Welcome to Cedarflo Angus Ranch's annual production sale. Thank you for giving us this opportunity to showcase our work from the past year. In the coming pages you will find a diverse set of genetics that have the ability to achieve your intended goals.

Every year is unique, never is one just like the last. With an ever changing environment, we can draw confidence from the little things that maintain their consistency. As always our animals are raised on mother's milk and grass, not creep fed. Upon weaning, they are fed a growing ration, high in roughage. We prefer to grow and maintain an athletic animal that will be ready to work when time comes. These are the staples of animal health and nutrition at Cedarflo Angus, and hopefully you will be able to depend upon this consistent and proven formula.

Yearling and ultrasound information will be available sale day, along with sale order. If you have any questions regarding the content in the coming pages, please don't hesitate to call, text, e-mail or swing by the ranch. Visitors are always welcome.

The animals will be at the ranch until Monday February 22 at which time they will be taken to Lemmon Livestock. Unable to make it sale day? You can watch and bid online by visiting www.lemmonlivestock.com and register with CattleUSA.com, their online bidding service. Bids will also be taken by phone. Please contact us ahead of time if we can help with any part of the process.

In closing we would like to acknowledge the passing of Stanley Laufer. Stan was a man of faith and family, we were just lucky to have him as a friend and neighbor. Thanks for everything, you are missed.

All females sell as purebred, unregistered animals. Registration papers will be available at an additional cost by contacting us after the sale.

The American Angus Association's policy of not providing EPDs for unregistered animals prevents us from supplying EPD information for them. Further information will be provided, including EPDs, if the buyer(s) choose to purchase registrations.
