and
Ressler Angus

Welcome

Cattlemen,

We would like to welcome you to our annual production sale. It has been roller coaster in the cattle market over the past year and it's hard to know where the cattle market is headed but the demand for Red Angus cattle is higher than ever. One place you certainly don't want to cut costs is in your genetics. This set of bulls is one powerful set that will meet your needs in calving ease, growth, maternal and structural soundness.

*Sam, Emily,
Nora and Brynn Twedt*

These bulls were weaned on Sept. 22 without creep feed. We feel it's important not to push the bulls along too fast and it shows us how well each cow and calf is performing on mom's milk and grass. The bulls are then feed a growing diet of corn silage, corn, distillers and grass hay along with a Vigortone mineral to help promote semen development.

For the first time, we will be offering you Embryo Transfer calves. These calves are out of our top two cows. The maternal traits and performance in these calves is outstanding. They are a fun group to see. Many of the ET calves have birthweights that are pretty high. This is due to the recip cow drastically affecting the BW of the calves. All of these ET calves will work on cows just fine. We have 50K'd a number of these ET calves and Lot 1 to help us understand where they will be for BW and CE EPDs. This data will be available sale day.

We also have calves this year out of our new herd sire, Rouse Epitome, that was one of the high sellers at Biebers' two years ago. The rest of the bulls are out of breed-leading AI sires.

We are again selling an excellent group of registered bred heifers and commercial open heifers. These heifers are outstanding. If you are looking for a good group of breds or opens, these will be tough to beat.

We want to thank each and everyone one of you who has purchased cattle from us in the past as well as our future buyers. We can't operate without you guys, so thank you. If you have any questions about the offering please feel free to give us a call or check our website for up-to-date EPDs and information.

Thank you for making plans to attend our second annual Angus bull sale.

We are third-generation ranchers in the heart of North Dakota. We use proven family practices and meticulous management. We have carefully built our herd with traits such as reproductive efficiency, docility and performance, all in moderately framed cattle.

Meghan and Ryan

We were lucky enough to come by an opportunity a few years ago to purchase some high-quality cows from Silver Creek Angus and Mogck Angus. All of these cows produced sale bulls and high-end replacement heifers for the last several years. We have been blessed to implement them into our herd.

This set of bulls is the most uniform group of bulls that we have raised. Over half of them are out of the breed-leading A.I. sires.

These bulls have been fed a ration of alfalfa, corn silage, corn and dry distillers. These bulls were fed to grow and mature but not pushed too hard to help promote longevity of the bull. The results allow us to share our success with you. You'll be pleased with your investment.

At weaning, the bull calves and sale heifers received Vista Once SQ, Vision 7 Somnus, vaccinations and pour-on dewormer. Health papers will be furnished sale date for interstate shipment.

In this catalog you will find bulls with larger birth weights. Each calf born on our facility is weighed on an electric scale. These weights are 100% accurate because they are not taken with a foot tape or lifted up with a bouncing scale. These dams have the pelvic capacity in which to have a larger birth weight calf and their calves are shaped right with a small head and smooth in their shoulder allowing them to be born with no assistance. These bulls are in the sale because they have something to offer you.

The open heifers in this offering are coming from the first cut of commercial heifers. It was difficult to let some of these girls go, knowing what their dams have done and the phenomenal potential they have.

Whether you are a returning customer or a new friend, we appreciate your support for the betterment of our industry.

Please call anytime with questions. We thank you for your business.

SALE ORDER/SUPPLEMENT SHEET

A sale order sheet will be available sale day, along with a supplement sheet with scrotal measurements and adjusted yearling weights.

LUNCH: A complimentary sale day lunch will be served.

VIEW CATALOG AND VIDEOS ONLINE:

twedtredangus.com, resslerranch.com and dvauction.com

INSURANCE:

Bulls that are purchased sale day become the buyers' responsibility as soon as they are sold. We recommend insuring your bulls on sale day if they are staying at the ranch.

TERMS AND CONDITIONS

Terms of the sale are cash. Phone or mail bids are welcome and may be given to the auctioneer or any of the sale representatives. Live bidding will be available online at www.dvauction.com. Please review the below information and register early so you are approved as a bidder in plenty of time before the sale. Each animal will be sold to the highest bidder. Any bidding disputes will be settled by the auctioneer. Any person attending the sale does so at his/her own risk. Neither the owners, no any person connected with this sale assumes any liability, legal or otherwise. Cattle will sell according to the terms and conditions suggested by the Red Angus Association of America and/or American Angus Association.

GUARANTEE

Ressler Angus Ranch/Twedt Red Angus guarantees all bulls selling for \$2,550 or more against breeding injury for the first breeding season. Breeding season is defined as the 90-day period following the first turnout of the bull(s). If a replacement bull is available, he will be provided, or of buyer prefers, credit toward one bull will be given in the following year's sale, less salvage value of the injured bull. Under no circumstance will Ressler Angus Ranch/Twedt Red Angus be liable for more than the net purchase price of any bull. Please notify Ressler Angus Ranch/Twedt Red Angus as soon as possible, should such an injury occur, to make your claim and arrange your return of the injured bull. This guarantee ends the end of the purchase year.

Should the bull die however, he will not be covered by this guarantee. Ressler Angus Ranch/Twedt Red Angus recommends the purchase of the livestock mortality insurance to mitigate this type of loss.

FEEDING AND DELIVERY

Bulls are kept free of charge until April 1. Free delivery is offered in North Dakota or up to 300 miles on bulls (delivery beyond at cost). We will assist in any way possible to get your bull to you.

Leave delivery instructions at settlement time. Delivery on heifers is at buyer's cost.

BREEDING GUARANTEE

All bulls are guaranteed breeders and guaranteed healthy on sale day. All bulls will be semen tested before delivery. Scrotal measurements will be available sale day. Bulls are guaranteed breeders their first breeding season. Pink Eye and Foot Rot shots are available on request at the time they are semen tested.

SEMEN INTEREST:

Ressler Angus Ranch and Twedt Red Angus will retain a one-third semen interest in all bulls sold.

CATTLE VIEWING:

You are welcome to view the bulls at Ressler Angus Ranch in Cooperstown, N.D., any time prior to the sale date. On Monday, February 1, the bulls will be moved to the sale location and sorted into pens for viewing on the day of the sale.

All Twedt Red Angus bulls and heifers will be available for viewing at the sale location and sorted into pens for viewing on the day of the sale.

VIEW AND BID ONLINE:

DVAuction Broadcasting Real-time Auctions

Live bidding will be available online at www.dvauction.com. Please review the information on **Page 2** and **register early so you are approved as a bidder in plenty of time before the sale.**

Broadcasting Real-Time Auctions

Watch and Bid Online at DVAuction.com

Can't make the sale?

We are pleased to bring you real-time Internet bidding and a live broadcast of this sale through DVAuction. To watch or bid online, simply complete the following steps:

- Visit the DVAuction web site at www.dvauction.com
- Click on the "Creat New Account" tab
- Enter a user name, password and your contact information.
- Complete the Banking Information. (If you are only interested in viewing you can skip this section)
- Select your Time Zone, Accept the Terms and Conditions and click "Create Account"
- Complete the process by answering a few questions, selecting your subscription choices
- Click on "Apply for Bidding" in the upper left corner of your screen to select the sales you wish to bid on
- Be sure to include a personal contact at your bank, we will contact them in order to get a credit reference.
- If you would prefer to be approved using your credit card, call (402) 316-5460.
- Please be sure to apply for bidding at least a day in advance of the sale-every effort will be made to process your application in a timely manner.

DVAuction will contact you once you have been approved to bid. We do not provide buyer numbers until you have purchased a lot in the sale, and that number is only usable for that auction. After the sale contact the sale owner or manager to make arrangements for payment and delivery of your online purchases.

Please Note: High speed Internet access (DSL, T-1, or Broadband) is required to be able to bid successfully during the sale. If you have any questions, please contact DVAuction at (402) 316-5460 or email support@dvauction.com.

Proxy Bidding: If you can't access a computer during the sale, you can now place a "proxy bid" through DVAuction. Simply follow the instructions listed above, and as the sale date nears there will be a "Proxy Bidding" link under the sale listing on the main page of DVAuction. You can then place the maximum amount that you'd like to bid, and our system will represent your bid just as if you were there.

Red Angus Bulls

Lot 1

Lot 1 is one of the most powerful calves I have raised. He is deep, long, thick, and has a wonderful disposition. He ratioed a 127 at weaning! He is out of cow we purchased a few years back from Pederson Broken Heart Ranch and she has done a great job for us. Don't let this bull's BW steer you away – he won't be hard calving. Miss BHR Judge 9189 lost her calf in 2014. We kept her any way and she got fat over summer and into winter. We feel this greatly affected the BW of this calf. 50K data will be available on this calf sale day. He is also out of Bieber Roosevelt whose daughters are turning out tremendous. He has a 31 for Milk which is in the top 1% in the breed.

Bar R Miss Rambo 71P

Lot 2

Lot 2 is the first of the ET bulls. 71P was one of the most powerful cows I have ever owned. Note her MPPA of 109. This son of hers shows her power, weaning off at 812 lbs. and he hasn't slowed down since. If you want to add performance and pounds to your next calf crop, this guy will surely get it done. A full sister to him sold in the North Dakota Red Select Sale to Rhodes Red Angus for \$6,250. Full brothers sell as Lots 6, 7 and 28.

Lot 3 is one soggy, deep-sided bull. He is out of a first-calf heifer that we are really excited about and by the popular Bieber Hard Drive. He weaned off at 764 lbs., ratioing 110. He is in the top 1% of the breed for GM, WW and YW. If you want them to calve easy and grow, this bull is the bull for you. He will work on heifers.

Lot 4 is a meat machine. He is so so deep and so so thick. This bull has been a stand out all year. He is out of a cow that we think very highly of that came from Nordland Stock Farms. He weaned off at 738 lbs. He is by Bieber Hughes who has done an outstanding job for us. We calved his first daughters last spring they were excellent. He ranks in the top 5% for WW. If you want to thicken up your calves, this guy will get it done.

Lot 25 is out of a herdsire that we had sold and bought back when the guy dispersed his herd to use in our own herd. He was one of the high selling bulls in our 2012 sale. The Hay Power calves are super deep and long as you can see in this guy. They have moderate BW with lots of growth. This guy was born at 85 pounds and weaned off at 746 and ranks in the top 4 and 5% for WW and YW.

Angus Bulls

Lot 48

This long and smooth-made bull comes from a strong cow family on both the top and bottom sides. He has a +10 CE with an actual 82 lb. and a +127 \$B. He has a multi-generational set of calving-ease numbers. He has the look of a working bull and could really power up your calf crop. Suitable heifers.

479 is a very good Iron Man daughter. Iron Man 806 goes back to the Rafter H Ranch in Iowa. These Iron Man daughters on this sale will be really good as I have calved a few already. 479 is my nephew Liam's heifer and all the money for this heifer goes to his college fund. She ranks in the top 4% and 6% for WW and YW. Ultrasounded safe to Bieber Federalist B543 for a 3-31-2016 calf (sex unknown).

467 is another Iron Man heifer out of a cow we bought from Pederson Broken Heart a few years back. 14 has turned into a great cow and this heifer surely will do the same. She is carrying a Federalist bull calf that should be a dandy. Somehow her papers slipped through the cracks but she will be registered. She sells guaranteed registered as a Category 1A. Ultrasounded safe to Bieber Federalist B543 for a 3-12-2016 bull calf.
