# WELCOME

# FLAT WATER GANG Red Angus

Welcome to the Flat Water Red Angus Gang's 7th sale together. Each one of us is truly appreciative and respectful of all our past customers and those that have bid on our bulls or taken an interest in our programs. The relationships we've built and the success that our clientele have experienced using our genetics are two of the most rewarding aspects of what we do. We understand that a great portion of your success is contingent on the genetics and the quality of the animals that you bring in from our program. The Flat Water Gang considers it an honor and takes the responsibility endeared to this relationship very seriously.

The true focus of our seed stock operations is to create as many marketing opportunities as possible in all facets of beef production. We provide well balanced bulls for the commercial cattleman to insure long term profitability. Over several years, our efforts have been dedicated to refining the maternal fine points of our females to provide our customers with a problem free, sustainable and profit driven cow herd.

In addition, we have injected enough growth and performance to allow one to create revenue in the three primary marketing opportunities of beef cattle production. Whether one is selling calves off the cow, backgrounding a calf crop to add margin or selling fats on the grid, there is performance, feed efficiency and top level carcass traits to assure your operation a high return on investment and build or maintain a reputation for quality.

Our maternal focus also allows opportunists to capture premiums in both the bred and replacement market. Ranchers and cattlemen in all parts of The United States have recognized the maternal value of the Red Angus female. As a result of the phenomenal demand, red heifers and bred stock are selling at a premium to all other breeds. We love seeing our customers top their market in all classes with their reputation replacement heifers. This isn't a fad. It's the long term reality. Flat Water bulls can deliver the genetic package to help you attain more profit with value added females.

This year's offering presents some new genetics with the infusion of bulls like 5L Advantage, Bieber Hard Drive, Crowfoot Resolution and others. We still have some of our reliable and reputable standards like Milk Crk Express 9127, BHR Durango and Troubadour. All the herd sire selections are dedicated to the same principal of producing problem free cattle that maximize revenue.

As always, we encourage and welcome you to call, visit our ranches or drop us a line. We want to make sure that we have all of your questions answered as you prepare to make these important genetic commitments.

Thanks again for your interest and we hope to see you sale day.

Sincerely,  
The Flat Water Red Angus Gang

- Valentine’s Niobrara Lodge..... (877) 376-3003 or (402) 376-3000
- Comfort Inn ..... (402) 376-3300
- Econo Lodge & Suites..... 402) 376-3131
- Super 8..... (402) 376-1250
- Trade Winds Motel ..... (402) 376-1600

**Catalog and Promotion:**

Tracey Koester, Cow Camp Promotions..... (701) 475-2736  
[www.cowcamppromotions.com](http://www.cowcamppromotions.com)

**Guarantee:**

The bulls are guaranteed breeders and are assured healthy on sale day. They will have passed a semen test and breeding soundness exam performed by Broken Bow Animal Hospital. Scrotal measurements will be available sale day. Bulls selling for more than \$3,000 are eligible for a premium cost share for a 6-month policy covering mortality and morbidity through Stockman’s Insurance Agency LLC. The seller will cover up to half of an 8% of purchase price premium. Individual breeders will work with customers on a case-by-case basis concerning guarantees.

**Delivery and Load-out:**

We are offering free delivery to all points in the State of Nebraska. Delivery to other states will be at the lowest cost possible from the seller’s base operation. Bulls not delivered by April 15 will incur a \$4 per day feeding cost thereafter. A \$100 credit will be offered for bulls taken home on sale day by the new owner.

**Sight-Unseen Purchases:**

We encourage you to utilize DV Auction, Inc. as the means to facilitate your absentee purchases. However, if you are unable to use these services or are uncomfortable with them, please feel free to contact any one of the respective breeders or sale day contacts to accommodate your requests. Let us know your needs and budget range and we will work with honesty and integrity to help purchase the bulls that meet your criteria. If you are unsatisfied with the purchase, then you don’t own the animals.

**Terms and Conditions:**

- The Auctioneer will settle any bidding disputes and his decision on such matters will be final.
- All sales are cash in U.S. funds unless prior arrangements have been made with the sellers.
- Any announcements made on sale day take precedence over printed material.
- Health certificates will be furnished for shipment anywhere in the United States.
- Any death or injury after the animal is sold is at the buyers’ risk.
- Anyone attending this sale attends at his/her own risk.
- A retained interest by the seller will be designated as such in the sale. The buyer receives full pos-session and full salvage value on all bulls with a retained ownership interest.
- All registered cattle sell under the suggested Sale Terms and Conditions set forth by the Red Angus Association of America.

## Bull Development at “The Sandlot”

For the first time since we started our production sale 7 years ago, all of the bulls have been developed in a single group. At the conclusion of last year’s sale, we felt that it would be beneficial for all parties involved and principally for our customers to have everything grown together. Thanks to the initiative and commitment of the Cooksley Family, that vision is a reality.

The bull facility at The Cooksley Ranch, north of Anselmo, is aptly coined “The Sandlot.” Yes, “You’re killing me Smalls,” has been uttered on more than one occasion. This spacious and well protected area is ideal for the proper long term development of these investment animals. You are making an investment in our genetics and we, in turn, are devoted to creating a maturation program that is aimed at leaving you with a bull that will hold up and do his job for many years. The Sandlot is an essential component of our sustainable development program.

Walking through the dense sand of the facility is laborious for

the bulls. Trudging through the native sea bed has made them fit, firm and prepared to thrive in whatever environment they are asked to work in. Since the sand leaches moisture, the bulls have remained clean, healthy and structurally sound. The Sandlot is an excellent setting for long range bull development and equates to more reliability and soundness.

We have always been committed to a program that is focused on the steady yet responsible growth of the bulls. This year was no exception as the bulls were fed to a target gain of just less than 3 lbs. of gain per day. We feel that is a conscientious level to allow the bulls the opportunity to express their genetic merit and also to be grown in a manner that focuses on long term function. The addition of The Sandlot enhances our commitment to providing sustainable seedstock.

Please stop in and visit the facility and preview the bulls anytime before the 25th of March.

**DVAuction** Broadcasting  
Real-time Auctions

## Can’t make the sale?

We are pleased to bring you real-time Internet bidding and a live broadcast of this sale through DV Auction. To watch or bid online, simply complete the following steps:

- 1) Visit the DVAuction web site at [www.dvauction.com](http://www.dvauction.com)
- 2) Click on the “Register” tab
- 3) Enter a user name, password and your contact information.
- 4) Click on “Apply for Bidding.”
  - Select the sale from the list of other auctions and click “Apply”.
  - Complete the process by filling out the Banking & Lending information requested.
  - Be sure to include a personal contact at your bank, we will contact them in order to get a credit reference.
  - If you would prefer to be approved using your credit card, call (402) 316-5460.
  - Please be sure to apply for bidding at least a day in advance of the sale-every effort will be made to process your application in a timely manner.

DVAuction will contact you once you have been approved to bid. We do not provide buyer numbers until you have purchased a lot in the sale, and that number is only usable for that auction. After the sale contact the sale owner or manager to make arrangements for payment and delivery of your online purchases.

**Please Note:** High speed Internet access (DSL, T-1, or Broadband) is required to be able to bid successfully during the sale. If you have any questions, please contact DVAuction at (402) 316-5460 or (402) 474-5557 or email [support@dvauction.com](mailto:support@dvauction.com).

**Proxy Bidding:** If you can’t access a computer during the sale, you can now place a “proxy bid” through DV Auction. Simply follow the instructions listed above, and as the sale date nears there will be a “Proxy Bidding” link under the sale listing on the main page of DV Auction. You can then place the maximum amount that you’d like to bid, and our system will represent your bid just as if you were there.

## Absentee Options

We are sincerely appreciative for those that are able to take the time to join us in Valentine on Sale Day as we enjoy visiting and building friendships, both new and old. There is no better way to assess the quality of the bulls and measure how they fit your criteria than viewing them in person. However, this is a demanding time of year for all of us in the beef business and sometimes circumstances and responsibilities dictate ability to travel. In order to accommodate, we are offering a couple of venues for you to utilize as you consider your purchases.

- DV Auction – Bid online from the comfort of your home or office. This is a renowned, safe, secure and professional service. Bulls will go through the ring during the sale with the pre-taped video of the bulls showing on DV Auction. Simply follow the instructions that are provided by DV Auction and pre-register at [dvauction.com](http://dvauction.com). Please try and pre-register prior to sale day.

- Sight Unseen Consultation and Purchases – Contact: Ross Knott (402) 843-8726, Paul Birnie (308) 870-3133 or Ben Cooksley (308) 872-1007 prior to the sale. We will consult with you about your program, the type of bulls you are looking for, the budget you are working with and do our best to match our bulls with your goals and criteria. It is important to us for you to be successful in your operation and we would like to earn your business and have a successful working relationship on a long term basis. If we bid on and purchase a bull on your behalf and you are not satisfied at delivery, you will not own him. Contact us prior to the sale and we can pre-register you with a buyer number.

**Age-Advantaged Bull Program**

These Aged-Advantage bulls are not holdovers. We established criteria based upon date of birth in the 2014 calf crop to determine what we would sell as yearlings and what we would develop to be 2-year-olds. The 18-month-old bulls (on the next page) are calves from our fall calving program. We developed only those bulls that we thought were high in quality.

5552 is a really complete Hard Drive son with deceptive length of body, a square hip and exceptional mass and dimension. He travels very smoothly, has superior growth, great carcass data and an easy going disposition. His grand dam originates from the prestigious Leland program and has a 103.64 MPPA on her first 4 calves. Herd Sire potential. #Guts

When touring the Crowfoot herd prior to their dispersal a few years ago, the 0102X cattle really stood out for their overall style and substance. 4 Aces offspring are very rare due to the short supply of semen. 5030 and 5021 provide an opportunity to tap into these outcross genetics. 9015 stems from one of our foundation cow families. We would like to collect and use in herd, if possible. Herd Sire Prospect.

A very correct made son of 4 Aces with a lot of eye appeal, depth and muscle. The 760 cow has 7 natural calves with a 105.8 MPPA on a 366-day calving interval. Tracing back to both Normandy Canyon and the old Pioneer bull provides the security of knowing that the females will be broody and the calves will perform and grade. We would like collect and use in herd, if possible.

Resolution 3162A was our pick of the bull calves at Crowfoot's final sale and allowed us an opportunity to acquire a 0102X son to use. 5034 catches one's eye as he is smooth through the shoulders, has an attractive profile and great rib shape. His dam, the 8024 cow originates from the same cow family as Lot 2. The 8024 recently entered our donor program. We would like collect and use in herd, if possible.
