

WFL MERLIN 018A (#1628086)

A complete sire with excellent calving ease, exceptional growth, high stayability and top carcass values. He does it all in a great, easy-fleshing package.

Leland Red Angus ...

There's a reason our commercial customers market their cattle with a "Leland Genetics" label. When we ride for the brand, we ride for theirs too as we make genetic selections for the real world – growth and muscle with calving ease.

Carcass Merit with Maternal Values and Quiet Dispositions from a Brand They Trust!

VGW EXCELL 223 (#1541886)

Among the breed's top 1% for growth, strong calving ease, top stayability and high carcass values. His progeny were some of our best to sell last year with excellent HB and GM indexes.

LSF EXPECT ECHO 2252Z (#1547666)

Echo ranks in the top 1% of breed for marbling with a 1.49 EPD and top 2% GM index, making him a carcass trait leader.

LELAND ANVIL TOO 361Z (#1533716)

A meat machine with top 1% growth, high carcass values, HB and GM indexes.

PARINGA IRON ORE E27 (#1562199)

Iron Ore is extremely strong in carcass traits ranking in the top 4% GM, 6% Marb and 9% REA. He combines carcass with long-bodied progeny and feminine females.

Greetings from Leland Red Angus and Koester Red Angus:

We hope 2015 was a great year and that 2016 has started off well.

Following is a pre-sale update of our 2016 sale offering as well as some Red Angus Association of American (RAAA) program updates that will have an impact on your profitability.

First, we are excited that Tom Brink has been named CEO of RAAA. Tom's background is unparalleled in the industry. He is very focused on the profitability of the cow-calf segment and has a vast knowledge of the feeding industry.

In a move to enhance the profitability of the cow-calf sector, the RAAA recently invested in an initial stock offering of Top Dollar Angus, Inc.

Tom Brink

"Top Dollar Angus is a genetically certified marketing company focused exclusively on the best Angus and Red Angus-influenced feeder calves in the industry. Qualified calves must contain at least two generations of Angus or Red Angus genetics with growth and carcass traits ranking in the top 25% of their respective breed.

"This new program differs from Certified Angus Beef® in that Top Dollar Angus does its "branding" in the feeder cattle and calf market. It works by certifying calves that meet program requirements on the farm or ranch, enabling these cattle to be marketed using the Top Dollar Angus brand name and logo. Top Dollar Angus feeder calves have a history of receiving over \$50 per head premium when sold to partner feedyards.

Top Dollar Angus cattle consistently deliver rapid growth and high quality grades. That puts extra dollars in cattle feeders' pockets, which are passed back to cow-calf producers in the form of premium prices. If you have consistently invested in high-performing Angus or Red Angus genetics, Top Dollar Angus can give you access to the Top Dollar Angus premium calf-buyer network, regardless of how you market your cattle (local auction, video or direct trade). Top Dollar's goal is to bring more demand directly to your ranch." (Tom Brink)

For more information, please contact Tom Brink at 303-478-4331 or email tombrink@redangus.org.

Here's hoping for stirrup-high grass in 2016.

Achieve it! **RETURN ON INVESTMENT**

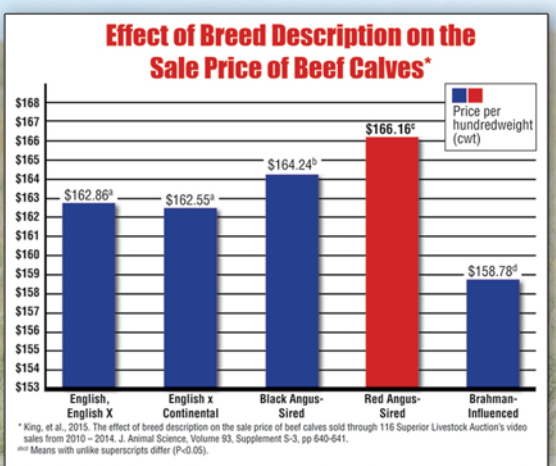

"For 10 to 15 years all the buyers ever talked about was black calves, and the black calves always brought more than everything else. Now I can honestly say that good Red Angus calves outsell the black calves and I know the Red Angus bred heifers will outsell black Angus bred heifers of equal quality every day."

— Jim Davis,
Superior Livestock Auction
