*"Very good docility and very easy to work with. I definitely like the way the bull was built! He's probably the best bull we have had in the 46 years of having cattle!"*

*– Les and Sandy from Brainerd, MN*

*"I have rented from Casey for three years. The bulls have been great with docility, calving ease and big-time growth with the calves outgrowing their mother by weaning! Casey has a lot of bulls with all kinds of EPDs. I would highly recommend renting from him."*

*– Brendan from Millersville, MN*
