Denise and Mitch Larson

At Damar Farms, we hold the highest standards of bull performance. To achieve our standards, we use the best genetics possible, and, year after year, have continued to improve our herd. We breed for the best calving ease, growth and carcass traits. We are extremely pleased with the bulls we have to offer you this year. As you look through our offering, you will see we have met our high standards yet again.

We kept all of our bulls in Wisconsin this year. Starting with 400 bulls, we knew at weaning it would be difficult to decide which bulls to keep. Ultrasound testing confirmed our choices. All of the bulls have been semen checked and are guaranteed sound. You can buy with confidence from this offering.

A big thank you goes to "Doc" Hehli for allowing us to keep working with the cattle here at Damar Farms. We also want to thank our crew whose hard work makes this sale possible.

Thank you for allowing us the opportunity to present and sell you our genetics.

We look forward to seeing you on sale day.
