

Discover Lowlines

WEEKEND

Great Friends | Great Cattle | Great Fun!

Friday and Saturday,
June 6-7, 2014

On the ranch, Bismarck, ND

Featuring our mature fullblood
cowherd dispersal, every fullblood
female 6 years and older sells.

Effertz EZ Ranch Discover Lowline Weekend

Welcome to our Mature Fullblood Cowherd Dispersal and the Discover Lowlines Weekend!

This has been a paramount year in the awakening of the American beef cattle industry to the contribution that Lowline genetics can have to real world commercial beef production.

First, the Chain Ranch heifers win the National Western Commercial Heifer Show with a set of halfblood Moderator Plus heifers sired by our 2006 National Champion Little Joe 305R. They competed and won over the Angus, Red Angus, SimAngus, Balancers and several other breeds of commercial heifers in the pen of ten non-fitted competition. They were described as the most uniform, well-muscled and best natural-breeding-body-condition-scored heifers in the show. The National Western sale manager stated that they were ideal weight for western ranches, especially those who have been challenged by the drought since they weighed 730 pounds at the January show and should mature to be 1100-pound

**Neil & Jan Effertz

cows.

Second, in his sale catalog, Kirk Duff of Duff Cattle Co., Hobart, OK, stated, "After many sleepless nights over the last 20-plus years of using multiple registered Angus sires, I finally came to the realization that there had to be a better way to calve heifers. Just like many of you, in order to minimize the loss of baby calves out of first-calf heifers, I lived with them. I would move them in close to the barn and check them round the clock night and day and be plum worn out by the time calving season was over. Three years ago, I finally decided there had to be a better solution to this madness. So I began a search for the best low-maintenance, easy-calving Angus genetics available to use on my virgin heifers. After countless hours and many miles, we came across some quality Lowline Angus. Over the last three years, the result has been very satisfying. Here at Power Plus, we have calved over 200 head of virgin heifers bred to Lowline Angus bulls. Additionally, we have supplied hundreds of straws of semen, and we also leased out numerous Lowline Angus bulls to several of our long-time commercial customers in order to test the results over a larger number of cattle in multiple states. We no longer bring our heifers up close to the barn to calve them; they stay out on grass just like the cows during calving. We only check them once a day to tag babies. Birth complications have been minimal, as the birth weights have ranged from 50 to 69 pounds. The calves are vigorous and grow very well. The two lines of Angus genetics are so distantly related, when mated together the result has added hybrid vigor. We have harvested over 100 head of the calves thus far. They have finished on 30% less feed and in considerably less days while also achieving a high percentage of Choice and Prime."

Kirk Duff states about his halfblood Lowline bull, Trust Me, "I can't say too much here! I'll bet this bull will sell more semen before it's done than any other P+ sire has to date!" This is, without question, one of the best bulls ever produced at Duff Cattle Company. He is very complete and well balanced and will sire great, low maintenance females in any breed. Trust Me outperformed all of the other fall bulls, even the purebred Angus bulls! How can you argue with that? Low birth, performance and tons of eye appeal. The bull subsequently sells for \$85,000 for half interest and no possession.

These two events have stimulated the awareness of Lowlines to commercial cattlemen, especially in the southwest, like no two other events that have ever occurred. Many cattlemen are still unaware of these events and are amazed at the description when you tell them about it. It's exactly what we Lowline breeders have been saying for years about our Lowline cattle but many have not stopped long enough to really listen to our words and really think about what they truly mean.

We are seeing unprecedented inquiry about Lowlines. A number of you are new to the breed. If we can help answer any questions about the breed or getting started please let us know. We welcome you here to our ranch in Bismarck. If there is anything we can do to assist you in any way please ask.

It is certainly with mixed emotions that we offer these terrific fullblood females for sale as they have been the backbone of our breeding program and each year we look forward to the calves we will get out of these special cows ... almost like they are part of the family. They have been great producers for us and now they can contribute to other breeding programs around the nation. To complement these outstanding fullblood females we have added a number of top-notch percentage Moderator females with a wide variety of percentages, colors and styles. You will see these fullblood cow families represented in our percentage cattle as well as may have produced herd bulls that we have used successfully in our upgrading program.

We have a very nice assortment of bulls in a variety of percentages and ages to suit your needs. If we can help you with your transportation needs just let us know.

2014 National Western Stock Show Champion Pen of Commercial Heifers, halfblood Lowline heifers sired by Little Joe and exhibited by Chain Ranch, Canton, Okla. Pictured (L to R): Jerry Adamson, Abbey, Amanda and Newley Hutchison, Neil

This is our 8th annual sale and once again we will have a Lowline Breeders Seminar on Friday afternoon which is always educational and entertaining. This year we have Dean Pike, the Director of Breeders Services coming to do his Power Point presentation on "Marketing Your Own Lowline Beef" and, back by popular demand, are "The Effertz Girls'" presentation on preparing Lowline beef. We know you will enjoy that one especially when you get to taste the result of their work. Plan to stay for supper. For those of you familiar with the Embassy Suites during the National Western, Jan has Maria's recipe for Sangria and will mix up a batch.

Once again thanks for your interest. Please come to the ranch and don't hesitate to ask us if we can help in any way.

All the best,

Neil and Jan Effertz and Family

LOWLINE Sale Information

Saturday, June 7, 2014 • 1 p.m.

On the ranch, Bismarck, ND

Sale Day Phones: 701-223-5202 • 701-471-0153 • 701-471-0152

OFFERING 69 LOTS OF LOWLINE CATTLE:

26 Fullblood Females, featuring our mature fullblood cowherd dispersal. All fullblood females 6 and over will sell, including our top donors...what an opportunity!
18 Percentage Females, bred or with calves at side
15 Open Percentage Yearling Heifers
10 Bulls

BREEDING PRIVILEGES:

For each EZ female lot purchased, the buyer will be entitled to two straws of semen from an Effertz EZ Ranch herd bull for use on that female. The certificate to register one calf out of the female purchased at the sale will be provided to the buyer at no additional cost. For more details, refer to Page 20.

DIRECTIONS TO THE RANCH:

Effertz EZ Ranch is about 16 miles north of Bismarck, ND on Highway 1804. From Bismarck, take Highway 83 north for 4 miles to the junction of Highway 1804. Stay on Highway 1804 for 12 miles as you go west then north along the Missouri River. The ranch is on the west side of the road between mile markers 95 and 96.

AREA MOTELS:

Rooms are being held at these convenient area motels:

Kelly Inn
1800 N 12th St. • Bismarck ND
701-223-8001

Americinn Lodge and Suites
3235 State St. • Bismarck ND
701-250-1000

Rooms are scarce in Bismarck. Please make your reservations by May 25.

SPECIAL REPRESENTATIVES:

KRIS PETERSEN, CATTLE BUSINESS WEEKLY
701-339-0305 CELL

DEAN PIKE, AMERICAN LOWLINE REGISTRY
303-810-7605 CELL

If you are unable to attend the sale and would like to discuss the sale cattle, we urge you to call Dean Pike. He is an experienced cattleman and field representative and a valuable resource for Lowline breeders. He will discuss the sale cattle with you and help you with your selections. You are also welcome to call Kris Petersen or Neil.

VIDEO AND ONLINE UPDATES:

We will have video of most of the sale cattle on our website www.loala.com by May 25. We will also update the online supplement sheet with calving and breeding dates. Check the website often for new information.

ABSENTEE BUYERS:

The sale will not be webcast. If you cannot attend the sale and would like to purchase cattle please contact Neil, Dean Pike or Kris Petersen. We will have several people available to bid for you on the phone if you would prefer that. Call us ahead of the sale to make arrangements.

HERD HEALTH:

Weaned open heifers and cows have all been calfhooed vaccinated for bangs. The open heifers have had our preweaning vaccination program of Virashield 6 plus Somnus and Ultrabac 7. Post calving, the cows have had Bovashield Gold FP5-VL5. All cattle have been poured with a generic ivermectin for insects. All calves have been vaccinated with moraxilla bovis for pinkeye.

TRUCKING:

We will assist buyers in coordinating transportation.

INSURANCE:

Livestock insurance will be available at the settlement desk for those buyers wanting to insure their purchases. We ask any buyers who leave their purchases at the ranch more than a day or two to insure them.

8th Annual Discover Lowlines Schedule of Events

FRIDAY, JUNE 6

1:00 P.M. CATTLE READY FOR VIEWING

4:00 P.M. BREEDERS' SEMINAR

As we attend seminars and meet with leaders in the grass-fed beef industry, we have heard over and over that some of the best females to use in a grass-fed operation are percentage Lowline cows and our own experience confirms that. We hope you can join us for an afternoon of interesting topics of particular interest to Lowline breeders, addressed by engaging experts in their field. It's a great time to network with fellow breeders and then enjoy a Lowline beef supper. Please join us!

Dean Pike, Director of Breeder Services will present "Marketing Your Lowline Beef"
Dean has a lifetime of experience in the purebred cattle business and is a valuable tool to Lowline breeders.

Back by popular demand!

"The Effertz Girls" know that one of the best things about raising Lowlines is eating Lowline beef. Join Kate, Sarah and Abbey for cooking demonstrations, tasting grass-fed Lowline beef and ripples.

6:00 P.M. LOWLINE BEEF SUPPER & SOCIAL

SATURDAY, JUNE 7

10:00 A.M. PRE-SALE HOSPITALITY

Have a cup of coffee, look at the sale cattle and visit with fellow cattlemen.

11:30 A.M. LOWLINE BEEF LUNCH

1:00 P.M. 8TH ANNUAL DISCOVER LOWLINES SALE

Following the sale be sure to stay for ranch tours and supper. It's time to relax!

Bonanza's Boxcar 3Y

Boxcar in August 2013 after breeding 45 heifers.

Boxcar was 2012 National Calf Champion and National Reserve Grand Champion Bull where he was a favorite of judge Jary Douglas who called him "the most complete bull we've seen." He has matured into a beef machine. He is full bodied, big topped, deep quartered and incredibly structurally sound, and stays in excellent breeding condition after heavy use. His calves are developing into some of our best replacement heifers. Co-owned with Grassline Cattle Co.

Here is an exciting red gene carrier fullblood bull. This level-hipped son of Bluey has the ideal phenotype to optimize forage-based feed production, sought-after show calves and is siring above-average growth rate in his calves. His dam is the mother of the 2008 National Champion Female and Reserve National Champion Females. His calves look great.

Rudy's calves are testimony to the fact that he might be one of the best all time red fullblood breeding bulls in the Lowline business. His calves exhibit muscling and eye appeal that is harder to find in most red fullblood progeny. Co-owned with Kings Pointe Lowlines.

Maggie was the popular 2006 National Champion Female and a great producing daughter of one of the breed's strongest maternal lines, EZ Magnum 72J. Her udder quality and powerful yet smooth muscling make her a donor cow that will not only produce show winners but prepotent beef producers as well. She has already produced three herd bulls for prestigious Lowline herds and has averaged over \$8,000 on every calf she has produced. She's a great granddaughter of the Perfection H002 cow who has produced so many winners and outstanding donor cows over the years. She produced 9 good grade 1 embryos in her last flush.

Lot 10A: Black purebred bull calf EZ703B born 4/16/14 sired by EZ Buster 303U, BW: 60#.

Here's Tootsie, a great Lisbon daughter out of the No. 1 dollar-generating cow ever in our herd. She has a son in the Alturas Ranches herd in California. She is a superbly well-balanced and well-muscled young cow that would never be ordinarily offered for sale. She has a purebred herd sire prospect at her side by EZ Buster that is going to be a powerful individual that should breed true and bring all of the best Lowline traits to his offspring with a little added growth. He is big topped and has loads of muscling in his hind quarter and a very stylish look.

Lot 11A: Black fullblood bull calf EZ20B born 4/23/14 sired by Boxcar, BW: 48#.

This young Olivia cow is out of Lisbon's dam and sired by the great Australian sire, Neron. Her Boxcar bull calf pretty spectacular. She has produced a top heifer calf that is in the Rich Marziale herd in Arizona. Her dam was many-times Grand Champion Female at many of the early Lowline shows and was the biggest female in her calf crop. Powerful, deep bodied and loaded with desirable carcass DNA markers is the best way to describe Olivia.

EZ Livvy is another strong-made, easy-fleshing daughter of the great Olivia 15G cow that produced so many great females for Adam Tveeten in Colorado that went on to have a great influence in the Bonanza herd in Washington state. She has produced a heifer in the Lee Lewis herd in Maryland and one that sold to the Dave Ditmer herd in Ohio. She is another cow that has a tremendous amount of earning potential as a donor cow and is a paternal sister to Maggie 33P and Lady Luck 51N. As my friend in Canada says, "There's 'Power in the Blood!'" Not one that would be normally ever offered for sale. She is due to Prince 6/29/14. Our vet says probably a heifer calf.

Here's a great-looking and top-producing Lisbon daughter out of the terrific show heifer Scarlett 018K. She raised one of our top herd bulls last year, now in the Ed and Carlena Quinn herd in Montana. Her dam was a beautiful, well-balanced show heifer with a world of beefiness to her composition. Deep, soft and powerful yet in a very feminine way – a rare quality in some well-muscled cattle. She should have a powerful Jackaroo calf. Remember that a Jackaroo son topped the Lowline Supreme Sale for \$30,500 last December! She could have a great one – bull or heifer! She was AI bred to Jackaroo on 4/30/14.

I don't know if you could sit down and just write up a nicer pedigree. All the way back to her fourth and fifth generations she stacks the very best Lowline genetics we have ever seen all wrapped up in one sweet package. And to top it off this Boxcar mating should be a sure winner on this fine, young first-calf heifer. She's due to calf about on her second birthday and will no doubt mature into a wonderful cow that is a certified donor prospect with this fine breeding. She is due to Boxcar in May.

Angus

Prissy is a nice-made 3/4 blood that had the misfortune of losing her calf in a storm early this year. She will have an early calf next spring and is out of an exceptional halfblood cow. She has sisters in the Northeast Lowlines herd in Vermont, the Dave Gretencord herd in Iowa, and the Cody Skor herd in Williston.

LOWLINE *Breeding Privileges*

Each female lot in the sale sells with breeding privileges to our Effertz EZ Ranch herd bull battery. Effertz EZ Ranch will provide two straws of semen and one AI certificate for one calf out of the cow purchased in the sale. The shipping costs for the semen will be the buyer's responsibility. Buyers are welcome to bring their semen tanks to the sale and pick up semen then.

Because of extremely limited supply, semen on Beau Lad, Lexus, Utah and Gus will not be available for breeding privileges, and Jackaroo semen is not available for breeding privileges.

Pictured here are many of our herdsires. Complete pedigrees are available on our website www.loala.com or call us for more information.

Semen is available on many of these bulls for \$25/straw. Legend semen is not available for sale. If you need to purchase semen and want to save shipping expenses, call ahead so we are sure we have what you need here in our tank and you can pick it up sale day.

LOWLINE *Terms and Conditions*

Terms: Terms of the sale are cash or check payable immediately upon conclusion of the sale and before animals will be moved. Seller will reserve the right to require a certified check as settlement before releasing any cattle.

Insurance of Purchases and Risk: All animals are the seller's risk prior to their sale and become property of the buyer as soon as declared sold by the auctioneer. Arrangements will be made to have insurance available when making settlement. Cattle left at Effertz EZ Ranch after the sale must be insured by the purchaser.

Bidding: All animals sell to the highest bidder. Any disputes or challenges regarding bids will be settled by the auctioneer and his decision will be final.

Health Papers: Our vet will be on hand to write interstate health certificates.

Registration and Transfer: All animals sell with registration papers from the American Lowline Registry and will be transferred after the sale at the seller's expense.

Announcements: Any errors or changes of information contained in the catalog will be announced from the auction block and such announcements shall take precedence over information contained in the catalog.

Breeding Guarantee: Bred females in the sale have been pregnancy examined by a veterinarian and found to be safe in calf. Bred females and females with calves at side are considered to be breeders and no further guarantee applies. The open heifers selling are guaranteed to be breeders. If a female appears to be a non-breeder within 6 months of the sale (or within 6 months of when

she reaches breeding age) she may be returned to the seller at the buyer's expense. The seller will then reserve the right to prove the animal a breeder within a six month period, using any fullblood registered Lowline bull of his choice through AI or natural service. If successful, seller will return animal to buyer, again at buyer's expense. Should the animal fail to prove a breeder, the seller at his option may either return the purchase price to the buyer or replace the animal with another of equal value in full settlement and satisfaction of all claims. In no event shall the seller be responsible for more than the purchase price.

In case the animal in question should develop to be a problem breeder due to negligence or improper management by the buyer or if the female has been subjected to any hormonal or surgical reproduction techniques, the seller's guarantee does not apply. No guarantee is given that bred females will deliver a live calf. No guarantee is given that a female will produce eggs suitable for transplant.

All bulls are semen tested. No guarantee is given that a bull will produce semen that will freeze.

Liabilities: All persons who attend the sale do so at their own risk and Effertz EZ Ranch assumes no liability for any accidents that may occur. Neither does Effertz EZ Ranch assume any liability for loss or injury to livestock due to theft, mysterious disappearance, sickness, improper handling or Act of God.

Contract: The above terms and conditions shall constitute a contract between the buyer and the seller of each animal sold.

Mail bid: Mail or wire bids may be furnished. Bids must be in the hands of the sale staff in ample time prior to the sale and will be handled in strict confidence.
