull Sale

Sunday, March 13, 2016

At the Farm • Mondovi, Wisconsin • 1 p.m. Sharp

Welcome!

Please join us at our Mondovi, Wisconsin, farm on Sunday, March 13th, 2016, at 1 p.m. for Damar Farms' 7th Annual Bull Sale.

If you are unable to join us in person, our sale is broadcasted live on DVAuction. Be sure to register ahead of time so you don't miss out. Videos can be viewed before the sale online at damarfarms.com and also DVAuction.com. All cattle will be on display at the farm the day before and day of the sale.

Denise and Mitch Larson

We would like to say "Thank You" to all of you who supported our sale and to Zoetis for helping sponsor lunch. We believe you will like the bulls we have to offer this year. We continue to strive on building our herd up with great genetics. We breed with sires for calving ease, growth potential and for carcass performance.

We ultrasound all of our cattle to guarantee their soundness and breeding performance. We know you will find bulls that will work in your herd. We are also offering bred heifers and cows this year, they are due to calve the end of March to the middle of May, and they are just out of our calving window.

Thank you for taking time to view our catalog. Feel free to give us a call to discuss your cattle needs anytime. We hope to see you on sale day.

Damar Farms
Mitch and Denise Larson, managers

Want to keep receiving information about Damar Farms' upcoming sales?

Sign up for our mailing list at www.damarfarms.com or send an email to info@damarfarms.com. We're going paperless, so don't miss out! We promise to only email you the important happenings at Damar Farms. Be sure to join today!

Join us for Our Annual

**View the Auction Live!
Bid Online... you're ringside
right at your desk!**

Buying online is as easy as 1, 2, 3...

1. Create an account at www.dvauction.com under the "register" tab
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction-a DV representative will notify you once you have been approved
3. Tune in for the sale and make your purchases!

High speed internet is required for successful bidding-be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

Proxy Bidding-if you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

Having troubles? During the auction, you can type a message to the operator at any time for assistance. Our full-time support team can also always be reached at (402) 474-5557.

Damar Redeeming C618's sire is Brown JYJ Redemption Y1334, one of the most complete Red Angus bulls. His dam, Brown Ms Conquest Z7870, was purchased for \$31,000 at the R.A. Brown Dispersal Sale for our flush program. Redeeming is the first offspring of Ms Conquest Z7870 that we are offering. Ms Conquest Z7870 is out of the great Abigrace L7730 cow family. Redeeming is in the top 15% of the breed for HerdBuilder, GridMaster, CED, BW, WW, YW, MARB and CW. Here is a great heifer bull that will also add pounds at weaning. He ratio'd 134 IMF and 101 REA and on 2-3-2016 he weighed 1,300 pounds.

Damar Evolutionary C591 is in the top 6% of bred for WW with a ratio of 115, and in the top 9% for YW.

Red Angus Guide to EPDs

HB HerdBuilder Index – Need bulls for developing a profitable cowherd and maximizing the value of marketed progeny? Select a bull with a high HB value.

GM GridMaster Index – If you market all of your calf crop and want to increase the value of that calf crop, select a bull with a high GM value to maximize your profit.

CED Calving Ease Direct – Breeding Heifers? Select bulls with a high CED to increase the probability that the heifers will calve unassisted.

BW..... Birth Weight – Predicts differences in birth weight. BW is included in the CED EPD, so simplify your decisions by selecting bulls based on CED instead of BW.

WW Weaning Weight and **YW** Yearling Weight – Predicts differences in weight at weaning and yearling. While selection based on these growth measures can increase your payweight, be cautious what the bull's other EPDs are.

Milk Milk – Predicts differences in weaning weight of daughter's progeny due to milk production.

ME Maintenance Energy – Selecting bulls with a lower ME EPD will decrease the amount of feed his daughters will require to maintain body weight.

HPG..... Heifer Pregnancy – Retaining heifers? Select bulls with a high HPG to increase the percentage of exposures that result in a calving observation.

CEM Calving Ease Maternal – Another number to pay attention to if you are retaining heifers. Selecting bulls with a high CEM will increase the probability of those daughters calving unassisted.

STAY.... Stayability – The most important trait if your goal is developing cows that stay productive, thus increasing your profitability. Bulls that have a high Stay EPD are expected to sire daughters that remain productive in the herd until at least 6 years of age.

MARB .. Marbling Score – Select bulls with high MARB EPD to increase the number of progeny that grade Choice or Prime.

YG Yield Grade – Marketing calves on a grid? Placing selection pressure on YG EPD will decrease the number of YG discounts on grid-marketed progeny.

CW..... Carcass Weight – Selecting bulls with a high CW EPD will increase the weight of the hanging carcass, which directly impacts revenue.

REA Rib Eye Area – Need to add muscle? Select bulls with a high REA EPD to increase rib eye area, which favorably increases Yield Grade.

FAT Backfat – Need to reduce waste in carcasses? Select bulls with a low FAT EPD to reduce backfat, which favorably increases Yield Grade.

Ranch Tested. Rancher Trusted.
