Cattle Producers,

Thank you for considering this year's offerings of Thompson Angus bulls. Thank you to all of our past customers and we welcome any new customers this year.

We will be selling 68 AI-sired bulls from some of the top sires in the nation. The bull offering has really excelled this year. It was our highest weaning weight group ever with an 825 lb. adjusted weaning weight. The bulls have continued on to be our highest gaining group with top yearling weights.

As always, the bulls represent the top 30% of our calf crop. This ensures all bulls selling have quality and ratio over 100. The bulls are fed a high-roughage ration to ensure soundness, fertility and longevity. They are fed a home-grown ration enabling them a smooth transition to their new home. We continue to enter our bulls in the ND Bull Test and finish some steer calves each year. They have always finished near the top in performance and have had several top-selling lots.

On sale day, the bulls will be penned behind the sale barn but will not enter the barn. A sale order will be posted sale day and the bulls are listed in tag order in the catalog. Paul Bitz from Napoleon Livestock will be our auctioneer for the sale.

Thank you for showing an interest in our program. You can give us a call or stop by anytime to view the bulls. As always, we offer free keep of the bulls and free delivery after their semen test in April.

The Thompsons

SALE TIME:

1:30 p.m. CST

AUCTIONEER:

Paul Bitz, Napoleon, ND

LUNCH:

Complimentary lunch served.

DIRECTIONS TO RANCH:

13.5 miles south of Steele, ND or
8 miles north of Kintyre, ND
(Please don't use GPS)
