Welcome to Klain Simmental Ranch's 30th Annual Production Sale!

Tyler, Darcy, Trey,
Durnell and Dalyce Klain

It is with great appreciation and gratitude that we welcome you to our 30th annual production sale. 2011 has been another great year in the cattle business, but not without its challenges. We have seen the price of corn, hay, fuel and inputs all rise. We need to keep these bulls and females easy fleshing, moderate, sound, fertile and functional to succeed in our extreme environment.

Our cows here at Klain Simmental, are raised on native grass pasture with no grain supplement. We adhere to very strict culling practices for convenience traits such as polled, moderate frame size, quality udder structure, disposition and calving ease. We also put a lot of emphasis on profit traits, growth, milk, marbling, feed efficiency, tenderness, rate of gain, fertility and longevity. With the commercial producer in mind, we offer the entirely polled, powerful, balanced traits for a useful and efficient set of cattle. This offering of cattle are the most balanced and complete set of cattle, with emphasis on fertility, performance and balanced EPDs, that we have ever brought to town!

We invite you to stop in at the ranch to visit and view this great offering of bulls and females-the coffee is on!! Cattle will be available to view at the sales barn on Friday the 3rd. We look forward to seeing you on Saturday, February 4th to have dinner and view the best bull and female offering ever.

Thank you for your interest in our program and genetics.

Durnell, Darcy, Tyler, Dalyce and Trey
