REFERENCE SIRE

3SCC DOMAIN A163

Domain's extreme breed popularity is well deserved. After being used all over the country, his EPD proof has impressed us even more. He has extremely high maternal values with above-average growth and exceptional carcass values. His daughters in production are phenomenal. Domain is also improving feet and udder structure. He was the No. 1 Red Angus bull for sales at Genex last year. Owned by Sonstegard Red Angus, MN, Koester Red Angus, ND, & Genex.

KOESTER red angus

For the first time ever, we are offering bred cows from our program. These are cows that will be calving in late-September or October and our Northern winters are simply too harsh for young calves born during that time frame.

These cows are sired by and bred to some of the leading sires in the Red Angus breed, and have raised some top-selling bulls for us.

C Diamond

WS Beef King W107, sire

Koester Ms Merlot 312

Koester Sonofadickens 741, son, sold for \$6,000

Koester Destiny 806, dam of 312

They were pregnancy ultrasounded on Feb. 17, 2019, and are on a full vaccination and health protocol. Most of them have been GGP-LD genetic tested and parent verified, and those that qualify as high-growth and high-carcass cows are designated with the Top Dollar Angus logo.

Please contact us for more information.
