Dear Friends,

For all things there is a season ... Bull sale season is typically in the spring – even at Red Hill. We are thankful for your support and purchases at our past eleven spring bull sales and look forward to next March! However, we recognize many of our commercial bull buyers calve in the fall and are in need of bulls to service their cows this time of year. For the second year, we are offering a select group of bulls on October 29th to help meet our commercial customers' needs.

When you buy a bull from Red Hill to breed your cows, you are purchasing part of the Red Hill program – a program that measures success by your profitability. Red Hill cattle have been selected to improve economically relevant traits with a goal of optimizing the practicality and profitability for our commercial customers. We focus on documented breed leading production traits while maintaining phenotypically pleasing cattle. Even so, our program doesn't stop at the animals we sell. We believe in the importance of offering services to our customers – services that will increase the value of your herd. Ask us about the services we offer!

There are a couple of important items that are different from our March sale. The sale will take place at 10 a.m. at the 'home farm' tobacco barns – 2070 Wheeley Springs Road, Lafayette, TN. The sale bulls have been sorted and are available for viewing anytime. Just let us know when you would like to come and take a look. We will not be offering free delivery for bulls in this sale. We will make deliveries at cost. We encourage you to bring your trailer for load out on sale day. However, if you are out-of-state and interested in bringing your trailer, please call us to make sure that your state will allow for transportation on sale day – without further health testing.

A major reward of the seedstock business is the opportunity to enjoy the friendship and fellowship of our customers and fellow breeders. You are always welcome to visit our farm to study our cattle and their production records. We intend to collect the most comprehensive data set in the industry – from birth to rail to cowherd records – and share all the information with you, the customer. Please review our sale offering and contact us if you have questions. We hope to see you on October 29.

When it is time to sell a particular animal, we will ask those interested to hold up their buyer number. If only one number is in the air, the animal will be sold at the base price to that individual. If there are multiple numbers in the air, we will gradually raise the price until one number remains. If there is a tie (last two bidders drop out at the same time), the bid is given to the buyer with the lower buyer number. The other bidder may raise the bid by \$250 if he wishes to stay in the auction. We intend for this to be a simple, low-pressure sale for the benefit of all involved.
