33rd Annual Production Sale

**Friday,
March 11, 2016**

1 p.m. MST • At the Ranch

DVAuction Broadcasting
Real-time Auctions

Selling in Catalog Order:

185 Bulls • 65 Heifers

Including 40 18-month-old bulls from Koester Red Angus

All Sale Bulls 50K Tested • Free Lunch

Free Delivery • Cattle Guaranteed

View videos online at www.lelandredangus.com

Welcome to our 33rd Annual Production Sale!

We first want to express our sincere appreciation to loyal friends and customers for their strong support.

2016 marks 50 years since our ranch first introduced Red Angus as our breed of choice. This year also promises to be exciting for Red Angus, as demand for genetically superior cattle increases.

This demand is documented by Superior Livestock Auction's video sales where Red Angus have had the highest market price over all other breeds. To enhance this accountability, Red Angus now owns a significant share of Top Dollar Angus where producers of high-value Red Angus and Angus cattle can qualify for market premiums.

Leland and Koester Red Angus are enthusiastic about helping our customers capitalize on premiums for their cattle. Through advanced technology that includes DNA testing, carcass ultrasounding and common-sense genetic selection for economically relevant traits, we strive to insure value for our customers.

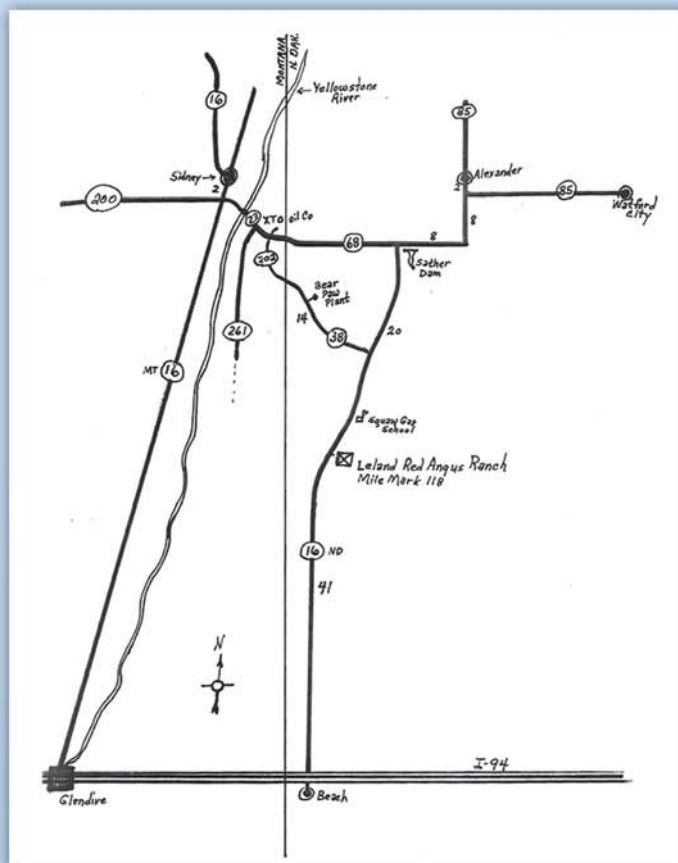

Our bull development program continues to use a high-roughage, low-mega cal ration to allow genetic growth and reproductive longevity.

For customers wanting age-advantaged bulls, Koester Red Angus again will offer a nice selection of 18-month-old bulls. Our offering also includes a few F1 and F2 Red Angus Simmental HybREDS.

As always, we're happy to assist in any special selection needs and guarantee confidentiality and lowest bid on any sight unseen purchases.

*Best wishes from all of us at
Leland Red Angus & Koester Red Angus*

DVAuction Broadcasting Real-time Auctions

We are pleased to offer the Leland Red Angus Sale broadcast "live" over the Internet through DVAuction Services.

First Time Users:

- Visit the DVAuction web site at www.dvauction.com
- Click on the "Register" tab.
- Complete "Registration" and "Applying to Bid" at Leland Red Angus.
- Please view the tutorial available on our home page for bidding instructions.
- Proxy bidding is available before sale day and during the auction.
- You will be assigned a buyer number once you purchase.

We will be contacting your bank to verify information.

DVAuction will contact you to let you know that you have been approved to bid and buy at the sale "live" from your computer at home.

After the sale:

- Contact Leland Red Angus for delivery or pickup and payment arrangements.

Note: You must have high-speed internet access (DSL, T-1 or Broadband) to be able to bid during the sale. Any questions: Contact Tami with DVAuction at (308)-870-3661, tmcintosh@dvauction.com.

We recommend that you register by March 10, 2016, for on-line bidding. Every attempt will be made to complete your application even if it is on sale day.

GENERAL INFORMATION

FRIDAY, MARCH 11, 2016 Sale will begin at 1:00 PM MT.

LUNCH A free noon lunch will be served on sale day.

TRANSPORTATION Sidney is served by Gulfstream Int'l. Airlines. We will meet planes on request.

ACCOMMODATIONS Sidney: Sunrise Inn, (406)482-3826
Lone Tree Motor Inn, (406)433-4520
Park Plaza Motel, (406)433-1520
Richland Motor Inn, (406)433-6400
Microtel Hotel, (406)482-9011
Golden Prairie Inn, (406)433-4560
Holiday Inn Express, (406)433-3200

Beach: Buckboard Inn, (701)872-4794

Watford City: McKenzie Inn, (701)444-3980
or 1-800-842-3989
Roosevelt Inn, (701)842-3686
or 1-800-887-9170
The Watford Hotel, (701)842-2945

Wibaux: Beaver Creek Inn & Suites,
(406)796-2666

Video of sale bulls and heifers will be available to view on our web site www.lelandredangus.com or on DVAuction one week prior to the sale. All cattle will be available to view sale day and will sell via video display.

TELEPHONE BIDS Bids will be handled in strict confidence by any of the publication representatives or the Ranch. **Capabilities to bid by phone on sale day are limited. To do so, please make prior arrangements with a representative or to participate in person, call the ranch at 701-565-2347 to receive a conference line call-in number.** Bidders may also log on to DVAuction.com to bid online. Please see additional information on Page 1.

HEALTH All the bulls will have a general health and fertility examination by sale day and will be cleared for interstate transportation. Scrotal measurements will be available on sale day. All bulls are 50K DNA tested. All heifers are bangs vaccinated.

FERTILITY Yearling and 18-month-old bulls will have a breeding soundness evaluation and semen test. Yearling heifers are guaranteed open and breedable.

DELIVERY Free delivery of bulls to central points up to 700 miles. Balance at cost. Heifers in load lots or by arrangement. We will cooperate in any way to assist in deliveries of greater distance or by private arrangements and volume purchases.

Auction Procedure

The cattle will be displayed in sale order for viewing sale day and remain in the pens for viewing during the entire sale.

No animals will be run through the sales ring, but instead every lot will sell via a pre-recorded video and displayed on large video screens in the sale barn. Videos may be viewed in early March at LelandRedAngus.com, KoesterRedAngus.com or DVAuction.com.

Bidding will be done as normal, with ring men to take your bid, or with the option for absentee bidding through DVAuction or by conference phone line. As always, all sight-unseen purchases are guaranteed.

Todd, Carla, Luella and Melvin Leland

Many animals are part of our life, but only a special few touch our soul.

Thank you, Charge, for your service to our ranch, your stellar protection and your unconditional love. You are missed.

Charge 2003-2015

Kacey, Steve, Tracey and Shaye Koester

JJ, Trista, Wacey, Cedar and Tana Hovde

Jessi,
New ranch hand
in training.

CARCASS ULTRASOUND

This is the 16th year we have used ultrasound technology to evaluate carcass characteristics. Weather permitting, we will have carcass ultrasound information available on all bulls just prior to the sale that can be accessed on our web site.

This information will be available for our customers upon request and more importantly it will be used for more meaningful genetic evaluations in the future as it contributes to carcass EPDs.

Red Angus Feeder Calf Certification Program Tag Voucher

Genetic, Age and Source verify your feeder calves free or at minimal cost to increase potential for premiums in the Red Angus Feeder Calf Certification Program (FCCP).

Leland and Koester Red Angus Ranches will help you with this easy process.

1. Call Red Angus Association of America (RAAA) at 1-940-387-3502 to answer a few questions to enroll.
2. Calves sired by Leland and Koester bulls qualify for the FCCP, and the RAAA will invoice the cost of the tags to us at the rate of one bag of 25 tags per bull purchased in this year's sale.
3. If additional tags are needed, they can be purchased by the bag for 99¢/tag but must be used only in calves that qualify for certification.
4. The FCCP tags are serial numbered at the bottom leaving space on both the front and back for additional ID numbers. This is the lowest-cost system in the industry to USDA genetic, age and source verify your cattle. FCCP-tagged cattle qualify for the Red Angus Choice+ and G.O. Red grids.

INTEREST RETAINED

1/3 semen interest is retained and full possession selling on all bulls. This means purchaser buys the bull for what he bids and gets 100% possession and 100% resale value of the bull when he sells him. It does give Leland Red Angus the option to collect, use and market semen from the bull and does not restrict purchaser from doing the same. This collection, unless agreed otherwise, would be done at the expense of Leland Red Angus and at the purchaser's convenience. Leland Red Angus would assume full liability for the bull's welfare at the purchase value during transportation and collection unless it is a joint venture with the purchaser. In such a case, liability would be proportionately assumed.

SCROTAL CIRCUMFERENCE MEASUREMENTS and FERTILITY

All bulls will have a breeding soundness evaluation and semen test. Scrotal measurements are taken at 10½ to 11 months of age and adjusted to 365 days of age. Scrotal measurements and frame score will be available sale day.

TOP DOLLAR ANGUS®

Now adding value to both Angus and Red Angus feeder calves

Capture premiums by giving your calves the name recognition they deserve!

Should you consider Top Dollar Angus certification for your calves? Absolutely – YES!

If you've consistently invested in high-performing Angus or Red Angus genetics, we can make your calf crop stand out from the pack, and give you access to the Top Dollar Angus premium calf-buyer network, regardless of how you market your cattle (local auction, video, or direct trade). Our goal is to bring more demand to your doorstep.

Moving ahead in 2016, the beef cattle business offers both challenges and opportunities. Lower feeder calf prices underscore the need to capture value-added premiums. Every cow-calf producer with high-end genetics and a solid health program wants to sell their cattle above the average market price, which is exactly why Top Dollar Angus was created.

Top Dollar Angus is a genetic certification and marketing company focused exclusively on the best Angus and Red Angus-influenced feeder calves in the industry. Qualified calves must contain at least two generations of Angus or Red Angus genetics with growth and carcass traits ranking in the top 25% of their respective breed.

Red Angus sires that have a GridMaster Index in the top 25% of the breed or higher meet Top Dollar Angus specifications. Look for the Top Dollar Angus designation on sale lots in this catalog!

This new program is similar to Certified Angus Beef®, except that Top Dollar Angus does its "branding" in the feeder cattle and calf market. It works by certifying calf crops that meet program requirements on the farm or ranch, enabling these cattle to be marketed using the Top Dollar Angus brand name and logo. Top Dollar Angus feeder calves are eligible to receive a \$50 per head premium (sometimes more) over the average market when sold to partner feedyards. One group of Top Dollar Angus steers sold

recently via video auction for \$67 per head above the average market for their weight and location. Another group was forward-sold for a \$52 per head premium. Yet another single load of Montana steer calves beat the market by \$57 per head.

Why are so many profit-minded cattle feeders interested in purchasing Top Dollar Angus calves and yearlings? It's because these cattle perform very well both in the feedyard and on value-based grids. Top Dollar Angus cattle consistently deliver rapid growth and high quality grades. That puts extra dollars in cattle feeders' pockets, which are passed back to cow-calf producers in the form of premium prices.

For more information, please contact Tom Brink at **303-478-4331** or email info@topdollarangus.com.

Proof Is in the Progress

Cowherd-building traits

Beef-building traits

	HB	CED	BW	M	ME	HPG	YW	GM	MARB	YG	CW	REA

Achieve it!

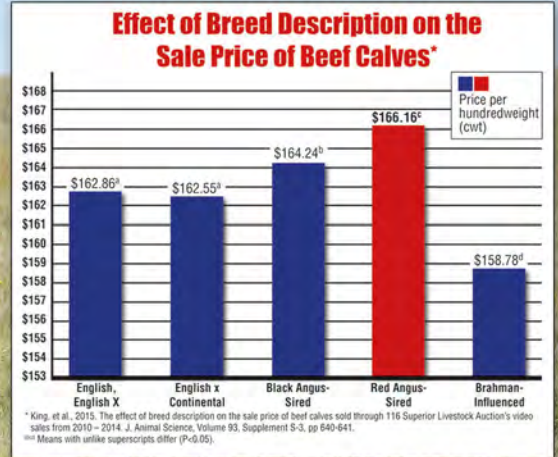

RETURN ON INVESTMENT

Red Angus genetics will improve your return on investment!

"For 10 to 15 years all the buyers ever talked about was black calves, and the black calves always brought more than everything else. Now I can honestly say that good Red Angus calves outsell the black calves and I know the Red Angus bred heifers will outsell black Angus bred heifers of equal quality every day."

- Jim Davis,
Superior Livestock Auction

Ranch Tested. Rancher Trusted.

Red Angus

RedAngus.org
(940) 387-3502

Independent research shows Red Angus-sired calves sold for a higher price than all other breed groups. Red Angus bulls make a positive difference in your breeding program's bottom line.

361Z is a maternal brother to the \$30,000 Leland Odyssey Y290. He exhibits exceptional thickness and ranks in the top 1%WW, 1%YW, 10%Stay, with strong carcass values. We plan to breeding to this sire more extensively because his progeny are physically on target with acceptable weights and exhibit the thick, easy-fleshing muscle pattern that the industry needs. His sons av. 81BW 722WW (101) and daughters 78BW 638 (100).

Y50 sold in our 2012 sale to Randy Meyer in MO. We recognize Y50 as one of 5L Fire Brand T22's best sons. The Y50 sons continue to grow and maintain good flesh as breeding yearlings. Notice his top breed rank for WW, YW and CW as well as top 1/3 of breed for GM. His dam has a 107MPPA. Sons av. 80BW(95) 706WW(101) and daughters 77BW(98) 644WW(103).

Redemption is an AI sire at Genex that we selected to use as a low BW, calving-ease bull. Although a smaller framed sire, he has exception thickness and phenotype to complement his strong HerdBuilder, GridMaster, CE, Stay and carcass traits. We bred to him again this year to produce heifer bulls. His sons average 71BW(90) 695WW(101) and daughters 81BW(107) 649WW(100).
 Genex CRI.

Long Load is well named because his pedigree and performance include a long list of merits. His dam is easy fleshing and has produced four high-selling herd bulls. She has a remarkably light 68#BW av. on 8 head, two being full brothers to Long Load. She has near-perfect udder scores and always conceives first cycle. Long Load died suddenly last winter from acute hardware disease before we had a chance to collect semen. A top son is being used as a replacement. His sons av. 86BW(101) 693WW(101) and daughters were 66BW(83) 651WW(104).

Headliner 3105A is the son of the attractive LSF Saga 1040Y Epic son owned by Pieper Red Angus, NE. He continues the Crystal LA394 cow's legacy from sires like Expect Echo 2242Z and Professional 418X who worked well for us in the past. Headliner was the top-selling bull in Ludvigson's 2014 Missouri Sale. We mated him to several first-calf heifers that required no assists at birth. His sons av. 81BW(100) 714WW(103) and daughters averaged 78BW(103) 642WW(99).
 Co-owned with Ludvigson Stock Farm & Koester Red Angus.

Gunner's dam is among our most productive cows. As a yearling, he sired our lowest average BW progeny yet their ratio was above average for WW. A full brother had an 883WW and sold last year to Otto Red Angus, ND. Notice that he ranks above the top 25% of the breed for HB, GM, WW, YW, M, HPG, ST, MARB, CW and REA. His sons av. 85BW(105) 694WW(100) and daughters av. 72BW(97) 610WW(99).

We purchased Magic Merl with Koester Red Angus on the strength of his calving ease, growth, maternal and carcass values. This combination of Merlin, Invy and Norseman King guarantees great udder quality. Notice his strong breed percentile rank listing him at or above 25% of the breed in many traits including both indices. We lost Magic Merl to a back injury last year and hope his daughters will perpetuate his legacy. His sons averaged 83BW(96) 667WW(95) and daughters averaged 81BW(102) 608WW(96).

Co-owned with Wedel Red Angus, KS and Koester Red Angus, ND.

We selected Big Gene L019X to use for developing our hybrid influenced bulls. Big Gene has excellent calving ease with a big spread of top 19%BW to top 3% YW. He sires more natural muscling and REA than many with positive marbling. The most impressive characteristic of Big Gene is his muscle and performance, yet he has moderate to low BW with excellent calving ease. His sons av. 83BW(101) 684WW(100) and daughters av. 79BW(97) 579WW(100).
 Owners: Leachman Cattle of Colorado and multiple cooperators.

Leading Count is a moderate-growth bull with strong carcass and respectable maternal and CED traits. He has an attractively thick phenotype and quiet disposition. We lost him to an injury so his progeny will be limited.
 Co-owned with Koester Red Angus and Ludvigson Stock Farms, MT.

This herdsire will go down in our records as one of the best female makers we ever used. He also sires exceptionally thick, sound high-performing bulls. He is the product of two very strong genetic lines at Lelands.
 Co-owned with Leland Red Angus. Semen available.

Chivas was Koester Red Angus' high-selling bull in 2012, selling for \$28,000. We used him on both cows and heifers in both of our programs. He stamps his progeny with his same thickness, low birth and moderate frame. In the Leland program, his bulls av. 81 BW, 723WW(102) and heifers av. 72 BW, 639WW(98).
 Co-owned with the "On The Rocks" Syndicate: Jacobson Red Angus, Brackel Ridge Red Angus, Shepard Settlement Red Angus, Sonstegard Red Angus and Wood V Bar X Ranch.

This powerful purebred Simmental sire was used to develop a few F1 bull to accommodate the outcross demand from some of our long-time commercial customers. Beef King is a son of the Beef Maker sire. The Beef King sons were well received in the past and they have exceptional thickness, muscle, rib shape and balance. They develop into very desirable cattle for the industry. These SimAngus bulls should compliment any Red Angus program.

WHAT ABOUT BIRTH WEIGHT and CALVING EASE?

University studies in Wyoming and data from Montana and Colorado lend credence to the following conclusions:

1. The birth weight itself influences calving ease by 65%.
2. The female has 60-70% influence on the birth weight of her calf.
3. The bull has 30-40% influence on the birth weight of his progeny.
4. Pelvic measurement and angle as well as the shape of the calf has 35-40% influence on calving ease.
5. Length of gestation greatly affects birth weight. A fetus can gain over 1 pound per day in the last days of gestation.
6. Weather and temperature the last 30 days affect the length of gestation.
7. Size and maturity of the heifer influences calving ease.

At Leland Red Angus we would also include the following observations:

Most commercial producers do not take birth weights. Guessing is as inaccurate as driving with a broken speedometer - what's thought to be 55 mph may in fact be 65 or 70 mph, and what's thought to be 70-80 lbs. may actually be 80-90 lbs.

Remember, everything is relevant. Increased growth, frame and performance will increase BW. A longer bodied calf will likely weigh more. If a calf is expected to have genetics for growth, it will display this prior to birth as well as after.

Birth weights are taken with two people on all of the calves born at Leland Red Angus to maximize accuracy. We believe in accurate measurements and accurate reporting. At no time are weights ever estimated.

As a rule of thumb, it takes a calf weighing 85 lbs. at birth to finish at 1200-1250 lbs. A cow should easily give birth to a calf weighing 8% of her own body weight. Thus, a 1200 lb. cow should give birth to a 96 lb. calf with ease.

Calves weighing 80-90 lbs. have a better storm survival rate than 60-70 lb. calves because of body mass.

Continued selection for light birth weights will ultimately reduce the mature size and performance of your cattle.

As we research effects of BW at Leland Red Angus, we found that after the cold, prolonged winter of 1996, birth weights increased 6 lbs. over 1995 with no ration difference. In addition, 10% of our bulls were from identical matings, yet the birth weights averaged 15 lbs. heavier than their full brothers in 1995.

Lot 1, Leland Frankly 018-5669

- *A power bull that is easy to like with great carcass and performance ranking.
- *Nearly 800 lb WW and charging onto a heavy YW with a nice ADG.
- *He should be a Herd Builder and a leader for Top Dollar Angus with top 1% GM.
- *Thick, deep and heavy describe this bull best.

Lot 2, Leland Merl 039-5612

- *One of the heaviest bulls in the sale for weaning weight, yearling weight and ADG!
- *Very respectable for CED, strong for HB, GM, M, fertility and carcass values.
- *His dam is a moderate frame, deep bodied cow with a great udder.

Confidence – in the program, the cattle and the genetics.

Koester Red Angus genetics cover all the profit-driving traits from conception to consumption – a live calf born unassisted, high growth, stayability of females and carcass traits that garner premiums! A fall bull from Koester Red Angus also has the age advantage to hold his flesh better than a yearling while siring just as many calves over his lifetime. We focus our genetics to produce calves that weigh up at weaning and yearling time and on the rail, plus give our customers confidence in structurally correct, maternal and easy-fleshing replacement females.

Confidence you can take to the bank!

The second set of fall-born bulls begin on page 47 with Lot 103.

Lot 23, Koester Stakeholder 407

- *Good-looking, low-BW, thick-made, high-performing X7870 son
- *Excellent breed ranks and ratios in all the right places
- *Dam is an easy-fleshing, excellent uddered female with a top 9% HB
- *Top Dollar Angus candidate with top 3% GM and backed with a top 2% HB

- *Kacey's bull: Thick and stout! Huge top, big butted, tons of volume
- *Excellent ratios for IMF and REA with top 6% YG and 14% REA
- *He will surely sire pounds at weaning and yearling

Kacey and Shaye both held officer positions in our local FFA Chapter and attended National Convention in Louisville, KY, last fall.

Kacey graduated in May and is studying animal science at NDSU. Shaye is a sophomore and active in 4-H, FFA, volleyball and student council.

Simmental-Influenced HybRED Bulls

WS Beef King W107

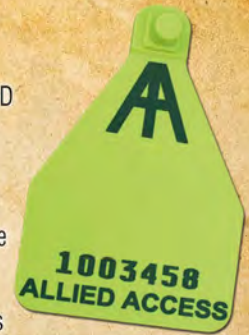

Leachman Big Gene L019X

The Leland and Koester programs have added Simmental-influenced HybRED bulls and females to the sale offering the past few years for our customers who incorporate planned crossbreeding into their programs.

The Beef King sons start the Simmental-influenced section and will add performance and carcass merit to your feeder calves. Their daughters will be valuable replacements females in your herd.

The Big Gene-sired yearling bulls offer extra thickness and hybrid vigor, plus feeders like a touch of Continental in Red Angus steers for increased yield.

Calves from these Simmental-influenced bulls will qualify for the Allied Access tag program through RAAA – and we'll pick up the tab on one bag of tags per bull purchased.

*A strong carcass bull with nice growth and maternal data.
 *Very few animals rank this high in all four carcass traits, so he looks positive for the Top Dollar Angus Program.
 *Good udders adorn his pedigree.

Bieber Rob Roy 10444, MGGS of Lot 92

NDSA All Breeds Cattle Tour

In October, Koester Red Angus was the noon stop for the North Dakota Stockmen's Association All Breeds Cattle Tour. Cattlemen and women – 185 to be specific – from across the region viewed cow-calf pairs, herdsires and sale bulls, then enjoyed a burger and all the fixings before they headed out to visit more ranches in south central North Dakota.

*WHOA, look at the long string of high ranking traits from birth to growth, stay, and carcass merit!

*A heifer bull with punch, getting credibility from his sire with a 77BW avg on bulls and 73 BW on heifers and MGD Majorette 6094 who has a 72 BW avg on 8 head, including this bull's dam with a 70 lb BW.

*WFL Merlin 018A ("Frankie") is the most consistent low BW, high growth sire in our program. He is Fool Proof!!

 *He is a very young bull that has had to compete with older classmates in the same big lot.

Larson Jubilee 155, sire of Lots 183-187

Summer intern, Curtis Wetovick and Cedar

Bull & Heifer Development

LELAND BULL DEVELOPMENT

The bulls are weaned in early October and placed on a roughage only ration until bunk broke. The following two months they are fed a low, 42 Mega-Cal ration of chopped hay, haybet silage, cracked corn, mineral supplement and Mix 30 vegetable fat. From mid December until weight off, they are increased to a 47 mega-cal ration by simply increasing the corn and Mix 30. This ration is significantly lower energy than the 50-55 mega cal ration most bulls are developed on. Our intent is to allow them to exhibit their potential for growth without allowing excessive fat deposits which are negative to fertility.

LELAND HEIFER DEVELOPMENT

The heifers are wintered on a roughage only ration to restrict the ADG to no more than 1.5lbs which is optimal for breeding performance.

Trista Hovde and her steer purchased from long-time customer, Ron Whited.

Dinosaur Hill

HEIFERS

These heifers were wintered on a high roughage ration. They are penned in comparable groups but will sell individually. All heifers will sell as registered unless stated otherwise or announced from the block. They are all bangs vaccinated and guaranteed open.

Pro♀-Cow
