# Welcome

Valnes Ranch Red Angus

Welcome to our 8th annual bull sale!

It is with a new outlook on life that I write you this letter this year. I have never been happier to be alive and able to do what I love and that is to raise Red Angus cattle and continue on in the family business of raising quality bulls and females to sell to our customers. As some of you may know my team roping partner, his wife and I were in a really bad car accident on June 6th of last year and I broke my back. I was in a turtle shell (which is a full upper body brace) for six months. I wasn't able to do anything at all this past summer but just lay there and try to heal up. It was a very humbling experience for me as I use to have a lot of pride in being able to do everything on my own. But it is with much appreciation and gratitude that I thank my family, friends, neighbors, and Farm Rescue for all that they did to take care of me and (my wife when she got hurt also) and our ranch. They finished AI'ing cows, took all the pairs to grass, fixed fence, put up hay, checked cows and rotated pastures, hauled cattle for me, hauled hay and a lot of other things, as well as finishing some of my concrete jobs that I was in the middle of, ( I pour a little concrete on the side in the summer). Lots of people stopped just to visit with me and to encourage me, which meant more to me than I can even express. I received phone calls, letters, cards, fruit baskets and more. Without the help of all these people there would not be a bull sale for me this year so I am very grateful for all that everyone did for me. I now fully understand the true meaning of what Jesus meant when he asked, "Who really is your neighbor?" and said, "Do unto others as you wish them to do to you." I have had so much help and support and made so many new meaningful friendships, that I feel truly blessed!

Jayme and Emit

What does this have to do with cattle, you might ask. Well when you are in the Red Angus business you kind of gain lots of family. You are not just buying a bull or female from some producer but you are buying a bull or female from someone who cares not just about selling cattle but also who cares about you personally and who will try to help you in any way that they can to make sure that you can succeed! That is the lesson I learned this year. So many of the Red Angus members from North and South Dakota are like family, they all care about you just like they do me, and each other. So whether you buy a bull or heifer from us or from them, just know that they are all invested in your success just like we here at Valnes Ranch Red Angus are. We will be there for you, just like they were for me.

It has been a great winter and the bulls look good. We are very happy with them and can't wait to see all of you on sale day to enjoy a nice meal and look at some good Red Angus cattle together. We hope that you can all come to the sale whether you need a bull or not. The fellowship will be great! There is nothing better than going to a bull sale! The cattle market is good and it is a great time to add quality genetics to your program that will increase profits both now and in the future. If you have any questions please feel free to call either myself, Emit, (605)228-8857, or my dad, David, (605)881-7933. We here at Valnes Ranch Red Angus hope to see you sale day were you can add more than just good genetics to your herd for the future, but also were we can continue to grow our friendship.

Sincerely, *Emit Valnes*

**90% of the bulls offered on sale day  
have low maintenance EPDs.  
Less feed means more money left in your pocket.**

*Annual Production Sale*

**Saturday, April 9, 2016 • 1 p.m. CDT**

**Emit & Jayme Valnes Ranch • 12310 447th Ave • Eden, SD 57232**

(Map and directions on page 2)

*Selling* **60 Yearling Bulls • 2 Ranch-Broke Horses**

Including excellent heifer-bull prospects!

**SALE HOSTS:**

**VALNES RANCH RED ANGUS**

Emit and Jayme Valnes ..... 605-228-8857 or 605-698-6596  
David and Debby Valnes..... 605-698-7300 or 605-881-7933

**SALE DAY CONTACTS:**

We guarantee sight-unseen purchase satisfaction. Contact us or the auctioneer or ringmen. Your bids will be handled confidentially.

**Sale day phone numbers:**

Emit..... 605-228-8857  
David..... 605-881-7933

**AUCTIONEER:**

Kyle Shobe, Lewistown, MT ..... 406-366-0472

**RINGMEN:**

Speed Siegfred, Special Assignment ..... 605-868-9266  
Ryan Casteel, *Cattle Business Weekly* ..... 605-423-6000

**SALE DAY LUNCH:**

A complimentary lunch will be served on sale day.

**TRAVEL:**

The nearest airports are Fargo, N.D., and Sioux Falls, S.D.

**ACCOMODATIONS:**

Super 8, Sisseton, S.D. .... 605-742-0808  
I-29 Motel, Sisseton, S.D. .... 605-698-4314

**TERMS:**

Terms of sale are cash or check. Settlement must be made in full immediately following the sale before animals can be loaded or delivered. Every animal sells to the highest bidder. Any dispute will be settled by the auctioneer. Any corrections from auction block take precedence over printed material in catalog.

**HEALTH/CATTLE MANAGEMENT:**

All cattle are on a complete vaccination program as recommended by our veterinarian. We have a BVD-free herd. All bulls were fed together on a high roughage diet, though Emit and David fed their own bulls separately this year.

**RETAINED SEMEN INTEREST:**

We are retaining a 1/3 semen interest in all the sale bulls unless otherwise indicated. Full possession sells on all bulls.

**BREEDING GUARANTEE:**

We guarantee all bulls to be breeders. All bulls have been tested and passed a breeding soundness and fertility test by Webster Veterinary Clinic. If for some reason we are unable to, we recommend you have the bull's semen tested a couple of weeks before turnout time. If after two tests a bull is found to be a non-breeder, we will replace the bull or allow credit toward next year's sale. This guarantee is void if there is any evidence of improper management in caring for the animal, or the bull's inability to breed is due to sickness or injury that was incurred after being sold. The bull shall be returned by the purchaser or other arrangements made with us.

**LIABILITIES:**

All persons who attend the sale do so at their own risk. The owners assume no liability, legal or otherwise, for any accidents which may occur.

**DELIVERY:**

If you haul your own bull home sale day you will receive \$50 off the purchase price. We can assist you in delivering the bulls either to your ranch or to central locations on major highways up to 300 miles at the **least cost possible** to the new purchaser, within the next week or so. If you need special arrangements please give us a call.

**LIVE BROADCAST:**

The sale will be broadcast live over the internet. See directions to register to bid on page 2.

**Promotion and Catalog:**

Cow Camp Promotions, Tracey Koester ..... 701-475-2736  
cowcamppromotions.com

This is a great young bull that we raised and sold 1/2 interest in to Namken Red Angus. He is very thick and soggy with lots of eye appeal and out of one of my favorite cows. She has a perfect udder and always raises one of the best calves. The calves out of this young sire are proving to be outstanding. They are moderate framed, easy fleshing calves with exceptional phenotype.

This herd bull is one that we feel represents his sire Red Towaw Indeed as good as any son out there. He is extremely deep bodied and really thick and deep hindquarters, he is thick and wide all the way across his back and he has a good straight top line, with a nice head. He has excellent feet and is very correct.

He is the result of a flush out of one of my favorite cow, P60 Eucla. On the first flush with only one straw of semen in her she had 27 eggs and 21 #1s and 3 #2s. We sold one bull brother to Crump Red Angus and we put four full brothers in our commercial herd and we put Z18 in the registered herd. He may not have the big, high EPD numbers but neither did Indeed himself and look what he did for the breed and how sought after he is. This herd bull (Z18) is very balanced, no super highs, no super lows, and he is phenotypically flawless. His sons are absolute studs! Come check them out.

Copper 127 is a bull we bought from Prairie Pride Red Angus to use on heifers. He has turned out better than even expected. The calves come nice and easy, and hit the ground running. They all look the same and are made with a very attractive look to them. Just wait till you see them and then you will understand. He passes on the same calving-ease and easy-keeping ability to his sons and they have good growth as well, yet maintaining a moderate frame.

Cash 2R offspring continue to demand attention across the world. They are early maturing with high performance and great hair. Known for extreme early growth (WW EPD 82, top 4%), extreme low maintenance (ME EPD -12, top 5%) and Rib Eye Area (0.73, top 3%). Cash has sired many champions in the U.S. and Canada including a Grand Champion female in Denver, and a \$32,000 daughter at the Red Roundup. We are very impressed with not only the bull calves sired by Cash 2R, but also his daughters. The bulls we are offering in this sale are the result of the exclusive semen package purchased in 2012.

*Herd Bull Alert! This big guy has all the qualities of what a great herd bull should have. He is very easy fleshing with tons of depth of body, length, wide over the back, nice head, good feet, without too much frame. He is one soggy dude! His dam is an absolute power house and she is very moderate framed with a great udder. He will sire great steers or bulls and great females. He had the 3rd highest weaning and yearling weights. Check out his low maintenance numbers. Pounds equal money and when you can do it cheaper and get the same gain, you make more money. He will sire calves that will do that for you.*

Lot 2

*Another Herd Bull Alert! He is about identical to lot 1. Easy fleshing, lots of depth of body, wide over the back, nice narrow head, good feet and bone structure to him and not too much frame. Out of a great moderate framed cow, with an excellent udder (MPPA 102). He had the 2nd highest weaning and yearling weights. Mega bucks is his name because that is what he will add to your calf crop.*

Lot 3

*We should have named this bull "Extra", because that's exactly what you get with him. Extra frame, extra length, and extra pounds. He is out of an exceptional dam (MPPA 105), with an excellent udder, that always raises a good big calf. He had the biggest weaning and yearling weight out of all the calves. He will definitely add extra pounds to your calves. Don't be afraid of the birth on him, his dam calves very easy, he was just extra long when born, he won't be a hard calver.*

*Herd Bull Alert! This is one of the deepest bodied bulls I have ever seen or raised! He is long, wide over the top, deep from his girth to his flank, dark red, has nice narrow head and excellent feet and legs. His Dam(MPPA 103) is a bigger framed broody cow, with a great udder, very correct structure. He has excellent actual numbers and great EPDs that match.*

This bull has been a standout all year. He just has that herd bull look, lots of muscle and depth of rib, with a big hind quarter all in a dark cherry red package. His dam (MPPA 103), is dark cherry red with tons of depth of rib to her and an excellent udder to her. A very low maintenance bull that will add pounds to your calves using less feed!

This is the only New Direction son we have. We AI'd just a few cows to sample him and see how the calves were and they are very nice. We sold a New Direction daughter at ND Red Select Sale last fall and got \$4000 for her. They are long and deep and have lots of eye appeal to him. He is out of a really nice cow. We will AI to him again.

This is the only Smash calf we got this year. We have used him in the past and really liked him and the daughters that we have are great mothers and milk very good with nice udders to them. He is very straight and square just like his mother. He will sire some great steers and his daughters should make some really nice cows.

This is one solid stout made calf. He is very moderate in frame but lacks nothing in shape, style, length, hind quarter, or pounds. He will catch your eye! His dam is an own daughter of Indeed and has lots of maternal on top and bottom of his pedigree. He will do a lot of good for any program!

This calf is very long with a moderate frame to him. He is out of a bred heifer that we purchased from the Broken Heart Ranch at the ND Red Select Sale for \$8,750. She is a beautiful bigger framed heifer that is very correct and deep bodied. He is out of the Feddes Cougar bull that they purchased to use on heifers and they have been very successful with. He comes from a great program so take advantage of the opportunity here. Excellent EPDs on him.

This calf is a full brother to last year's high seller. He is very similar to his brother. Nice rich red color, thick made with some length of body and good hind quarter, wide over the top and nice head to him. He will sire some great steers or replacement heifers. We used his brother some last year as we had kept part interest in him and we are getting calves out of him right now. They are very nice, moderate birth weights and lots of pep to them.

Another long bodied bull with lots of eye appeal! He's the right shape, should be an easy calver with some nice balanced EPDs. His dam's MPPA is 103.4. Kodiak sold at Brylors for \$57,000 for half interest that we bought a semen package on.

Another really big boy especially for his age. A really long, deep, smooth made calf out of a big framed cow (MPPA 103.4). If you want to add some frame to your calves, here you go, they will grow and feed good.

Here is one of the youngest calves in the pen, but you would never know it. His has lots of frame and length. He will add some pounds to your steers and he is out of a great older cow. He was too young for an adjusted yearling weight but we will have that information on sale day.

Nice calf but really young, but going to be a very nice bull. Straight and correct out of a good uddered cow (MPPA 105). He was too young for an adjusted yearling weight but we will have that information on sale day.

### What about birth weight and calving ease?

University studies in Wyoming and data from Montana and Colorado lend credence to the following conclusions:

1. The birth weight itself influences calving ease by 65%.
2. The female has 60% to 70% influence on the birth weight of her calf.
3. The bull has 30% to 40% influence on the birth weight of his progeny.
4. Pelvic measurement and angle, as well as the shape of the calf has 35% to 40% influence on calving ease.
5. Length of gestation greatly affects birth weight. A fetus can gain over 1 pound per day in the last days of gestation.
6. Weather and temperature the last 30 days affect the length of gestation.
7. Size and maturity of the heifer influences calving ease.

This big guy is supper easy fleshing and has lots of frame and length and very deep. He has a little cross breeding in him but is 15/16 Red Angus. The steers will be awesome out of him and his dam has a perfect udder so his daughters should be really good as well.

LITTLE DUSTY DOG  
MAY LADY BESS

"Bruiser" is a jet black 14.3 hand, very gentle yet very capable gelding. He was started as a 2-year-old and was my main ranch horse as a 3- and 4-year-old. I have doctored calves in the pasture on him, stepped off while tied on (he will work the rope), had calves in the saddle with me, and opened gates. He is quiet to ride around and would work for anyone in the family. He is started healing out of the box and really tak-ing to it. He is not a slow poke but is not a rocket either. He is smooth to ride and good to be around, and has good feet. No buck.

FIRE WATER FLIT  
CHICAGO BUG  
TEPA JARO BEE GOOD  
MS WESTERN BELL

"Fireman" is a dapple grey 14.3 hand, very stout gelding with a baby doll head. He is big boned and has good feet. He is very athletic and quick footed. He was broke as a 2-year-old and then only got rode for a month in the fall as a 3-year-old rounding up cows. He was used on and off as a 4-year-old and has had about 5 months of professional training starting last fall. He will spin and stop really nice, has been start-ed on the heal-o-matic roping. He is quiet but has a lot of go. No buck.

**Also have a few young colts, 2-year-olds and 3-year-olds not started available private treaty and will be available to view on sale day.**
