Jamestown Livestock • Jamestown, ND

0032 – 0032 has caught a lot of attention from anybody that has walked in the pasture and pen. This great LT Affinity calf has turned a lot of heads with his wide top, sound structure and rear end like no other. He would work in a purebred herd producing top bulls and show prospects to a commercial herd producing heavy weight calves.

0027 – Here is a bull that comes out of our new red herd sire Keys Ruston. Keys Ruston puts a lot of length and solid structure on his calves. This sire is also very easy going and quiet which passes on to his progeny.

0047 – Keys Progressive 124D added frame and length of spine to the calves he sired including 0047. This Progressive bull is as smooth as one can get. His numbers say a lot as he has a BW of a 0.1 and YW of a 77.

Red and white reg. open heifers for sale private treaty.

0050 – Another long sided Progressive son. These Progressive sons add frame and power. We are liking what we are seeing out of these Progressive calves' docility, feeding, and finishing ability. No commercial man will be disappointed with any of the Progressive bulls.

0058 – Long bodied, practical kind of a bull that's made to last and has plenty of shape. Some of the top bloodlines in the breed that have proven themselves to work.

0060 – You won't find another bull that is stouter or deeper than 0060. 0060 goes back on its maternal side to the great Trigger cow family that has left her mark in our herd. Look for him to leave mass and volume in your next set of calves.

0095 – This calf may be the youngest calf in the sale. But you will be impressed with what he has to offer. He has the look to show but also the muscle and top to put in your next calf crop.

0052 – These Ledger calves do it year in and year out. They are stout made, big footed and square hiped. His momma is one of our top producing cows in our herd that always adds style to her calves.

0040 – LVB Red Wolf 0040 is out of a stellar Trigger daughter that does a great job for us every year. This bull has the thickness and depth of rib any cattlemen would like. He should not only sire outstanding females but produce steers that dollar up on sale day.

0046 – We have combined Ledger and Gridmaker again to produce another great one. 0046 is deep ribbed, big footed and as sound as one can be. Look for him to cover some ground during breeding season.

0014 – A Ledger son that is long bodied, good muscled, and sound that will cover cows and that will put growth, power, and look into his calves.

26th Annual POWERHOUSE Sale

TUESDAY, FEBRUARY 16, 2021

1:30 p.m. – Jamestown Livestock

You can view this brochure at:
www.cowcampcatalogs.com

Please bring this brochure with you on sale day.

0001 – Take a look at this Forman calf if you're looking for a heifer bull. His numbers show it all -2.0 on BW, 70 on YW, and 10 on Milk. You will be getting small calves at birth but heavy weights at weaning time.

0064 – A Progressive son that has a lot of power and is good structured. He will add pounds to your steers and heifers for replacements.

0006 – A Red Wolf calf that is packed full of red meat. He's built like a brick house but can get out and move. He will be the kind that keeps coming back every fall just as thick and deep as he left in the spring.

0087 – We can't say enough good things about these Progressive calves. The power these Progressive calves have is unbelievable. Thick topped, big butted and disposition like no other.

We celebrated Grandpa Harvey's 90th Birthday in August and we will celebrate Harvey and Arlene's 70th Wedding Anniversary in March. We wish you many more years of love and happiness. Thank you for all the love and support through the years.
