

# Leland Red Angus ... Paying attention to details.

#1115971

## 5L Red Direction 691-6046

*An easy-fleshing, meat machine with great feet, quiet disposition and super daughters.*

**And it all starts  
with working-class  
herd bulls.**

#1244957

## Leland Right Direction 8242U

*A powerful Red Direction son that stamps his progeny with performance and detailed quality. His sons have exceptional thickness and fleshing ability.*

#1187177

## 5L Cold Sign 551-6337

*Some bulls do about everything right without any hiccups. Cold Sign covers all the bases from calving ease to the dinner table, leaving top daughters on the way.*

#557331

## Glacier Chateau 744

*Chateau-sired cattle are still hitting the mark. He is a time-tested female maker with low BW and muscle.*

Any program can breed cattle by the numbers using computer generated evaluations ... but how many select for the details beyond the numbers? It's been said, "the devil is in the details."

For several decades, the Leland Red Angus cowherd has been genetically scored for economic traits not measured by the computer—structure, feet and legs, udders, disposition, fleshing ability, motherhood and storm survivability on the range.

**There is a difference!**

# A Sample of Bulls Offered in the 2012 Leland Red Angus Sale

These cattle are range calved and raised on dryland native pasture with no creep feed or preferential treatment. The ranch performance test is designed to maintain

their future function with a full guarantee. The bulls listed on this brochure represent the higher performing bulls. Many low-birthweight heifer bulls are not listed.

A complete sale catalog will be available by late February and will also be posted on our website:

[www.lelandredangus.com](http://www.lelandredangus.com).
